A. The Commission shall exercise its rulemaking powers pursuant to the criteria set forth in this Article and the rules adopted

thereunder. Rules and amendments shall become binding as of the date specified in each rule or amendment.

B. If a majority of the legislatures of the member states rejects a rule, by enactment of a statute or resolution in the same manner used to adopt the Compact within four (4) years of the date of adoption of the rule, then such rule shall have no further force and effect in any member state.

C. Rules or amendments to the rules shall be adopted at a regular or special meeting of the Commission.

Public notice of any revisions shall be posted on the website of the Commission. The revision shall be subject to challenge by any person for a period of thirty (30) days after posting. The revision may be challenged only on grounds that the revision results in a material change to a rule. A challenge shall be made in writing, and delivered to the chair of the Commission prior to the end of the notice period. If no challenge is made, the revision will take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the Commission.

Oversight, Dispute Resolution, and Enforcement

A. The provisions of this Compact and the rules promulgated hereunder shall have standing as statutory law.

B. All courts shall take judicial notice of the Compact and the rules in any judicial or administrative proceeding in a member state pertaining to the subject matter of this Compact which may affect the powers, responsibilities or actions of the Commission.

C. The Commission shall be entitled to receive service of process in any such proceeding, and shall have standing to intervene in such a proceeding for all purposes. Failure to provide service of process to the Commission shall render a judgment or order void as to the Commission, this Compact, or promulgated rules.

D. 1. If the Commission determines that a member state has defaulted in the performance of its obligations or responsibilities under this Compact or the promulgated rules, the Commission shall:

a. provide written notice to the defaulting state and other member states of the nature of the default, the proposed means of curing the default and/or any other action to be taken by the Commission, and

b. provide remedial training and specific technical assistance regarding the default.

2. If a state in default fails to cure the default, the defaulting state may be terminated from the Compact upon an affirmative vote of a majority of the member states, and all rights, privileges and benefits conferred by this Compact may be terminated on the effective date of termination. A cure of the default does not relieve the offending state of obligations or liabilities incurred during the period of default.

3. Termination of membership in the Compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the Commission to the Governor, the majority and minority leaders of the defaulting state's legislature, and each of the member states.

4. A state that has been terminated is responsible for all assessments, obligations and liabilities incurred through the effective date of termination, including obligations that extend beyond the effective date of termination.

5. The Commission shall not bear any costs related to a state that is found to be in default or that has been terminated from the Compact, unless agreed upon in writing between the Commission and the defaulting state.

6. The defaulting state may appeal the action of the Commission by petitioning the U.S. District Court for the District of Columbia or the federal district where the Commission has its principal offices. The prevailing member shall be awarded all costs of such litigation, including reasonable attorney fees.

E. 1. Upon request by a member state, the Commission shall attempt to resolve disputes related to the Compact that arise among member states and between member and nonmember states.

2. The Commission shall promulgate a rule providing for both mediation and binding dispute resolution for disputes as appropriate.

F. 1. The Commission, in the reasonable exercise of its discretion, shall enforce the provisions and rules of this Compact.

2. By majority vote, the Commission may initiate legal action in the United States District Court for the District of Columbia or the federal district where the Commission has its principal offices against a member state in default to enforce compliance with the provisions of the Compact and its promulgated rules and bylaws. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing member shall be awarded all costs of such litigation, including reasonable attorney fees.

3. The remedies herein shall not be the exclusive remedies of the Commission. The Commission may pursue any other remedies available under federal or state law.

ARTICLE XI

Date of Implementation, Associated Rules, Withdrawal or Amendment

A. The Compact shall come into effect on the date on which the Compact statute is enacted into law in the tenth member state. The provisions, which become effective at that time, shall be limited to the powers granted to the Commission relating to assembly and the promulgation of rules. Thereafter, the Commission shall meet and exercise rulemaking powers necessary to the implementation and administration of the Compact.

B. Any state that joins the Compact subsequent to the Commission's initial adoption of the rules shall be subject to the rules as they exist on the date on which the Compact becomes law in that state. Any rule that has been previously adopted by the Commission shall have the full force and effect of law on the day the Compact becomes law in that state.

C. Any member state may withdraw from this Compact by enacting a statute repealing the same.

1. A member state's withdrawal shall not take effect until six (6) months after enactment of the repealing statute.

2. Withdrawal shall not affect the continuing requirement of the withdrawing state's physical therapy licensing board to comply

with the investigative and adverse action reporting requirements of this act prior to the effective date of withdrawal.

D. Nothing contained in this Compact shall be construed to invalidate or prevent any physical therapy licensure agreement or other cooperative arrangement between a member state and a nonmember state that does not conflict with the provisions of this Compact.

E. This Compact may be amended by the member states. No amendment to this Compact shall become effective and binding upon any member state until it is enacted into the laws of all member states.

ARTICLE XII

Construction and Severability

This Compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this Compact shall be severable and if any phrase, clause, sentence or provision of this Compact is declared to be contrary to the constitution of any party state or of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this Compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this Compact shall be held contrary to the constitution of any party state, the Compact shall remain in full force and effect as to the remaining party states and in full force and effect as to the party state affected as to all severable matters.

More than one misdemeanor violation in any twelve-month period shall be grounds for the suspension of the registration, and shall cause the person to be ineligible for registration for a period not to exceed twenty-four (24) months after all requirements of the sentence, or deferment of sentence, and probation have been met, including the payment of any restitution or rehabilitative treatment.

D. In lieu of referring complaints of violations of the Roofing Contractor Registration Act to the district attorney for misdemeanor prosecution, the Board in its discretion may issue administrative fines to any person up to Five Hundred Dollars ($500.00) for violations of any provision of the Roofing Contractor Registration Act or its rules or regulations. A person who fails to obtain a valid registration prior to acting as a roofing contractor, or a person who acts as a roofing contractor while his or her registration or commercial roofer endorsement is not in good standing or is suspended or revoked without complying with the required disclosure and option for homeowner to cancel the contract provisions of subsection I of Section 1151.5 of this title, on first offense, may be administratively fined and disciplined after notice and opportunity for hearing before the Roofing Hearing Board. A person who violates any other provision of the Roofing Contractor Registration Act, on first offense within a two-year period, may be administratively fined and disciplined by the Roofing Hearing Board in its discretion in lieu of referral to the district attorney as a misdemeanor, or the matter may be referred to the district attorney. Misdemeanor conviction, guilty plea, or nolo contendere plea due to alleged violations of the Roofing Contractor Registration Act shall be grounds for the revocation of the registration and shall cause the person to be ineligible for registration for a period not to exceed twelve (12) months after all requirements of the sentence, or deferment of sentence, and probation have been met, including the payment of any restitution or rehabilitative treatment.

E. Administrative fines collected pursuant to the Roofing Contractor Registration Act shall be placed in the Roofing Contractor Registration Revolving Fund pursuant to Section 1151.20 of this title.

F. It is the duty of the building official or other authority charged with the duty of issuing roofing permits of any incorporated

G. The Roofing Hearing Board may make application to the appropriate court for an order enjoining the acts or practices prohibited by the Roofing Contractor Registration Act, and upon a showing by the Roofing Hearing Board that the person or firm has engaged in, or is about to engage in, any of the prohibited acts or practices, an injunction, restraining order or other order as may be appropriate shall be granted by the court.

9. Initiate disciplinary proceedings, request prosecution of and initiate injunctive proceedings against any person who violates any of the provisions of the Roofing Contractor Registration Act or any rule promulgated pursuant to the Roofing Contractor Registration Act;

10. Reprimand or place on probation, or both, any holder of a registration pursuant to the Roofing Contractor Registration Act;

All registrations granted under the Roofing Contractor Registration Act shall be suspended on the date of the policy cancellation. The registrar must receive proof of insurance prior to restoring the registration.

In addition, the roofing contractor shall submit proof that the contractor has secured workers' compensation coverage satisfactory under the Workers' Compensation Act, or an affidavit of exemption or self-insurance as authorized pursuant to the Workers' Compensation Act. D. The qualifying party applying for a commercial roofer endorsement must provide information on the legal entity, including, but not limited to, the articles, organizational agreements or documents establishing the legal entity, including a list of the officers, members, managers, partners, or other managing agents of the legal entity. 3. The applicant, qualifying party, or any member of the legal entity fails or refuses to provide any information requested by the registrar;

An applicant aggrieved by a decision of the registrar denying a registration or renewal may appeal the decision as provided in the Roofing Contractor Registration Act, the Construction Industries Board Act, or the Administrative Procedures Act, or the applicant may reapply after a ninety-day waiting period, if otherwise eligible under the provisions of the Roofing Contractor Registration Act. 8. Maintain a registration as required by law in another state while registered in this state as a nonresident roofing contractor; or

9. File and pay all taxes of the qualifying party and legal entity when due in this state.

H. The registrar shall send a written notice to the qualifying party when his or her registration is not in good standing.

I. Any roofing contractor who has been notified by the registrar that his or her registration is not in good standing shall cease soliciting or entering new roofing services and projects as of the date of such notification; however, the roofing contractor shall be allowed to complete roofing projects where actual physical work has begun prior to the date of issuance of the notice that his or her registration is not in good standing. The roofing contractor must disclose the change in standing to any homeowner or other person who has an interest in any job covered under the Roofing Contractor Registration Act. Upon notice of a change in standing, the homeowner shall have the option to cancel the contract. The roofing contractor will be owed the actual cost incurred for materials and the market value of labor already incurred on the job. The roofing contractor must obtain an updated authorization from the homeowner and other parties of interest if there is an agreement to continue the job as originally negotiated. If the roofing contractor fails to correct the deficiency specified in the notice by evidence satisfactory to the registrar within thirty (30) days of the date of the notice, or if the roofing contractor solicits or enters into new roofing services contracts or projects while the roofing contractor's registration is not in good standing, or while such registration is suspended or revoked, the roofing contractor shall be in violation of the provisions of the Roofing Contractor Registration Act.

The roofing contractor may reinstate his or her registration to good standing by paying the required fees provided in Section 1151.12 of this title and complying with all other requirements for issuance of a registration in good standing.

K. Any registrant, qualifying party, or roofing company owner aggrieved by the decision of the registrar to suspend or revoke a registration pursuant to this section may appeal such decision as provided in this act or the Administrative Procedures Act.

A. There shall be a question on the application and renewal forms requiring the applicant to answer under oath whether or not the applicant has been convicted of a felony offense in this state, another state, or any other place, and the nature of that offense upon which a conviction was imposed. The registrar shall provide either on the application and renewal forms or by separate notice a statement describing the requirement under state law to register upon entering this state to reside or work if the person has been convicted of a sex offense.

B. Conviction of an offense shall not disqualify a person from registration as a roofing contractor under this act; provided, the applicant has truthfully disclosed the conviction and nature of the offense.

C. When deemed appropriate, the registrar may conduct a criminal history records search or background check on any applicant or registered roofing contractor and may investigate the information submitted on a roofing contractor application or renewal form; provided, no adverse action may be taken against the person until the person has been notified and given an opportunity to respond in writing.

Added by Laws 2010, c. 479, § 6, eff. Nov. 1, 2010.

§59-1151.7. Roofing contractor registration certificate - Business limitations.

The holder of a roofing contractor registration certificate is entitled to engage in the roofing business within this state pursuant to the provisions of the Roofing Contractor Registration Act, and subject to the following limitations:

1. A roofing contractor's registration certificate number shall be valid and in good standing at the time of soliciting a project and during subsequent job performance;

5. A roofing contractor's registration certificate number shall be submitted when applying for any permit issued by the state, or any of its political subdivisions, for commercial or residential roofing services or projects, if a permit is required by such authority, and shall be written upon each permit issued. Provided, however, no permitting authority shall require a roofing contractor registration certificate as a condition to issuing a permit when registration is exempt pursuant to Section 1151.9 of this title;

6. A roofing contractor's registration certificate cannot be shared or used by any other individual or business entity; provided, however, a business firm, partnership, association, corporation, limited liability company, or other group or combination thereof acting as a unit may be granted a single roofing registration certificate number for use by designated roofing contractors acting as agents for the business entity when the application for registration contained sufficient information on each member, partner, officer and agent and the registrar issued a single certificate number to such persons as a business unit;

7. Upon any change to the name, address, business entity, qualifying party, change in firm ownership of fifty percent (50%) or more of the stock or beneficial interest in the company, or legal service agent of a roofing contractor or upon adjudication by a court of competent jurisdiction for a violation of the Roofing Contractor Registration Act or an act or omission specified in subsection A of Section 1151.14 of this title, the registrar shall be notified in writing within ten (10) days. Any proposed or final

11. Each registrant shall notify the registrar immediately upon receipt of an order imposing disciplinary action upon its registration issued by any other professional regulatory board, in this or any other jurisdiction. Disciplinary action taken against any other professional registration or license held by the registrant in this jurisdiction or any other jurisdiction is grounds for disciplinary action against the registration issued pursuant to the Roofing Contractor Registration Act; and

12. Each registrant shall utilize a valid written contract when engaging in the business of roofing contractor work. The contract shall contain the requirements described in Section 1151.21 of this title. Committing fraud when executing or materially altering a roofing contract, mortgage, promissory note or other document incidental to performing roofing contractor work, is a violation of the Roofing Contractor Registration Act.

Renewals will be prorated as provided in Section 1151.3 of this title.

D. A renewal fee for a roofing contractor registration shall be Seventy-five Dollars ($75.00) for the annual renewal registration certificate.

§59-1151.9. Public contracts - Applicability of Roofing Contractor Registration Act.

A. Any administrative or governing body with authority to enter into public contracts shall require individual roofing contractor registration for purposes of such persons submitting or entering into any bid or contract involving roofing contractor work.

B. The Roofing Contractor Registration Act does not apply to:

8. Prime contractors, general contractors, property managers and project managers who bid on construction trade work in areas additional to roofing contractor work, and subcontract the roofing contractor work as long as they subcontract the roofing work to a currently registered roofing contractor who is in good standing; if the bid is solely for roofing contractor work, then a registration is required;

9. Owners of commercial properties including residential rental properties consisting of four dwelling units or less, when acting as their own roofing contractor and providing all material supervision themselves, lessees of residential properties with the consent of the owner, who, whether themselves or with their own employees, perform roofing construction in or upon the properties, all installing roofing materials according to the International Building Code, as adopted by the Oklahoma Uniform Building Code Commission, or the manufacturer's installation instructions;

§59-1151.10. Issuance or denial of registration or endorsement – Renewal – Denial hearing.

A. Within twenty-five (25) calendar days from the date of application, the registrar shall either issue or deny the roofing contractor registration. No registration shall be issued to a qualifying party until the registrar receives all documentation and fees necessary to obtain a registration certificate in good standing. The registration certificate issued on an original application entitles the person to act as a roofing contractor within this state, subject to the limitations of the Roofing Contractor Registration Act. Until January 1, 2015, all registrations shall expire on June 30 of each year and may be renewed from year to year. Beginning no later than January 1, 2015, all registrations issued shall be renewed based on staggered expiration dates of the last day of the birth month of the qualifying party so that all registrations and endorsements shall expire on the last day in the birth month of the qualifying party. The Construction Industries Board is authorized to prorate registration and renewal fees, as described by rule, so that beginning January 1, 2015, or thirty (30) days after rules have been approved, fees for renewals previously due by June 30, 2015, are prorated and converted to be due the last day of the birth month of the qualifying party by shortening or lengthening the next renewal date by up to six (6) months. Beginning November 1, 2014, new initial registrations and endorsements will be issued for up to eighteen (18) months and due for renewal the last day of the birth month of the qualifying party. After initial proration or conversion to birth month, no subsequent registration or endorsement shall be issued for longer than one (1) year and all endorsements shall expire on the last day in the birth month of the qualifying party. The Construction Industries Board shall implement rules for the scheduling of expiration and renewal of registrations and endorsements, including the prorating of fees and the identification and information of the qualifying party. The commercial or residential roofer endorsement shall expire on the expiration date of the supporting registration.

B. An applicant or qualifying party whose registration or endorsement is refused or denied by the registrar may obtain a hearing before the Committee of Roofing Examiners with written notice to the registrar of the grounds for appeal and identification of evidence to be presented in support of the application requirements and any other information showing the applicant’s ability and willingness to comply with the requirements of the act, and to protect the public health, safety and welfare. Such appeals to the Committee of Roofing Examiners shall be made by the qualifying party in writing to the registrar within fourteen (14) days from the date of the written notification of denial or refusal to register or endorse.

C. The Construction Industries Board shall issue a commercial or residential roofer endorsement to any person who:

1. Has been certified by the Committee of Roofing Examiners as having successfully passed the appropriate examination; and

The endorsement fee is hereby established as up to Two Hundred Dollars ($200.00). Renewal of a commercial or residential roofer endorsement shall be One Hundred Dollars ($100.00).

Endorsements renewed more than thirty (30) days following the date of expiration may only be renewed upon application and payment of the required fees and payment of late renewal fee in the amount of One Hundred Dollars ($100.00).

No late fee shall be charged to renew a registration or endorsement which expired while the applicant was in active military service, if application for renewal is made within one (1) year of discharge from active duty status.

§59-1151.11. Change in roofing contractor's name, address, legal service agent, or cease of business - Notification of registrar.

Not later than ten (10) days after the date of a change in a roofing contractor's name, address, or legal service agent, or upon a registered roofing contractor ceasing business as a roofing contractor, the person shall notify the registrar of the change on a form provided by the registrar. A name, address, or legal service agent change shall be accompanied by a fee not exceeding Twenty-five Dollars ($25.00) to be set by the registrar. A person may not change his or her name under an active registration certificate if the change is associated with a change in the legal status of the business entity other than a change in marital status. Doing business under a new business name or a change in legal status of a business requires issuance of a new registration certificate. When a registered roofing contractor ceases to be active as a roofing contractor, the registrar shall suspend the registration certificate of such contractor.

Added by Laws 2010, c. 479, § 11, eff. Nov. 1, 2010.

§59-1151.12. Certificate of renewal.

A. Any roofing contractor registration certificate issued under the Roofing Contractor Registration Act may be renewed for each successive year by obtaining from the registrar a certificate of renewal. To obtain a certificate of renewal, the qualifying party shall file with the registrar a renewal application by the last day of the birth month of the qualifying party each successive year, provide any qualifying party information required under the Roofing Contractor Registration Act, Section 1151.5, not previously provided by the applicant, if any, and pay the renewal fee. The application for renewal shall require statements under oath that the qualifying party and legal entity have properly submitted income and employment taxes due in this state; whether or not the qualifying party has been adjudicated by a court of competent jurisdiction for any violation of the Roofing Contractor Registration Act or any act or omission specified in subsection A of Section 1151.14 of this title. The registrar may forward a copy of any information in an application for renewal to the Oklahoma Tax Commission and any other state agency.

B. The qualifying party shall include with the renewal application a copy of the certificate of liability insurance, unless the registrar has a current valid certificate of insurance on file, proof of workers' compensation coverage, unless exempt under the Workers' Compensation Act, and, if applicable, a copy of the current registration certificate required by law for roofing contractors. The renewal application shall be notarized.

C. The registrar shall refuse to renew a roofing contractor's registration certificate for any reason stated in subsection B of Section 1151.5 of this title or for failing to provide any qualifying party information required under the Roofing Contractor Registration Act not previously provided by the applicant. The registrar shall notify the applicant in writing if the registrar denies the renewal as provided in subsection C of Section 1151.5 of this title.

D. If any roofing contractor fails to file a renewal application by the deadline of the last day of the birth month of the qualifying party, that contractor's registration shall be not in good standing. A roofing contractor has a thirty-day grace period after the last day of the birth month of the qualifying party to renew the registration certificate without a late fee. The late fee shall be One Hundred Dollars ($100.00). A roofing contractor registration certificate not renewed within sixty (60) days of the last day of the birth month of the qualifying party shall be suspended for failure to renew, and if a roofing contractor's registration certificate still has not been renewed within six (6) months of expiration, it shall be revoked for failure to renew.

E. 1. A roofing contractor desiring to renew a registration certificate that has been suspended for any cause provided in this

act shall be assessed a fee equal to twice the amount of the fee established by subsection D of Section 1151.8 of this title.

2. The registrar shall assess a reinstatement fee not exceeding Three Hundred Dollars ($300.00) to be set by the registrar plus the fee established by Section 1151.8 of this title for any registration that has been revoked for any cause provided in the Roofing Contractor Registration Act.

3. A roofing contractor submitting an application for registration after suspension or revocation of that contractor's registration certificate must be otherwise eligible for registration under the Roofing Contractor Registration Act.

F. The registrar shall include a registration status notation in a roofing contractor's record if the status of registration changes from an active and valid registration to not in good standing, denied, suspended or revoked.

§59-1151.13. Indexed record of roofing contractors.

The registrar shall maintain in the registrar's office in Oklahoma City, Oklahoma, open to public inspection during normal office hours, a complete indexed record of all roofing contractor registrations and information maintained on individual roofing contractors. The registrar may dispose of an inactive roofing contractor file after three (3) years. Before disposal and upon written request by any person, the registrar shall furnish a certified copy of any information maintained on an individual roofing contractor upon receipt of the sum of Ten Dollars ($10.00) for each annual record. Each certified copy of a roofing contractor’s record from the registrar shall be received in all courts in this state as prima facie evidence of the facts stated therein. The registrar may condense or provide an abstract of a roofing contractor’s record for public inspection at any time for purposes of data management; provided, a complete record is available for public inspection upon written request.

Added by Laws 2010, c. 479, § 13, eff. Nov. 1, 2010.

§59-1151.14. Filing of complaint.

2. Diversion of funds or property entrusted to a roofing contractor;

10. Failure to display the roofing firm name, existence of any commercial roofer endorsement, if any, and the roofing contractor registration number on all vehicles used to transport materials and tools in the operation of the business in letters and numerals at least two (2) inches in height in a conspicuous location on both sides of each vehicle in contrasting color to the background color;

14. Soliciting roofing contractor work through contracts obtained by salespersons not under the direct supervision and employment of a registered roofing contractor when such contract is then sold for remuneration or something of value and consists of a

The complaint shall be on a form approved by the registrar and shall set forth the alleged act or omission stated in subsection A of this section, and a statement of sufficient facts upon which a reasonable person could conclude that the act or omission specified in subsection A of this section has been committed. All complaints filed with the registrar shall be open to public inspection. Nothing in this section shall be construed to require the complainant to first file a complaint with the registrar before seeking relief or remedies allowed by law.

C. A complaint received by the registrar as provided in this section may be retained by the Board for investigation, citation, and hearing before the Roofing Hearing Board or, in the Board's discretion, the complaint may be referred to the district attorney for appropriate disposition as determined by the district attorney, in his or her discretion.

Added by Laws 2010, c. 479, § 14, eff. Nov. 1, 2010. Amended by Laws 2014, c. 270, § 11, eff. Nov. 1, 2014.

§59-1151.15. Investigation of complaints by the Board - Notification of contractor - Referral of complaint to district attorney.

A. The Roofing Hearing Board is authorized to investigate any written complaint received pursuant to the Roofing Contractor Registration Act, including any person to the extent necessary to determine if the person is engaged in violations of the provisions of the Roofing Contractor Registration Act, including unlawful activity of the practice of contracting for roofing work without a valid registration, whether the matter is prosecuted administratively through the Roofing Hearing Board or referred for criminal prosecution. The Board may refer the matter for prosecution whether or not the person ceases the unlawful practice of contracting for roofing work without a valid registration.

B. Service of the notice of violation or citation may be in person or by certified mail at the last-known business address or residence address of the person cited.

C. A notice of violation and citation may contain a cease and desist order for residential roofing contractor work if the homeowner has been provided the required disclosure and has exercised the homeowner’s option to cancel the contract as provided

in subsection I of Section 1151.5 of this title, or at any time during commercial roofing contractor work.

D. The registrar shall read each complaint received and shall record the date that the verified complaint was received and process the complaint as provided by law. The registrar shall notify the roofing contractor against whom the complaint is made, in writing, within five (5) days of the receipt of the written complaint. The roofing contractor shall have ten (10) days to respond, in writing, to the registrar. If a response to the complaint is received by the registrar, whether admitting or denying the basis of the complaint, a copy of both the complaint and the response shall be sent to the district attorney along with the results of any investigation by the Board, if the Board does not retain the matter and refers the complaint to the district attorney. If no response is received, the complaint may still be referred to the district attorney, along with the results of any investigation by the Board. The Board or a Committee of Roofing Examiners member is authorized to assist in any investigation of a roofing complaint referred to the district attorney, if requested by the district attorney.

E. Following referral of a complaint to the district attorney, if the roofing contractor is adjudicated by the court for an act or omission specified in subsection A of Section 1151.14 of this title, or upon a conviction for any violation of the provisions of the Roofing Contractor Registration Act, the registrar, when ordered by the court, shall suspend, revoke or deny the roofing contractor's registration for the period of time specified by the court, and if the court orders the registration suspended, revoked or denied, and yet fails to set the term of such suspension, revocation or denial, the period shall be six (6) months.

F. The registrar shall not renew, reinstate, or issue a new roofing contractor registration to any person subject to any term of denial, suspension or revocation until such term has been completed, and thereafter, the person makes application and pays required fees pursuant to Sections 1151.8 and 1151.12 of this title.

G. It shall be unlawful for a person to obtain or attempt to obtain a roofing contractor registration certificate under any other name during any period when the roofing contractor's registration is suspended or revoked. A business firm, partnership, association, corporation, limited liability company, or other group or combination thereof acting as a unit whose registration certificate is suspended or revoked includes all of the members, partners, officers, and agents acting under that roofing contractor registration certificate when such persons are specified on and did sign the application or renewal form.

§59-1151.16. Contractor's agent for service of process.

Every applicant for a roofing contractor's registration who is a nonresident contractor as defined by this act, by signing and filing the application, appoints the Secretary of State as the applicant's true and lawful agent upon whom may be served all lawful process in any action or proceeding against such nonresident contractor for construction projects performed in this state. Such appointment in writing is evidence of the roofing contractor's consent that any such process against the contractor which is so served upon the Secretary of State shall be of the same legal force and effect as if served upon the contractor personally within this state. Registered foreign corporations, registered foreign limited liability companies, foreign limited liability partnerships and foreign limited partnerships entitled to do business in this state and having a current registered agent and registered address on file in the Office of the Secretary of State need not appoint the Secretary of State as agent for service of process under this section. Within ten (10) days after service of the summons upon the Secretary of State, notice of such service with the summons and complaint in the action shall be sent to the defendant roofing contractor at the defendant contractor's last-known address by registered or certified mail with return receipt requested and proof of such mailing shall be attached to the summons. The Secretary of State shall keep a record of all process served upon the Secretary of State under this section, showing the day and hour of service. Whenever service of process was made under this section, the court, before entering a default judgment, or at any stage of the proceeding, may order such continuance as may be necessary to afford the defendant contractor reasonable opportunity to defend any action pending against the defendant contractor.

Added by Laws 2010, c. 479, § 16, eff. Nov. 1, 2010.

§59-1151.17. Application for building permits - Disclosure of registration certificate number.

A. When applying for any permit required by the state or any of its political subdivisions for roofing services or jobs, a roofing contractor shall supply the permit-issuing official that roofing contractor's registration certificate number issued pursuant to the Roofing Contractor Registration Act. That official shall enter a roofing contractor's registration number on the permit. The registrar may investigate any roofing project for purposes of verifying roofing contractor registration or permit verification.

B. A person performing as a roofing contractor on his or her own property, although exempt from the registration requirements of the Roofing Contractor Registration Act, shall, when applying for a permit required for the project, supply the permit-issuing official any roofing contractor registration number, as soon as available, of each roofing subcontractor engaged in roofing services and doing work covered by the permit, if any. That official shall enter each roofing contractor registration number so supplied before inspection of the job.

C. A roofing contractor shall display his or her roofing contractor registration number issued pursuant to the Roofing Contractor Registration Act on every business sign, card, correspondence, and contract used to solicit and conduct roofing services in this state and shall display the roofing firm name, existence of any commercial roofer endorsement, and the roofing contractor registration number bearing the initials "OK" preceding that registration number issued by the registrar on all vehicles used to transport materials in the operation of the business. Such names, endorsements, and numbers shall be printed in letters and numerals at least two (2) inches in height in a conspicuous location on both sides of each vehicle in contrasting color to the background color.

D. Each registrant shall post in a conspicuous place on each job site the name, existence of any commercial roofer endorsement, registration number, and telephone number for the registration under which any work is being performed, and on all media containing the registrant's name, including but not limited to magnetic signs on vehicles, business cards, contracts, bids, letterhead, signs, and advertisements.

§59-1151.18. Verification of contractor's certificate number to enforcement officials and the public.

Upon request, the registrar shall verify a roofing contractor registration number to city, county and state enforcement officials and to the public. The registrar shall establish through the Internet or other technology a verification system or direct access system for confirming roofing contractor registration certificates and status of registration maintained by the Construction Industries Board. Disclosure of any information through use of the roofing contractor registration system or information maintained by the registrar shall not be deemed to be an endorsement of any roofing contractor or determination of any facts, qualifications, information or reputation of any roofing contractor by the registrar, the state, the Construction Industries Board, or any of their respective agents, officers, employees or assigns.

Added by Laws 2010, c. 479, § 18, eff. Nov. 1, 2010. Amended by Laws 2025, c. 200, § 2, eff. Nov. 1, 2025.

§59-1151.19. Construction of act.

This act shall be construed to be in addition to, and not in lieu of, any required licensure of persons for certain professions and trades in this state, and further, this act shall not be deemed to conflict with or affect the authority of any state or local agency, board or commission whose duty and authority is to administer or enforce any law or ordinance or to establish, administer or enforce any policy, rule, qualification or standard for any trade or profession.

Added by Laws 2010, c. 479, § 19, eff. Nov. 1, 2010.

§59-1151.20. Roofing Contractor Registration Revolving Fund.

All monies accruing to the credit of the fund are hereby appropriated and may be budgeted and expended by the Construction Industries Board for implementation and administration of the Roofing Contractor Registration Act, and the fully adjudicated fine revenue received into this fund may be transferred to the Skilled Trade Education and Workforce Development Fund created in subsection E of Section 1 of this act. Expenditures from the fund shall be made upon warrants issued by the State Treasurer against claims filed as prescribed by law with the Director of the Office of Management and Enterprise Services for approval and payment.

This fund shall be subject to and comply with the provisions of Section 211 of Title 62 of the Oklahoma Statutes.

Added by Laws 2010, c. 479, § 20, eff. Nov. 1, 2010. Amended by Laws 2012, c. 304, § 278; Laws 2018, c. 244, § 3, eff. Nov. 1, 2018.

§59-1151.21. Contract cancellation.

A. When a person indicates a residential contractor will be paid by the proceeds of a property and casualty insurance policy and the person enters into a written contract with a residential contractor to provide goods and services with the understanding the insured is to pay from the proceeds of a property and casualty insurance policy claim, the person may cancel the contract within seventy-two (72) hours after the insured has received written notice from the insurer that all or any part of the claim has been denied. Cancellation is evidenced by the insured giving written notice of

cancellation to the residential contractor at the address stated in the contract. Notice of cancellation, if given by mail, is effective upon deposit into the United States mail, postage prepaid and properly addressed to the contractor. Notice of cancellation need not take a particular form and is sufficient if it indicates, by any form of written expression, the intention of the insured not to be bound by the contract.

B. Before entering into a contract referred to in subsection C of this section, the residential contractor shall:

1. Furnish the insured a statement in boldface letters in a minimum size of twelve-point type, in substantially the following form: "You may cancel this contract at any time within seventy-two (72) hours after you have received written notification from your insurer that your claim to pay for the goods and services to be provided under this contract has been denied. See attached Notice of Cancellation for an explanation of this right."; and

2. Furnish the insured a Notice of Cancellation form, fully completed in duplicate, attached to the contract, but easily detachable, containing a statement in boldface letters in a minimum size of ten-point type, containing the following statement:

"NOTICE OF CANCELLATION

If your insurer denies all or any part of your claim to pay for goods and services to be provided under this contract, you may cancel the contract by mailing or delivering a signed and dated copy of this cancellation notice or any other written notice to _____ (name of contractor) at _____ (address of contractor's place of business) at any time within seventy-two (72) hours after you have received written notice that your claim has been denied. If you cancel, any payments made by you under the contract will be returned to you within ten (10) business days following receipt by the contractor of your cancellation notice.

I HEREBY CANCEL THIS TRANSACTION

_____

(date)

_____

(insured's signature)"

C. Within ten (10) days after a contract referred to in subsection A of this section has been cancelled, the contractor shall tender to the insured any payments made by the insured and any note or other evidence of indebtedness. If, however, the contractor has performed any emergency services, acknowledged by the insured in writing to be necessary to prevent damage to the premises, the contractor is entitled to the reasonable value of such services.

D. Any violation of this section by a residential contractor shall be considered a violation of the Roofing Contractor Registration Act, and shall be subject to the misdemeanor penalties prescribed in Section 1151.3 of Title 59 of the Oklahoma Statutes.

Added by Laws 2011, c. 225, § 6.

§59-1151.22. Workers compensation insurance coverage

A. Any contract entered into under the Roofing Contractor Registration Act shall include a statement that all individuals performing work under the contract are covered by workers' compensation insurance.

B. If an affidavit of exemption for workers' compensation insurance is used by a legitimately exempt person, it shall be attached to the contract and it shall be used only for residential construction projects. All commercial projects shall require all individuals performing work on such project to be covered by workers' compensation insurance as employees of the person registered under the Roofing Contractor Registration Act. However, any day laborer who can show proof of being covered by workers' compensation insurance under the temporary labor agency for whom he or she is hired-out may provide an affidavit from the temporary labor agency to meet the requirement of this section for authority to use an affidavit of exemption. No roofing contractor required to be registered under the Roofing Contractor Registration Act shall hire any out-of-state company or person or use any person or independent contractor that is not registered under the Roofing Contractor Registration Act with the required workers' compensation insurance or who is not deemed his or her employee for purposes of workers' compensation insurance.

C. In no event shall a homeowner be held liable in the workers' compensation administrative system for injury or death to any person who performs work under a contract with a person required by law to be registered under the Roofing Contractor Registration Act and have workers' compensation insurance on all persons performing work on the roofing project.

It shall be the responsibility of the general contractor to ensure the subcontractor or independent contractor has complied with this section.

B. Examinations for a commercial roofer endorsement shall be uniform and practical in nature and sufficiently strict to test the qualifications and fitness of the applicants for endorsement. Examinations shall be in whole or in part in writing. C. Any applicant initially failing to pass the examination shall not be permitted to take another examination for a period of thirty (30) days. Any applicant subsequently failing to pass the examination shall not be permitted to take another examination for a period of ninety (90) days. However, in a declared state of emergency, the examination shall be available as often as possible as determined by the registrar.

Any applicant who has been registered, is in good standing with the Board, and possesses a current commercial roofer endorsement on the effective date of this act shall be exempt from the residential roofing examination and additional ten (10) hours of continuing education credits required to receive a residential roofing endorsement.

Examinations shall be in whole or in part in writing. Examinations shall be offered at least monthly; dates, times, and locations shall be determined by the registrar or third-party vendor with approval of the registrar.

C. Any applicant initially failing to pass the examination shall not be permitted to take another examination for a period of thirty (30) days. Any applicant subsequently failing to pass the examination shall not be permitted to take another examination for a period of ninety (90) days. However, in a declared state of emergency, the examination shall be available as often as possible as determined by the registrar.

D. No residential roofer endorsement shall be renewed unless the qualifying party has completed the required hours of continuing education pursuant to subsection A of this section.

E. For all new applicants not registered and in good standing with the Construction Industries Board prior to the effective date of this act, the Construction Industries Board shall issue a residential roofer endorsement to qualifying applicants no sooner than thirty (30) days from the date of successful completion of the exam. 1. The residential roofer endorsement shall be issued immediately upon compliance with the provisions of this section; and

2. Applicants shall be allowed to continue residential roofing contractor work at all times during the residential roofer endorsement application process.

A. The State Board of Licensed Social Workers may refuse to issue or renew the license of, or may suspend, revoke, censure, reprimand, restrict or limit the license of, or fine, any person pursuant to the Administrative Procedures Act or the procedures set forth in the Social Worker's Licensing Act upon one or more of the following grounds as determined by the Board:

B. 1. The Board may defer action with regard to an impaired licensee who voluntarily signs an agreement, in a form satisfactory to the Board, agreeing not to practice social work and to enter an approved treatment and monitoring program in accordance with this section; provided, however, that this section shall not apply to a licensee who has been convicted of, pleads guilty to, or enters a plea of nolo contendere to a felonious act prohibited by Oklahoma law or a conviction relating to a controlled substance in a court of law of the United States or any other jurisdiction or a conviction related to sexual misconduct.

2. A licensee who is physically or mentally impaired due to mental illness or addiction to drugs or alcohol may qualify as an impaired social worker and have disciplinary action deferred and ultimately waived subject to the following conditions:

6. The impaired licensee shall consent, in accordance with applicable law, to the release of any treatment information to the Board from anyone within the approved treatment program.

7. The impaired licensee who has enrolled in an approved treatment and monitoring program and entered into an agreement with the Board in accordance with this subsection shall have his or her license suspended or revoked but enforcement of this suspension or revocation shall be stayed by the length of time the licensee remains in the program and makes satisfactory progress, complies with the terms of the agreement, and adheres to any limitations on the practice imposed by the Board to protect the public. The licensee may petition the Board for reinstatement pursuant to subsection D of this section. Failure to enter into such agreement or to comply with the terms and make satisfactory progress in the treatment and monitoring program shall disqualify the licensee from the provisions of this section and the Board shall activate an immediate investigation and disciplinary proceedings.

Any person who makes a report pursuant to this section in good faith and without malice shall be immune from any civil or criminal liability arising from such reports. Failure

to provide such a report within a reasonable time from receipt of knowledge may be considered grounds for disciplinary action against the licensee.

D. Such a petition shall be made in writing and in the form prescribed by the Board. Nothing herein shall be construed as barring criminal prosecutions for violations of the Social Worker's Licensing Act.

F. All final decisions by the Board shall be subject to judicial review pursuant to the Administrative Procedures Act.

2. The Commission shall defend any member, officer, executive director, employee, and representative of the Commission in any

civil action seeking to impose liability arising out of any actual or alleged act, error, or omission that occurred within the scope of Commission employment, duties, or responsibilities, or as determined by the Commission that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of Commission employment, duties, or responsibilities; provided that nothing herein shall be construed to prohibit that person from retaining their own counsel at their own expense; and provided further, that the actual or alleged act, error, or omission did not result from that person's intentional or willful or wanton misconduct.

Added by Laws 2025, c. 121, § 10, eff. Nov. 1, 2025.

§59-1291. Coordinated Data System.

B. The Commission shall assign each applicant for a Multistate License a unique identifier, as determined by the Rules of the Commission.

C. Notwithstanding any other provision of State law to the contrary, a Member State shall submit a uniform data set to the Data System on all individuals to whom this Compact is applicable as required by the Rules of the Commission, including:

1. Identifying information;

2. Licensure data;

3. Adverse Actions against a license and information related thereto;

4. Nonconfidential information related to Alternative Program participation, the beginning and ending dates of such participation, and other information related to such participation not made confidential under Member State law;

5. Any denial of application for licensure, and the reason(s) for such denial;

6. The presence of Current Significant Investigative Information; and

7. Other information that may facilitate this Compact's administration or the public's protection, as determined by the Rules of the Commission.

D. The records and information provided to a Member State pursuant to this Compact or through the Data System, when certified by the Commission or an agent thereof, shall constitute the authenticated business records of the Commission, and shall be entitled to any associated hearsay exception in any relevant judicial, quasi-judicial or administrative proceedings in a Member State.

E. Current Significant Investigative Information pertaining to a Licensee in any Member State will only be available to other Member States.

It is the responsibility of the Member States to report any Adverse Action against a Licensee and to monitor the database to determine whether Adverse Action has been taken against a Licensee. Adverse Action information pertaining to a Licensee in any Member State will be available to any other Member State.

F. Member States contributing information to the Data System may designate information that may not be shared with the public without the express permission of the contributing State.

G. Any information submitted to the Data System that is subsequently expunged pursuant to federal law or the laws of the Member State contributing the information shall be removed from the Data System.

Added by Laws 2025, c. 121, § 11, eff. Nov. 1, 2025.

§59-1292. Promulgation of rules.

A. The Commission shall promulgate reasonable Rules in order to effectively and efficiently implement and administer the purposes and provisions of the Compact. A Rule shall be invalid and have no force or effect only if a court of competent jurisdiction holds that the Rule is invalid because the Commission exercised its rulemaking authority in a manner that is beyond the scope and purposes of the Compact, or the powers granted hereunder, or based upon another applicable standard of review.

B. The Rules of the Commission shall have the force of law in each Member State, provided, however, that where the Rules of the Commission conflict with the laws of the Member State that establish the Member State's laws, regulations, and applicable standards that govern the practice of Social Work as held by a court of competent jurisdiction, the Rules of the Commission shall be ineffective in that State to the extent of the conflict.

C. The Commission shall exercise its Rulemaking powers pursuant to the criteria set forth in this section and the Rules adopted thereunder. Rules shall become binding on the day following adoption or the date specified in the rule or amendment, whichever is later.

D. If a majority of the legislatures of the Member States rejects a Rule or portion of a Rule, by enactment of a statute or resolution in the same manner used to adopt the Compact within four (4) years of the date of adoption of the Rule, then such Rule shall have no further force and effect in any Member State.

E. Rules shall be adopted at a regular or special meeting of the Commission.

F. Prior to adoption of a proposed Rule, the Commission shall hold a public hearing and allow persons to provide oral and written comments, data, facts, opinions, and arguments.

G. Prior to adoption of a proposed Rule by the Commission, and at least thirty (30) days in advance of the meeting at which the Commission will hold a public hearing on the proposed Rule, the Commission shall provide a Notice of Proposed Rulemaking:

1. On the website of the Commission or other publicly accessible platform;

2. To persons who have requested notice of the Commission's notices of proposed rulemaking; and

3. In such other way(s) as the Commission may by Rule specify.

H. The Notice of Proposed Rulemaking shall include:

1. The time, date, and location of the public hearing at which the Commission will hear public comments on the proposed Rule and, if different, the time, date, and location of the meeting where the Commission will consider and vote on the proposed Rule;

2. If the hearing is held via telecommunication, videoconference, or other electronic means, the Commission shall include the mechanism for access to the hearing in the Notice of Proposed Rulemaking;

3. The text of the proposed Rule and the reason therefor;

4. A request for comments on the proposed Rule from any interested person; and

5. The manner in which interested persons may submit written comments.

I. All hearings will be recorded. A copy of the recording and all written comments and documents received by the Commission in response to the proposed Rule shall be available to the public.

J. Nothing in this section shall be construed as requiring a separate hearing on each Rule. Rules may be grouped for the convenience of the Commission at hearings required by this section.

K. The Commission shall, by majority vote of all members, take final action on the proposed Rule based on the Rulemaking record and the full text of the Rule.

1. The Commission may adopt changes to the proposed Rule provided the changes do not enlarge the original purpose of the proposed Rule.

2. The Commission shall provide an explanation of the reasons for substantive changes made to the proposed Rule as well as reasons for substantive changes not made that were recommended by commenters.

3. The Commission shall determine a reasonable effective date for the Rule. Except for an emergency as provided in subsection L of this section, the effective date of the Rule shall be no sooner than thirty (30) days after issuing the notice that it adopted or amended the Rule.

L. Upon determination that an emergency exists, the Commission may consider and adopt an emergency Rule with forty-eight (48) hours' notice, with opportunity to comment, provided that the usual Rulemaking procedures provided in the Compact and in this section shall be retroactively applied to the Rule as soon as reasonably possible, in no event later than ninety (90) days after the effective date of the Rule. For the purposes of this provision, an emergency Rule is one that must be adopted immediately in order to:

1. Meet an imminent threat to public health, safety, or welfare;

2. Prevent a loss of Commission or Member State funds;

3. Meet a deadline for the promulgation of a Rule that is established by federal law or rule; or

4. Protect public health and safety.

M. The Commission or an authorized committee of the Commission may direct revisions to a previously adopted Rule for purposes of correcting typographical errors, errors in format, errors in consistency, or grammatical errors. Public notice of any revisions shall be posted on the website of the Commission. The revision shall be subject to challenge by any person for a period of thirty (30) days after posting. The revision may be challenged only on grounds that the revision results in a material change to a Rule. A challenge shall be made in writing and delivered to the Commission prior to the end of the notice period. If no challenge is made, the revision will take effect without further action. If the revision

is challenged, the revision may not take effect without the approval of the Commission.

N. No Member State's rulemaking requirements shall apply under this Compact.

Added by Laws 2025, c. 121, § 12, eff. Nov. 1, 2025.

§59-1293. Enforcement — Venue — Default, technical assistance, and termination.

A. Oversight:

1. The executive and judicial branches of State government in each Member State shall enforce this Compact and take all actions necessary and appropriate to implement the Compact.

2. Except as otherwise provided in this Compact, venue is proper and judicial proceedings by or against the Commission shall be brought solely and exclusively in a court of competent jurisdiction where the principal office of the Commission is located. The Commission may waive venue and jurisdictional defenses to the extent it adopts or consents to participate in alternative dispute resolution proceedings. Nothing herein shall affect or limit the selection or propriety of venue in any action against a Licensee for professional malpractice, misconduct or any such similar matter.

3. The Commission shall be entitled to receive service of process in any proceeding regarding the enforcement or interpretation of the Compact and shall have standing to intervene in such a proceeding for all purposes. Failure to provide the Commission service of process shall render a judgment or order void as to the Commission, this Compact, or promulgated Rules.

B. Default, Technical Assistance, and Termination:

1. If the Commission determines that a Member State has defaulted in the performance of its obligations or responsibilities under this Compact or the promulgated Rules, the Commission shall provide written notice to the defaulting State. The notice of default shall describe the default, the proposed means of curing the default, and any other action that the Commission may take, and shall offer training and specific technical assistance regarding the default.

2. The Commission shall provide a copy of the notice of default to the other Member States.

C. If a State in default fails to cure the default, the defaulting State may be terminated from the Compact upon an affirmative vote of a majority of the delegates of the Member States, and all rights, privileges and benefits conferred on that State by this Compact may be terminated on the effective date of termination. A cure of the default does not relieve the offending State of obligations or liabilities incurred during the period of default.

D. Termination of membership in the Compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the Commission to the governor, the majority and minority leaders of the defaulting State's legislature, the defaulting State's State Licensing Authority and each of the Member States' State Licensing Authority.

E. A State that has been terminated is responsible for all assessments, obligations, and liabilities incurred through the effective date of termination, including obligations that extend beyond the effective date of termination.

F. Upon the termination of a State's membership from this Compact, that State shall immediately provide notice to all Licensees within that State of such termination. The terminated State shall continue to recognize all licenses granted pursuant to this Compact for a minimum of six (6) months after the date of said notice of termination.

G. The Commission shall not bear any costs related to a State that is found to be in default or that has been terminated from the Compact, unless agreed upon in writing between the Commission and the defaulting State.

A. The Compact shall come into effect on the date on which the Compact statute is enacted into law in the seventh Member State.

1. On or after the effective date of the Compact, the Commission shall convene and review the enactment of each of the first seven Member States ("Charter Member States") to determine if the statute enacted by each such Charter Member State is materially different than the model Compact statute.

a. A Charter Member State whose enactment is found to be materially different from the model Compact statute shall be entitled to the default process set forth in Section 13 of this act.

b. If any Member State is later found to be in default, or is terminated or withdraws from the Compact, the Commission shall remain in existence and the Compact shall remain in effect even if the number of Member States should be less than seven.

2. Member States enacting the Compact subsequent to the seven initial Charter Member States shall be subject to the process set forth in paragraph 21 of subsection C of Section 10 of this act to determine if their enactments are materially different from the model Compact statute and whether they qualify for participation in the Compact.

3. All actions taken for the benefit of the Commission or in furtherance of the purposes of the administration of the Compact prior to the effective date of the Compact or the Commission coming into existence shall be considered to be actions of the Commission unless specifically repudiated by the Commission.

4. Any State that joins the Compact subsequent to the Commission's initial adoption of the Rules and bylaws shall be subject to the Rules and bylaws as they exist on the date on which the Compact becomes law in that State. Any Rule that has been previously adopted by the Commission shall have the full force and effect of law on the day the Compact becomes law in that State.

B. Any Member State may withdraw from this Compact by enacting a statute repealing the same.

1. A Member State's withdrawal shall not take effect until one hundred eighty (180) days after enactment of the repealing statute.

2. Withdrawal shall not affect the continuing requirement of the withdrawing State's Licensing Authority to comply with the investigative and Adverse Action reporting requirements of this Compact prior to the effective date of withdrawal.

3. Upon the enactment of a statute withdrawing from this Compact, a State shall immediately provide notice of such withdrawal to all Licensees within that State. Notwithstanding any subsequent statutory enactment to the contrary, such withdrawing State shall continue to recognize all licenses granted pursuant to this Compact for a minimum of one hundred eighty (180) days after the date of such notice of withdrawal.

C. Nothing contained in this Compact shall be construed to invalidate or prevent any licensure agreement or other cooperative arrangement between a Member State and a non-Member State that does not conflict with the provisions of this Compact.

D. This Compact may be amended by the Member States. No amendment to this Compact shall become effective and binding upon any Member State until it is enacted into the laws of all Member States.

A. This Compact and the Commission's rulemaking authority shall be liberally construed so as to effectuate the purposes and the implementation and administration of the Compact. Provisions of the Compact expressly authorizing or requiring the promulgation of Rules shall not be construed to limit the Commission's rulemaking authority solely for those purposes.

B. The provisions of this Compact shall be severable and if any phrase, clause, sentence, or provision of this Compact is held by a court of competent jurisdiction to be contrary to the constitution of any Member State, a State seeking participation in the Compact, or of the United States, or the applicability thereof to any government, agency, person, or circumstance is held to be unconstitutional by a court of competent jurisdiction, the validity of the remainder of this Compact and the applicability thereof to any other government, agency, person or circumstance shall not be affected thereby.

C. Notwithstanding subsection B of this section, the Commission may deny a State's participation in the Compact or, in accordance with the requirements of subsection C of Section 13 of this act, terminate a Member State's participation in the Compact, if it determines that a constitutional requirement of a Member State is a

material departure from the Compact. Otherwise, if this Compact shall be held to be contrary to the constitution of any Member State, the Compact shall remain in full force and effect as to the remaining Member States and in full force and effect as to the Member State affected as to all severable matters.

2. In addition to the requirements prescribed in Section 1305 of this title, an applicant for a professional bondsman license shall have been continually licensed as a surety, cash or property bondsman in the State of Oklahoma for a minimum of two (2) years immediately prior to the date of application and shall submit to the Insurance Commissioner an audited financial statement prepared by an accounting firm or individual holding a permit to practice public accounting in this state in accordance with the Statements on Auditing Standards promulgated by the Auditing Standards Board of the American Institute of Certified Public Accountants setting forth the total assets of the bondsman less liabilities and debts as follows: For all applications made prior to November 1, 2006, and the subsequent renewals of a license issued upon the application when continuously maintained in effect as required by law, the statement shall show a net worth of at least Fifty Thousand Dollars ($50,000.00). For all applications made on and after November 1, 2006, and the subsequent renewals of a license issued upon the application when continuously maintained in effect as required by law, or for the renewal or reinstatement of any license that is expired pursuant to subsection D of Section 1309 of this title, suspended or revoked, the statement shall show a net worth of at least One Hundred Fifty Thousand Dollars ($150,000.00), the statements to be current as of a date not earlier than ninety (90) days prior to submission of the application and the statement shall be attested to by an unqualified opinion of the accountant.

3. Professional bondsman applicants shall make a deposit with the Insurance Commissioner in the same manner as required of domestic insurance companies of an amount to be determined by the Commissioner. For all applications made prior to November 1, 2006, and the subsequent renewals of a license issued upon the application when continuously maintained in effect as required by law, the deposit shall not be less than Twenty Thousand Dollars ($20,000.00). For all applications made on and after November 1, 2006, and the subsequent renewals of a license issued upon the application when

continuously maintained in effect as required by law, or for the renewal or reinstatement of any license that is expired pursuant to subsection D of Section 1309 of this title, suspended or revoked, the deposit shall not be less than Fifty Thousand Dollars ($50,000.00). The deposits shall be subject to all laws, rules and regulations as deposits by domestic insurance companies but in no instance shall a professional bondsman write bonds which equal more than ten times the amount of the deposit which the bondsman has submitted to the Commissioner. Such deposit shall require the review and approval of the Insurance Commissioner prior to exceeding the maximum amount of Federal Deposit Insurance Corporation basic deposit coverage for any one bank or financial institution. The Commissioner may promulgate rules to effectuate the provisions of this paragraph.

6. No release of deposits to a professional bondsman shall be made by the Commissioner except upon written application and the written order of the Commissioner. The Commissioner shall have no liability for any such release to a professional bondsman provided the release was made in good faith.

The deposit provided in this section shall be held in safekeeping by the Insurance Commissioner and shall only be used if a bondsman fails to pay an order and judgment of forfeiture after being properly notified or shall be used if the license of a professional bondsman has been revoked. The deposit shall be held

in the name of the Insurance Commissioner and the bondsman. The bondsman shall execute an assignment or pledge of the deposit to the Insurance Commissioner for the payment of unpaid bond forfeitures.

In addition, a multicounty agent bondsman may make the deposit by purchasing an annuity through a licensed domestic insurance company in the State of Oklahoma. The annuity shall be in the name of the bondsman as owner with legal assignment to the Insurance Commissioner. The assignment form shall be approved by the Commissioner. If a bondsman exceeds the above limitation, the bondsman shall be notified by the Commissioner that the excess shall be reduced or the deposit increased within ten (10) days of notification, or the license of the bondsman shall be suspended immediately after the ten-day period, pending a hearing on the matter.

4. The deposit provided for in this section shall constitute a reserve available to meet sums due on forfeiture of any bonds or recognizance executed by the bondsman.

5. Any deposit made by a multicounty agent bondsman pursuant to this section shall be released and returned by the Commissioner to the multicounty agent bondsman only upon extinguishment of all liability on outstanding bonds. Provided, however, the Commissioner

shall have the authority to review specific financial circumstances and history of a multicounty agent bondsman, on a case-by-case basis, and may release a portion of the deposit if warranted. The Commissioner may promulgate rules to effectuate the provisions of this paragraph.

6. No release of deposits to a multicounty agent bondsman shall be made by the Commissioner except upon written application and the written order of the Commissioner. The Commissioner shall have no liability for any such release to a multicounty agent bondsman provided the release was made in good faith.

D. A multicounty agent bondsman may appoint by power of attorney a licensed surety bondsman as his or her agent to execute bail bonds within any county in the State of Oklahoma. The number of bail bonds a multicounty agent bondsman may insure in counties other than the county he or she registers his or her license, pursuant to subsection A of Section 1320 of this title, shall not be limited by subsection B of Section 1320 of this title.

11. When the licensee is guilty of rebating, or offering to rebate, or dividing with someone other than a licensed bail bondsman, or offering to divide commissions in the case of limited surety agents, or premiums in the case of professional bondsmen, and for this conduct is found by the Commissioner to be a source of detriment, injury, or loss to the public;

This shall not apply to a jailer, police officer, or officer of the law who is not on duty and who assists in the apprehension of a defendant;

18. For paying a fee or rebating or giving anything of value to an attorney in bail bond matters, except in defense of an action on a bond;

32. For failing to accept or claim a certified mailing from the Insurance Department or from any district or municipal court clerk addressed to the mailing address of the bondsman on file with the Insurance Department; and

33. For posting a bond for any defendant without first obtaining a written or oral agreement with the defendant or cosigner of the bond.

B. In addition to any applicable denial, censure, suspension, or revocation of a license, any person violating any provision of Sections 1301 through 1341 of this title may be subject to a civil penalty of not less than Two Hundred Fifty Dollars ($250.00) nor more than Two Thousand Five Hundred Dollars ($2,500.00) for each occurrence. This fine may be enforced in the same manner in which civil judgments may be enforced. C. No bail bondsman or bail bond agency shall advertise as or hold itself out to be a surety company.

D. If any bail bondsman is convicted by any court of a violation of any of the provisions of this act, the license of the individual shall therefore be deemed to be immediately revoked, without any further procedure relative thereto by the Commissioner.

E. For one (1) year after notification by the Commissioner of an alleged violation, or for two (2) years after the last day the person was licensed, whichever is the lesser period of time, the Commissioner shall retain jurisdiction as to any person who cancels his bail bondsman's license or allows the license to lapse, or otherwise ceases to be licensed, if the person while licensed as a bondsman allegedly violated any provision of this title. Notice and opportunity for hearing shall be conducted in the same manner as if the person still maintained a bondsman's license. If the Commissioner or a hearing examiner determines that a violation of

the provisions of Sections 1301 through 1341 of this title occurred, any order issued pursuant to the determination shall become a permanent record in the file of the person and may be used if the person should request licensure or reinstatement.

C. All hearings will be public and held in accordance with, and governed by, Article II of the Administrative Procedures Act, Section 308a et seq. of Title 75 of the Oklahoma Statutes.

D. If at a hearing the person presiding determines that a license which was suspended prior to the hearing pursuant to Section 1311 of this title shall be revoked or suspended, the period of revocation or suspension shall be deemed to have begun on the date the license was suspended pending the hearing.

E. The Commissioner, upon written request reasonably made by the licensed bail bondsman affected by the hearing, and at such bail bondsman's expense, shall cause a full stenographic record of the proceedings to be made by a competent court reporter.

F. The ordinary fees and costs of such hearing examiner may be assessed by the hearing examiner against the respondent, unless the respondent is the prevailing party.

§59-1311.2. Denial, suspension, revocation or refusal to renew license - Effect.

A. No individual operating under any license which has been revoked by the Insurance Commissioner shall have the right to apply for another license under this act within one (1) year from the effective date of such revocation, or, if judicial review of such revocation is sought, within one (1) year from the date of final court order or decree affirming the revocation. However, the Commissioner may authorize the application for another license under this act by such an individual prior to the end of the one-year period if the Commissioner finds that the individual meets the licensing requirements then in effect and if the Commissioner finds the circumstances for which the license was revoked no longer exists. The Commissioner shall not, however, grant a new license to any individual if he finds that the circumstances for which the previous license was revoked still exist or are likely to recur.

B. If a license as bail bondsman as to the same individual has been revoked at two separate times, the Commissioner may not thereafter grant or issue any license under this act as to such

individual unless such individual can meet the licensing qualifications then in effect and if the Commissioner finds the circumstances for which the license was revoked no longer exists.

C. During the period of suspension, or after revocation of the license and prior to being issued a new license, the former licensee shall not engage in or attempt to profess to engage in any transaction or business for which a license is required under this act.

D. Upon suspension, revocation or refusal to renew or continue the license of a bail bondsman, the Commissioner may at the same time likewise suspend or revoke all other insurance agent licenses held by the licensee under the insurance laws of this state, if the Commissioner determines that such suspension or revocation is in the best interest of the public.

E. In case of the suspension or revocation of license of any bail bondsman, the license of any and all bail bondsmen who are members of a bail bond agency, whether incorporated or unincorporated, and who knowingly are parties to the act which formed the ground for the suspension or revocation may likewise be suspended or revoked for the same period as that of the offending bail bondsman; but this shall not prevent any bail bondsman, except the one whose license was first suspended or revoked or the bondsman member of the agency who was a knowing participant, from being licensed as a member of some other bail bond agency.

F. Though issued to a licensee, all certificates of licenses issued under this act are at all times the property of this state, and upon notice of any suspension, revocation, refusal to renew, expiration or other termination of the license, the licensee or other person having either the original or copy of the license shall promptly deliver the certificate of license or copy thereof to the Commissioner for cancellation.

G. As to any certificate of license lost, stolen or destroyed while in the possession of any such licensee or person, the Commissioner may accept in lieu of return of the certificate, the affidavit of the licensee or other person responsible for or involved in the safekeeping of such certificate, concerning the facts of such loss, theft or destruction. Willful falsification of any such affidavit shall, upon conviction, be subject to punishment as for perjury.

H. This section shall not be deemed to require the delivery to the Commissioner of any certificate of license which, as shown by specific date of expiration on the face of the license, has already expired, unless such delivery has been requested by the Commissioner.

§59-1311.3. Unlawful acts.

A. It shall be unlawful for any person who is not licensed to act as a bail bondsman or whose license to act as a bail bondsman has been suspended, revoked, surrendered, or refused, to do or perform any of the acts of a bail bondsman. Any person convicted of violating the provisions of this subsection shall be guilty of a felony and shall be punished by a fine in an amount not exceeding Five Thousand Dollars ($5,000.00).

B. It shall be unlawful for any bail bondsman to assist, aid, or conspire with a person who is not licensed to act as a bail bondsman or whose license as a bail bondsman has been suspended, revoked, surrendered, or refused, to engage in any acts as a bail bondsman. Any person convicted of violating the provisions of this subsection shall be guilty of a felony and shall be punished by a fine in an amount not to exceed Five Thousand Dollars ($5,000.00).

C. The provisions of this section shall not apply to a suspended or formerly licensed bail bondsman who continues to submit monthly reports to the Insurance Department pursuant to subsection B of Section 1314 of this title or who contracts with a licensed bail enforcer pursuant to the Bail Enforcement and Licensing Act to cause the apprehension and surrender of his or her defendant clients to the appropriate authority. The defendant client must have a current undertaking or bail contract with the suspended or formerly licensed bail bondsman and such undertaking or bail contract must have been made in this state by the suspended or formerly licensed bail bondsman. No acts other than those listed in this subsection shall be authorized or recognized after a bail bondsman is suspended or no longer licensed in this state.

Notwithstanding any provision of the Bail Enforcement and Licensing Act to the contrary, a licensed bondsman in this state, for purposes of apprehension and surrender of his or her defendant client whose undertaking or bail contract was written by the licensed bondsman, may seek assistance from, or provide assistance to, another licensed bondsman in this state or another state; provided, the assisting bondsman:

1. Has held a continuously valid bail bondsman license in this state for five (5) or more years immediately prior to providing such assistance; or

2. Is duly appointed by the same insurer as the licensed bondsman seeking assistance.

§59-1314. Written receipt for collateral - Description of collateral - Fiduciary duties - Monthly reports - Records - Reviewal fee.

A. When a bail bondsman or managing general agent accepts collateral, the bail bondsman or managing general agent shall give a written receipt for same, and this receipt shall give in detail a full description of the collateral received. A description of the collateral shall be listed on the undertaking by affidavit. All property taken as collateral, whether personal, intangible or real, shall be receipted for and deemed, for all purposes, to be in the name of, and for the use and benefit of, the insurer. Every receipt, encumbrance, mortgage or other evidence of the custody, possession or claim shall facially indicate that it has been taken or made on behalf of the insurer through its authorized agent, the individual licensed bondsman or managing general agent who has transacted the undertaking with the bond principal. Any mortgage or other encumbrance against real property taken under the provisions of this section which does not indicate beneficial ownership of the claim to be in favor of the insurer shall be deemed to constitute a cloud on the title to real estate and shall subject the person filing, or causing same to be filed, in the real estate records of the county, to a penalty of treble damages or One Thousand Dollars ($1,000.00), whichever is greater, in an action brought by the person, organization or corporation injured thereby. For collateral taken, or liens or encumbrances taken or made pursuant to the provisions of this section, the individual bondsman or managing

general agent taking possession of the property or making the lien, claim or encumbrance shall do so on behalf of the insurer, and the individual licensed bondsman shall be deemed to act in the capacity of fiduciary in relation to both:

1. The principal or other person from whom the property is taken or claimed against; and

2. The insurer whose agent is the licensed bondsman.

As fiduciary and bailee for hire, the individual bondsman shall be liable in criminal or civil actions at law for failure to properly receipt or account for, maintain or safeguard, release or deliver possession upon lawful demand, in addition to any other penalties set forth in this subsection. No person who takes possession of property as collateral pursuant to this section shall use or otherwise dissipate the asset, or do otherwise with the property than to safeguard and maintain its condition pending its return to its lawful owner, or deliver to the insurer, upon lawful demand pursuant to the terms of the bailment.

When collateral security is received in the form of cash or check or other negotiable instrument, the bondsman shall deposit the cash or instrument within two (2) business days after receipt in an established, separate non-interest-bearing trust account in any bank located in Oklahoma. The trust account funds required under this section shall not be commingled with other operating funds.

B. Every licensed bondsman shall file monthly electronically with the Insurance Commissioner and on forms approved by the Commissioner as follows:

1. A monthly report showing every bond written, amount of bond, whether released or revoked during each month, showing the court and county, and the style and number of the case, premiums charged and collateral received; and

2. Monthly reports showing total current liabilities, all bonds written during the month by the professional bondsman or multicounty agent bondsman and by any licensed bondsman who may countersign for the professional bondsman or multicounty agent bondsman, all bonds terminated during the month, and the total liability and a list of all bondsmen currently employed by the professional bondsman or multicounty agent bondsman.

Monthly reports shall be submitted electronically to the Insurance Commissioner by the fifteenth day of each month. The records shall be maintained by the Commissioner as public records.

C. Every licensee shall keep at the place of business of the licensee the usual and customary records pertaining to transactions authorized by the license. All of the records shall be available and open to the inspection of the Commissioner at any time during business hours during the three (3) years immediately following the date the liability of the bondsman on the bond is discharged by the court or the date collateral is returned by the bondsman to its

lawful owner, whichever is later. If an appearance bond is never executed and filed with the court, then all records shall be maintained for three (3) years immediately following the date the documents were prepared. The Commissioner may require a financial examination or market conduct survey during any investigation of a licensee.

D. Each bail bondsman shall submit each month with the monthly report of the bondsman, a reviewal fee equal to two-tenths of one percent (2/10 of 1%) of the new liability written for that month. The fee shall be payable to the Insurance Commissioner who shall deposit same with the State Treasurer.

The professional bondsman or multicounty agent bondsman shall notify the Commissioner whenever any appointment is canceled. If the bondsman surrenders the professional or

multicounty agent bondsman qualification, or the professional or multicounty agent bondsman qualification is suspended or revoked, or if a surety company authorized to write bail bond business surrenders their bail surety line of authority, or this line of authority is suspended or revoked, then the Commissioner shall suspend the appointment of all of the bail agents of the professional bondsman, multicounty agent bondsman or surety company. The filing fee for appointment of each surety bondsman or managing general agent shall be Ten Dollars ($10.00), payable to the Commissioner and shall be submitted with the appointment. The appointment shall remain in effect until the insurer submits a notice of cancellation to the Commissioner, the license of the bail bondsman expires, or the Commissioner cancels the appointment. The Commissioner may cancel a bail surety appointment if the license of the bondsman is suspended, revoked or nonrenewed. If there is a change in any information submitted by the insurer on the appointment form, the insurer shall submit an amended appointment form and a filing fee of Ten Dollars ($10.00) payable to the Commissioner.

B. An insurer terminating the appointment of a surety bondsman or managing general agent immediately shall file written notice thereof with the Commissioner, together with a statement that it has given or mailed notice to the surety bondsman or managing general agent. The notice filed with the Commissioner shall state the reasons, if any, for the termination.

C. Prior to issuance of a new appointment for a surety bondsman or managing general agent, the bondsman or agent shall file an affidavit with the Commissioner stating that no forfeitures are owed to any court, no fines or fees are owed to the Insurance Department, and no premiums or indemnification for forfeitures or fines are owed to any insurer, insureds, or others received in the conduct of business under the license. If any statement made on the affidavit is found by the Commissioner to be false, the Commissioner may deny the new appointment, apply the sanctions set forth in Section 1310 of this title or both. This provision shall not require that all outstanding liabilities have been exonerated, but may provide that the liabilities are still being monitored by the bondsman or agent.

D. Every bail bondsman who negotiates and posts a bond shall, in any controversy between the defendant, indemnitor, or guarantor and the bail bondsman or insurer, be regarded as representing the insurer. This provision shall not affect the apparent authority of a bail bondsman as an agent for the insurer.

A. Any bail bondsman who discontinues writing bail bonds during the period for which he is licensed shall notify the clerks of the district courts and the sheriffs with whom he is registered and return his license to the Commissioner for cancellation within thirty (30) days from such discontinuance. Prior to the discontinuance of licensure, the bail bondsman shall make and submit to the Commissioner a list of all outstanding bonds and obtain a release for each bond that he has written from the court clerk or sheriff of each county in which a bond is written or an affidavit from another bondsman stating that such bonds have been transferred to his care.

B. Any person convicted of violating this section shall be guilty of a misdemeanor and upon conviction thereof, be punished by a fine of not less than One Hundred Dollars ($100.00) nor more than One Thousand Dollars ($1,000.00), or by imprisonment for not less than six (6) months nor more than one (1) year, or by both such fine and imprisonment.

In any county in which a bondsman registers his or her license, the bondsman shall provide notice to the court clerk in writing of any change in residence or business address within five (5) business days after a change. The court clerk of the county shall provide a list of bondsmen permitted to write bail in that county to the judges and law enforcement offices of that county. Law enforcement shall post the list conspicuously near all

telephones used by prisoners. The list shall be updated and distributed to law enforcement by the court clerk at least monthly, provided there has been a change to the list, and shall consist of professional, multicounty agent, property, cash and surety bail bondsmen. Any surety bondsman without a current surety appointment shall be removed from the list. In any county not having a licensed bondsman authorized to do business within the county, the court having jurisdiction shall allow and fix bail.

B. A surety bondsman shall also file with the court clerk a certified copy of his or her appointment by power of attorney from the insurer whom he or she represents as an agent.

C. A fee of Twenty Dollars ($20.00) shall be paid to the court clerk for each county in which the bail bondsman registers his or her license. The fee shall be payable biennially by the date of license renewal. The court clerk and the sheriff shall not permit the registration or filing of a bail bondsman unless such bondsman is currently licensed by the Insurance Commissioner under the provisions of Section 1301 et seq. of this title.

Upon delivery to the official, in whose custody the defendant is, of a certificate of such deposit, he shall be discharged from custody in the cause.

Laws 1965, c. 184, § 23, eff. Jan. 1, 1966.

§59-1324. Property bond.

Where the undertaking is a property bond, whether posted by a bail bondsman, the defendant personally, or by any other person, said bond shall give the legal description of the property, the assessed valuation, the amount of encumbrances, if any, and the status of the legal title, all by affidavit. Any property located within the state wherein the bail is allowed, that is subject to execution shall be accepted for security on a property bond for the market value of the property. Market value is defined to be four times the assessed valuation of the property as recorded on the tax rolls, less any encumbrances thereon; provided, that homesteads may be accepted as security for appearance if the homestead exemption is waived in writing. Such waiver shall be verified and executed by the spouse, if any. The property listed upon any property bond or bonds will be security on said bonds up to the aggregate amounts as follows:

(A) In the event of bonds written by a licensed property bondsman; four times the market value of said property.

(B) All other property bonds; in the face amount of the market value of said property.

The court clerk, upon the approval of a property bond, shall forthwith file a certified copy of said bond in the office of the county clerk in which the property is located, transmitting to the county clerk the filing fee which will be paid by the person executing said bond. The county clerk shall index said bond upon his tract index as a lien against said described property, and such bond shall be a lien upon the real estate described therein until a certificate discharging said bond shall be filed in the office of the county clerk. Said lien shall be superior to any conveyance, encumbrance or lien thereafter pertaining to said property. B. If no day is fixed for the appearance of the defendant, or an impossible day or a day in vacation, the undertaking, if for his appearance before a judge for a hearing, shall bind the defendant to appear in ten (10) days from the receipt of notice thereof to the defendant, his counsel, and any surety or bondsman on the undertaking; and if for his appearance in a court for trial, shall bind the defendant so to appear on the first day of the next term of court which shall commence more than three (3) days after the giving of the undertaking.

C. The liability of a person on an undertaking shall not be affected by reason of the lack of any qualifications, sufficiency or competency provided in the criminal procedure law, or by reason of any other agreement that is expressed in the undertaking, or because the defendant has not joined in the undertaking.

§59-1327. Surrender of defendant prior to breach - Defendant in custody in another jurisdiction - Recommitment of defendant - Exoneration of bond in original court.

A. At any time before there has been a breach of the undertaking in any type of bail provided herein, the surety or bondsman or a licensed bail enforcer pursuant to a client contract authorized by the Bail Enforcement and Licensing Act may surrender

the defendant, or the defendant may surrender himself or herself, to the official to whose custody the defendant was committed at the time bail was taken, or to the official into whose custody the defendant would have been given had he or she been committed. The defendant may be surrendered without the return of premium for the bond if he or she has been guilty of nonpayment of premium, changes address without notifying his or her bondsman, conceals himself or herself, leaves the jurisdiction of the court without the permission of his or her bondsman, or violates his or her contract with the bondsman in any way that does harm to the bondsman, or the surety, or violates his or her obligation to the court. When a bondsman or surety, or a licensed bail enforcer, surrenders a defendant pursuant to this subsection, the bondsman or surety shall file written notification of the surrender. After surrender, and upon filing of written notification of the surrender with the court clerk, the bond shall be exonerated and the clerk shall enter a minute in the case exonerating the bond.

B. 1. If the defendant has been placed in custody of another jurisdiction, the district attorney shall direct a hold order to the official, judge or law enforcement agency where the defendant is in custody. All reasonable expenses accrued in returning the defendant to the original court shall be borne by the bondsman who posted the bond with that court; provided, however, except for instances whereby the defendant is transported by a contracted transport company, reasonable expenses shall mean the actual miles traveled in transporting the defendant at a rate equal to the current Internal Revenue Service standard mileage rate. Upon application, the bond in the original court shall be exonerated when the hold order is placed and upon proof of guarantee of payment of expenses by the bondsman.

2. Except as provided for in paragraph 3 of this subsection, the premium for a bail bond shall be considered earned by the bondsman or the insurer, as applicable, when the defendant on the bond is released from custody and is not incarcerated in any capacity. If the bond premium has not been earned pursuant to the terms of this section, the payor of the premium or the depositor of any collateral, as applicable, may request the return of the premium or collateral given to the bondsman for the bond. The bondsman shall return any premium and collateral without delay. If a bondsman returns the premium to the payor pursuant to this section, he or she may charge a usual, customary, and reasonable fee for his or her services provided in the transaction.

3. The premium for a bail bond shall be considered earned by the bondsman, regardless of whether the defendant on the bond is released from custody, if the bondsman and the payor of the bond premium have agreed in writing that the purpose of the bond is to

secure the transfer of the defendant to another jurisdiction and the defendant is in fact transferred to that jurisdiction.

C. If the defendant has been arrested on new charges and is in the custody of the same jurisdiction in which the bondsman or surety has posted an appearance bond or bonds for the defendant, and the bond or bonds have not been exonerated, and certified copies of bonds are not reasonably available, the bondsman or surety may recommit the defendant to be held in custody on the charges for which the bondsman or surety has previously posted appearance bonds thereon, in accordance with the following procedure:

1. On a Recommitment of Defendant by Bondsman form approved by the Administrative Office of the Courts, the bondsman or surety shall personally affix his or her signature to an affidavit attesting to the following:

a. the defendant is presently in the custody of the jurisdiction in which the bondsman or surety has posted a bond or bonds,

b. the case number, if any, assigned to each bond,

c. that the bond or bonds have not been exonerated, and

d. the specific charges and bond amount or amounts;

2. The bondsman or surety shall present the Recommitment of Defendant by Bondsman form to the official in whose custody the defendant is being held, and the official shall detain the defendant in his or her custody, thereon, as upon a commitment, and by a certificate in writing acknowledging the surrender; and

3. When a bondsman or surety recommits a defendant pursuant to this subsection, the bondsman or surety shall file a written notification thereof to the court, and after such notification, the bond or bonds shall be exonerated, and the clerk shall enter a minute in the case exonerating the bond or bonds.

D. 1. When a defendant does appear before the court as required by law and enters a plea of guilty or nolo contendere, is sentenced or a deferred sentence is granted as provided for in Section 991c of Title 22 of the Oklahoma Statutes, or deferred prosecution is granted as provided by law, in such event the undertaking and bondsman and insurer shall be exonerated from further liability.

2. A bond posted for a petition for revocation of a suspended sentence, a petition for acceleration of a deferred sentence or any violation of a probationary term shall be exonerated by operation of law when:

a. the defendant has confessed, stipulated or otherwise agreed to the factual basis of the violation of probation,

b. the suspended sentence is revoked in whole or part,

c. the deferred sentence is accelerated in whole or part, or

d. any additional sanction is imposed by the court.

E. The bond shall be exonerated by operation of law in any case in which the defendant has been arrested on new charges or on any warrant in the same jurisdiction in which the bondsman or insurer has posted the appearance bond or bonds for the defendant, and the defendant has been subsequently released on his or her own personal recognizance or a pretrial release has been authorized by the court.

F. The bond shall be exonerated by operation of law in any case in which the defendant has been arrested and there is an added charge to a case that would result in a higher fine or longer term of sentence if convicted, or an amendment to a charge that would result in a higher fine or longer term of sentence if convicted; provided, however, any premium paid by the defendant to the bondsman or insurer from the original charge shall be at the same premium rate and shall be credited to the defendant if the same bondsman or insurer posts the appearance bond or bonds on the added or amended charge.

G. For purposes of this section, a "usual, customary, and reasonable fee" means a charge to the payor that is based on the amount of time spent by the bondsman or his or her employees researching, drafting, and executing the bail bond. Such fee shall be detailed in a written document provided to the payor.

H. The court shall not issue an order modifying the terms of a previously set bond unless the order has also been signed by the bail bondsman, bail bondsman surety, or both acknowledging the changes made to the bond prior to the defendant's release. Failure to provide this notice shall exonerate the bond by operation of law. Added by Laws 1965, c. 184, § 27, eff. Jan. 1, 1966. Amended by Laws 1991, c. 139, § 3, emerg. eff. §59-1328. Procedure for surrender of defendant - Recommitment procedure.

A. The bondsman or insurer, or a licensed bail enforcer pursuant to a client contract authorized by the Bail Enforcement and Licensing Act, desiring to make a surrender of the defendant shall procure or have in his or her possession a certified copy of the undertakings and deliver such documents together with the defendant to the official in whose custody the defendant was at the time bail was taken, or to the official into whose custody he or she would

have been given had he or she been committed, who shall detain the defendant in custody thereon, as upon a commitment, and by a certificate in writing acknowledge the surrender.

Upon the presentation of a certified copy of the undertaking and the certificate of the official, the court before which the defendant has been held to answer, or the court in which the preliminary examination, indictment, information or appeal is pending, shall upon notice of three (3) days given by the person making the surrender to the prosecuting officer of the court having jurisdiction of the offense, together with a copy of the undertakings and certificate, order that the obligors be exonerated from liability on their undertakings, and, if money has been deposited as bail, that such money or bonds be refunded. If property pledged, a certificate of exoneration be issued and the lien previously filed be released and the undertakings of whatever nature be canceled.

If certified copies of bonds are not reasonably available, the bondsman or insurer may recommit the defendant to be held in custody on the charges for which the bondsman or insurer has previously posted appearance bonds thereon in accordance with the following procedure:

1. On a Recommitment of Defendant by Bondsman form approved by the Administrative Office of the Courts, the bondsman or insurer shall personally affix his or her signature to an affidavit attesting to the following:
    a. the bondsman or insurer has posted a bond or bonds for the defendant and is hereby presented to the official in whose custody the defendant was at the time bail was taken,
    b. the case number, if any, assigned to each bond, and
    c. the specific charges and bond amount or amounts;

2. The bondsman or insurer shall present the Recommitment of Defendant by Bondsman form to the official in whose custody the defendant is being surrendered, and the official shall detain the defendant in his or her custody thereon, as upon a commitment, and by a certificate in writing acknowledging the surrender; and

3. When a bondsman or insurer recommits a defendant pursuant to this subsection, the bondsman or insurer shall file a written notification thereof to the court clerk, and after such notification, the bond or bonds shall be exonerated and the clerk shall enter a minute in the case exonerating the bond or bonds.

B. Any bail bondsman engaged in the apprehension or surrender of his or her defendant client, and any bail bondsman assisting another bondsman pursuant to Section 1311.4 of this title, shall at all times while engaged in the apprehension or surrender of the defendant client have his or her bail bondsman license in his or her

possession and shall present the license to any law enforcement officer immediately upon request.

§59-1329. Arrest - Commitment.

For the purpose of surrendering the defendant:

1. The surety may arrest the defendant before the forfeiture of the undertaking;

2. The surety, by written authority endorsed on a certified copy of the undertaking, may empower any peace officer to make an arrest of the defendant, first paying the lawful fees therefor; or

3. The bondsman or surety, by contract with a licensed bail enforcer pursuant to the Bail Enforcement and Licensing Act which contract has attached a certified copy of the undertaking, may authorize the bail enforcer to recover and surrender the person.

In addition, the bondsman may surrender the defendant by following the commitment procedures as set forth in subsection C of Section 1327 of this title.

§59-1331. Property bond - Forfeiture - Filing fee - Collection of forfeiture.

A. If the undertaking is a property bond, the clerk shall record the order and judgment of forfeiture in the proper records of said county. Any filing fees shall be paid by the party filing such property bond.

B. Collection of such property bond forfeiture shall be accomplished by the proper court authorities.
Amended by Laws 1984, c. 225, § 23, emerg. eff. May 23, 1984.

§59-1332. Forfeiture procedure.

A. If there is a breach of an undertaking, the court before which the cause is pending shall issue, within ten (10) days, an arrest warrant for the defendant and declare the undertaking and any money, property, or securities that have been deposited as bail, forfeited on the day the defendant failed to appear. Within fifteen (15) days from the date of the forfeiture, the order and judgment of forfeiture shall be filed with the clerk of the trial court. Failure to timely issue the arrest warrant or file the order and judgment of forfeiture as provided in this subsection shall exonerate the bond by operation of law. In the event of the forfeiture of a bail bond the clerk of the trial court shall, within

thirty (30) days after the order and judgment of forfeiture is filed in the court, by mail with return receipt requested, mail a true and correct copy of the order and judgment of forfeiture to the bondsman, and if applicable, the insurer, whose risk it is, and keep at least one copy of the order and judgment of forfeiture on file; provided, the clerk shall not be required to mail the order and judgment of forfeiture to the bondsman or insurer if, within fifteen (15) days from the date of forfeiture, the defendant is returned to custody, the bond is reinstated by the court with the bondsman's approval, or the order of forfeiture is vacated or set aside by the court. Failure of the clerk of the trial court to comply with the thirty-day notice provision in this subsection shall exonerate the bond by operation of law.

B. The order and judgment of forfeiture shall be on forms prescribed by the Administrative Director of the Courts.

C. 1. The bail bondsman shall have ninety (90) days from receipt of the order and judgment of forfeiture from the court clerk or mailing of the notice if no receipt is made to return the defendant to custody.

2. The bondsman may contract with a licensed bail enforcer pursuant to the Bail Enforcement and Licensing Act to recover and return the defendant to custody within the ninety-day period, or as agreed, or notwithstanding the Bail Enforcement and Licensing Act if the bondsman is duly appointed in this state by an insurer operating in this state, the bondsman may seek the assistance of another licensed bondsman in this state who is appointed by the same insurer.

3. When the court record indicates that the defendant is returned to custody in the jurisdiction where forfeiture occurred, within the ninety-day period, the court clerk shall enter minutes vacating the forfeiture and exonerating the bond. If the defendant has been timely returned to custody, but this fact is not reflected by the court record, the court shall vacate the forfeiture and exonerate the bond.

4. For the purposes of this section, "return to custody" means:

a. the return of the defendant to the appropriate Oklahoma law enforcement agency by the bondsman,

b. an appearance of the defendant in open court in the court where charged,

c. arrest or incarceration within this state of the defendant by law enforcement personnel, provided the bondsman has requested that a hold be placed on the defendant in the jurisdiction wherein the forfeiture lies and has guaranteed reasonable travel expenses for the return of the defendant, or

d. arrest or incarceration of the defendant in any other jurisdiction, provided the bondsman has requested that

a hold be placed on the defendant in the jurisdiction wherein the forfeiture lies and has guaranteed reasonable travel expenses for the return of the defendant.

5. In addition to the provisions set forth in paragraphs 3 and 4 of this subsection, the bond shall be exonerated by operation of law in any case in which:

a. the bondsman has requested in writing of the sheriff's department in the county where the forfeiture occurred that the defendant be entered into the computerized records of the National Crime Information Center (NCIC), and the request has not been honored within fourteen (14) business days of the receipt of the written request by the department,

b. the defendant has been arrested outside of this state and the court record shows the prosecuting attorney has declined to proceed with extradition,

c. the defendant's bondsman or insurer has requested in writing of the prosecuting attorney to file felony bond jumping charges against the defendant when the defendant fails to surrender within thirty (30) days from failing to appear in court and the prosecuting attorney has not filed such charges within thirty (30) business days of the receipt of the written request, or

d. the warrant issued by the court has not been entered into an active warrant database available to law enforcement within five (5) business days after its issued date.

6. The court may, in its discretion, vacate the order of forfeiture and exonerate the bond where good cause has been shown for:

a. the defendant's failure to appear, or

b. the bondsman's failure to return the defendant to custody within ninety (90) days.

7. When a bondsman or insurer ("requestor") has guaranteed travel expenses to return a defendant to custody:

a. the law enforcement agency that placed the hold shall promptly advise the requestor of a hit confirmation,

b. prior to transporting the defendant, the law enforcement agency that placed the hold shall provide the requestor a good faith estimate of the reasonable return expenses to return the defendant to custody. The requestor may request to decline to pay travel expenses, and the law enforcement agency may release its hold and the defendant shall not be considered returned to custody. If the law enforcement agency

cannot contact the requestor, the requestor's guarantee of travel expenses shall be honored by the requestor, and

c. a requestor may request to withdraw their NCIC request any time prior to a defendant's arrest.

D. 1. If, within ninety (90) days from receipt of the order and judgment of forfeiture from the court clerk, or mailing of the notice if no receipt is made, the defendant is not returned to custody, or the forfeiture has not been stayed, the bondsman and, if applicable, the insurer whose risk it is shall deposit cash or other valuable securities in the face amount of the bond with the court clerk ninety-one (91) days from receipt of the order and judgment of forfeiture from the court clerk, or mailing of the notice if no receipt is made; provided, this provision shall not apply if the defendant has been returned to custody within the ninety-day period and the court has failed to vacate the forfeiture pursuant to paragraphs 3 through 6 of subsection C of this section.

2. After the order and judgment has been paid within ninety-one (91) days from receipt of the order and judgment of forfeiture from the court clerk, or mailing of the notice if no receipt is made, as required in paragraph 1 of this subsection, the bondsman and, if applicable, the insurer whose risk it is shall have one (1) year from the date payment is due to return the defendant to custody as defined by paragraph 4 of subsection C of this section. In the event the defendant is returned to custody and all expenses for the defendant's return have been guaranteed by the bondsman or insurer, the bondsman's or insurer's property shall be returned; provided, the request for remitter be made by motion filed within one (1) year from the date payment is due.

3. If the additional cash or securities are not deposited with the court clerk on or before the ninety-first day after the date of service of the order and judgment of forfeiture from the court clerk, or mailing of the notice if no receipt is made, then the court clerk shall notify the Insurance Commissioner by sending a certified copy of the order and judgment of forfeiture and proof that the bondsman and, if applicable, the insurer have been notified by mail with return receipt requested.

4. The Insurance Commissioner shall:

a. in the case of a surety bondsman, immediately cancel the license privilege and authorization of the insurer to do business within the State of Oklahoma and cancel the appointment of all surety bondsman agents of the insurer who are licensed by Section 1301 et seq. of this title, and

b. in the case of a professional bondsman, withdraw the face amount of the forfeiture from the deposit provided in Section 1306 of this title. The

Commissioner shall then immediately direct the professional bondsman, by mail with return receipt requested, to make additional deposits to bring the original deposit to the required level. Should the professional bondsman, after being notified, fail to make an additional deposit within ten (10) days from the receipt of notice, or mailing of notice if no receipt is made, the license shall be revoked and all sums presently on deposit shall be held by the Commissioner to secure the face amounts of bonds outstanding. Upon release of the bonds, any amount of deposit in excess of the bonds shall be returned to the bondsman; provided, the bail bondsman shall have had notice as required by the court, at the place of the bondsman's business, of the trial or hearing of the defendant named in the bond. The notice shall have been at least ten (10) days before the required appearance of the defendant, unless the appearance is scheduled at the time of execution of the bond. Notwithstanding the foregoing, the bondsman shall be deemed to have had notice of the trial or hearing if the defendant named in the bond shall have been recognized back in open court to appear at a date certain for the trial or hearing.

5. If the actions of any bail bondsman force the Insurance Commissioner to withdraw monies, deposited pursuant to Section 1306 of this title, to pay past-due executions more than two (2) times in a consecutive twelve-month period, then the license of the professional bondsman shall, in addition to other penalties, be suspended automatically for one (1) year or until a deposit equal to all outstanding forfeitures due is made. The deposit shall be maintained until the Commissioner deems it feasible to reduce the deposit. In no case shall an increased deposit exceed two (2) years unless there is a recurrence of withdrawals as stated herein.

E. 1. If the defendant's failure to appear was the result of the defendant's death or of being in the custody of a court other than the court in which the appearance was scheduled, forfeiture shall not lie. Upon proof to the court that the bondsman paid the order and judgment of forfeiture without knowledge that the defendant was deceased or in custody of another court on the day the defendant was due to appear, and all expenses for the defendant's return have been paid by the bondsman, the bondsman's property shall be returned.

2. Where the defendant is in the custody of another court, the district attorney or municipal attorney shall direct a hold order to the official, judge, court or law enforcement agent wherein the defendant is in custody; provided, that all expenses accrued as a

result of returning the custody of the defendant shall be borne by the bondsman.

F. The district attorney or municipal attorney shall not receive any bonuses or other monies or property for or by reason of services or actions in connection with or collection of bond forfeitures under the provisions of Section 1301 et seq. of this title, except that the court may award a reasonable attorney fee in favor of the prevailing party for legal services in any civil action or proceeding to collect upon a judgment of forfeiture.

G. The above procedures shall be subject to the bondsman's rights of appeal. The bondsman or insurer may appeal an order and judgment of forfeiture pursuant to the procedures for appeal set forth in Section 951 et seq. of Title 12 of the Oklahoma Statutes. To stay the execution of the order and judgment of forfeiture, the bondsman or insurer shall comply with the provisions set forth in Section 990.4 of Title 12 of the Oklahoma Statutes.

H. For municipal courts of record, the above procedures are criminal in nature and ancillary to the criminal procedures before the trial court and shall be subject to the bondsman's right of appeal. The bondsman or insurer may appeal an order and judgment of forfeiture by the municipal courts of record to the Court of Criminal Appeals.

I. Upon a motion to the court, any person executing a bail bond as principal or as surety shall be exonerated after three (3) years have elapsed from the posting of the bond, unless a judgment has been entered against the surety or the principal for the forfeiture of the bond, or unless the court grants an extension of the three-year time period for good cause shown, upon motion by the prosecuting attorney.

D. Any force used by a bail enforcer in self-defense while recovering a defendant or to defend another from injury or threat of injury while recovering a defendant shall be not more than sufficient to prevent an offense.

E. or other factual evidence provided directly to the licensed bail enforcer that confirms the identity and presence of the defendant within the dwelling house.

The exceptions to the offense and penalty in this section shall not limit or restrict another person within or without the dwelling house, or owning the dwelling house, from taking any action in response to or to defend a forced entry into such dwelling house, including use of a firearm as may be authorized by law. The use of an exception provided in this subsection by a licensed bail enforcer shall be a fact to be determined by the district attorney in considering whether to prosecute an offense under this section. Any person exercising his or her right to respond or protect the dwelling house or its occupants shall not be liable for injury to another who was forcing entry into such dwelling house. An owner or occupant of a dwelling house may seek damages to his or her property in a civil action if such damage resulted from a forced entry by a licensed bail enforcer.

The powers and duties conferred on the Director or any staff member appointed by the Director as a peace officer shall not limit the powers and duties of other peace officers of this state or any political subdivision thereof. D. Nothing in the Bail Enforcement and Licensing Act or the Oklahoma Security Guard and Private Investigator Act shall be construed to prohibit the Council from authorizing approved training schools or individuals to conduct combined education or training for security guards, private investigators and bail enforcers, including Phases I, II, III and IV training.

C. The psychologist shall forward a written psychological evaluation, on a form prescribed by the Council, to the Council within fifteen (15) days of the evaluation, even if the applicant is found to be psychologically at risk. The Council may utilize the results of the psychological evaluation for up to six (6) months from the date of the evaluation after which the applicant shall be reexamined. D. 1. Retired peace officers who have been certified by the Council shall be exempt from the provisions of this section for a period of one (1) year from retirement; provided there is no evidence of an inability to exercise appropriate judgment, restraint, and self-control during prior active duty as a law enforcement officer and upon subsequent retirement.

§59-1377. Short title - Psychology Interjurisdictional Compact.

This act shall be known and may be cited as the "Psychology Interjurisdictional Compact".

Added by Laws 2019, c. 187, § 1, eff. Nov. 1, 2019.

§59-1378. Legislative findings.

The Oklahoma Legislature makes the following findings:

States license psychologists in order to protect the public through verification of education, training and experience and ensure accountability for professional practice.

This Compact is intended to regulate the day-to-day practice of telepsychology, which is the provision of psychological services using telecommunication technologies, by psychologists across state boundaries in the performance of their psychological practice as assigned by an appropriate authority.

This Compact is intended to regulate the temporary in-person, face-to-face practice of psychology by psychologists across state boundaries for thirty (30) days within a calendar year in the performance of their psychological practice as assigned by an appropriate authority.

This Compact is intended to authorize state psychology regulatory authorities to afford legal recognition, in a manner consistent with the terms of the Compact, to psychologists licensed in another state.

This Compact recognizes that states have a vested interest in protecting the public's health and safety through their licensing and regulation of psychologists and that such state regulation will best protect the public health and safety.

This Compact does not apply when a psychologist is licensed in both the home and receiving states.

This Compact does not apply to permanent in-person, face-to-face practice, but it does allow for the authorization of temporary psychological practice.

Consistent with these principles, this Compact is designed to achieve the following purposes and objectives:

1. Increase public access to professional psychological services by allowing for telepsychological practice across state lines, as well as temporary in-person, face-to-face services, into a state in which the psychologist is not licensed to practice psychology;

2. Enhance the states' ability to protect the public's health and safety, especially client/patient safety;

3. Encourage the cooperation of the compact states in the areas of psychology licensure and regulation;

4. Facilitate the exchange of information between the compact states regarding psychologist licensure, adverse actions and disciplinary history;

5. Promote compliance with the laws governing psychological practice in each compact state; and

6. Invest all compact states with the authority to hold licensed psychologists accountable through the mutual recognition of compact state licenses.

other sources. The aggregate annual assessment amount shall be allocated based upon a formula to be determined by the Commission which shall promulgate a rule binding upon all compact states.

4. The Commission shall not incur obligations of any kind before securing the funds adequate to meet the same, nor shall the Commission pledge the credit of any of the compact states, except by and with the authority of the compact state.

5. The Commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the Commission shall be subject to the audit and accounting procedures established under its bylaws. G. Qualified Immunity, Defense and Indemnification.

1. The members, officers, Executive Director, employees and representatives of the Commission shall be immune from suit and liability, either personally or in their official capacity, for any claim for damage to or loss of property or personal injury or other civil liability caused by or arising out of any actual or alleged act, error or omission that occurred, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of Commission employment, duties or responsibilities; provided, that nothing in this subsection shall be construed to protect any such person from suit and/or liability for any damage, loss, injury or liability caused by the intentional or willful or wanton misconduct of that person.

§59-1388. Commission rulemaking powers.

A. The Commission shall exercise its rulemaking powers pursuant to the criteria set forth in this section and the rules adopted thereunder. Rules and amendments shall become binding as of the date specified in each rule or amendment.

B. If a majority of the legislatures of the compact states rejects a rule, by enactment of a statute or resolution in the same manner used to adopt the Compact, then such rule shall have no further force and effect in any compact state.

C. Rules or amendments to the rules shall be adopted at a regular or special meeting of the Commission.

D. Prior to promulgation and adoption of a final rule or rules by the Commission, and at least sixty (60) days in advance of the meeting at which the rule will be considered and voted upon, the Commission shall file a notice of proposed rulemaking:

1. On the website of the Commission; and

2. On the website of the compact states' psychology regulatory authority or the publication in which each state would otherwise publish proposed rules.

E. The notice of proposed rulemaking shall include:

1. The proposed time, date and location of the meeting in which the rule will be considered and voted upon;

2. The text of the proposed rule or amendment and the reason for the proposed rule;

3. A request for comments on the proposed rule from any interested person; and

4. The manner in which interested persons may submit notice to the Commission of their intention to attend the public hearing and any written comments.

F. Prior to adoption of a proposed rule, the Commission shall allow persons to submit written data, facts, opinions and arguments, which shall be made available to the public.

G. The Commission shall grant an opportunity for a public hearing before it adopts a rule or amendment if a hearing is requested by:

1. At least twenty-five persons who submit comments independently of each other;

2. A government subdivision or agency; or

3. A duly appointed person in an association that has at least twenty-five members.

H. If a hearing is held on the proposed rule or amendment, the Commission shall publish the place, time and date of the scheduled public hearing and:

1. All persons wishing to be heard at the hearing shall notify the Executive Director of the Commission or other designated member in writing of their desire to appear and testify at the hearing not less than five (5) business days before the scheduled date of the hearing;

2. Hearings shall be conducted in a manner providing each person who wishes to comment a fair and reasonable opportunity to comment orally or in writing;

3. No transcript of the hearing is required, unless a written request for a transcript is made, in which case the person requesting the transcript shall bear the cost of producing the transcript. A recording may be made in lieu of a transcript under the same terms and conditions as a transcript. This subsection shall not preclude the Commission from making a transcript or recording of the hearing if it so chooses; and

4. Nothing in this section shall be construed as requiring a separate hearing on each rule. Rules may be grouped for the convenience of the Commission at hearings required by this section.

I. Following the scheduled hearing date, or by the close of business on the scheduled hearing date if the hearing was not held, the Commission shall consider all written and oral comments received.

J. The Commission shall, by majority vote of all members, take final action on the proposed rule and shall determine the effective date of the rule, if any, based on the rulemaking record and the full text of the rule.

K. If no written notice of intent to attend the public hearing by interested parties is received, the Commission may proceed with promulgation of the proposed rule without a public hearing.

L. Upon determination that an emergency exists, the Commission may consider and adopt an emergency rule without prior notice, opportunity for comment, or hearing, provided that the usual rulemaking procedures provided in the Compact and in this section shall be retroactively applied to the rule as soon as reasonably possible, and in no event later than ninety (90) days after the effective date of the rule. For the purposes of this provision, an emergency rule is one that must be adopted immediately in order to:

1. Meet an imminent threat to the public health, safety, or welfare;

2. Prevent a loss of Commission or compact state funds;

3. Meet a deadline for the promulgation of an administrative rule that is established by federal law or rule; or

4. Protect the public health and safety.

M. The Commission or an authorized committee of the Commission may direct revisions to a previously adopted rule or amendment for purposes of correcting typographical errors, errors in format, errors in consistency, or grammatical errors. Public notice of any

revisions shall be posted on the Internet website of the Commission. The revision shall be subject to challenge by any person for a period of thirty (30) days after posting. The revision may be challenged only on grounds that the revision results in a material change to a rule. A challenge shall be made in writing and delivered to the Chair of the Commission before the end of the notice period. If no challenge is made, the revision will take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the Commission. Added by Laws 2019, c. 187, § 12, eff. Nov. 1, 2019.

§59-1389. Compact oversight – Dispute resolution - Enforcement.

A. Oversight.

1. The executive, legislative and judicial branches of state government in each compact state shall enforce this Compact and take all actions necessary and appropriate to effectuate the Compact's purposes and intent. The provisions of this Compact and the rules promulgated hereunder shall have standing as statutory law.

2. All courts shall take judicial notice of the Compact and the rules in any judicial or administrative proceeding in a compact state pertaining to the subject matter of this Compact which may affect the powers, responsibilities or actions of the Commission.

3. The Commission shall be entitled to receive service of process in any such proceeding and shall have standing to intervene in such a proceeding for all purposes. Failure to provide service of process to the Commission shall render a judgment or order void as to the Commission, this Compact or promulgated rules.

B. Default, Technical Assistance and Termination.

1. If the Commission determines that a compact state has defaulted in the performance of its obligations or responsibilities under this Compact or the promulgated rules, the Commission shall:

a. provide written notice to the defaulting state and other compact states of the nature of the default, the proposed means of remedying the default and any other action to be taken by the Commission, and

b. provide remedial training and specific technical assistance regarding the default.

2. If a state in default fails to remedy the default, the defaulting state may be terminated from the Compact upon an affirmative vote of the majority of the compact states, and all rights, privileges and benefits conferred by this Compact shall be terminated on the effective date of termination. A remedy of the default does not relieve the offending state of obligations or liabilities incurred during the period of default.

3. Termination of membership in the Compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be

submitted by the Commission to the Governor, the majority and minority leaders of the defaulting state's legislature, and each of the compact states.

4. A compact state which has been terminated is responsible for all assessments, obligations and liabilities incurred through the effective date of termination, including obligations which extend beyond the effective date of termination.

5. The Commission shall not bear any costs incurred by the state which is found to be in default or which has been terminated from the Compact, unless agreed upon in writing between the Commission and the defaulting state.

6. The defaulting state may appeal the action of the Commission by petitioning the United States District Court for the State of Georgia or the federal district where the Compact has its principal offices. The prevailing member shall be awarded all costs of such litigation, including reasonable attorney fees.

C. Dispute Resolution.

1. Upon request by a compact state, the Commission shall attempt to resolve disputes related to the Compact which arise among compact states and between compact and noncompact states.

2. The Commission shall promulgate a rule providing for both mediation and binding dispute resolution for disputes that arise before the Commission.

D. Enforcement.

1. The Commission, in the reasonable exercise of its discretion, shall enforce the provisions and rules of this Compact.

2. By majority vote, the Commission may initiate legal action in the United States District Court for the State of Georgia or the federal district where the Compact has its principal offices against a compact state in default to enforce compliance with the provisions of the Compact and its promulgated rules and bylaws. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing member shall be awarded all costs of such litigation, including reasonable attorney fees.

3. The remedies herein shall not be the exclusive remedies of the Commission. The Commission may pursue any other remedies available under federal or state law.

Added by Laws 2019, c. 187, § 13, eff. Nov. 1, 2019. Amended by Laws 2021, c. 165, § 1, eff. Nov. 1, 2021.

§59-1390. Effective date – Withdrawal - Amendments.

A. The Compact shall come into effect on the date on which the Compact is enacted into law in the seventh compact state. The provisions which become effective at that time shall be limited to the powers granted to the Commission relating to assembly and the promulgation of rules. Thereafter, the Commission shall meet and

exercise rulemaking powers necessary to the implementation and administration of the Compact.

B. Any state which joins the Compact subsequent to the Commission's initial adoption of the rules shall be subject to the rules as they exist on the date on which the Compact becomes law in that state. Any rule which has been previously adopted by the Commission shall have the full force and effect of law on the day the Compact becomes law in that state.

C. Any compact state may withdraw from this Compact by enacting a statute repealing the same:

1. A compact state's withdrawal shall not take effect until six (6) months after enactment of the repealing statute; and

2. Withdrawal shall not affect the continuing requirement of the withdrawing state's psychology regulatory authority to comply with the investigative and adverse action reporting requirements of this act prior to the effective date of withdrawal.

D. Nothing contained in this Compact shall be construed to invalidate or prevent any psychology licensure agreement or other cooperative arrangement between a compact state and a noncompact state which does not conflict with the provisions of this Compact.

E. This Compact may be amended by the compact states. No amendment to this Compact shall become effective and binding upon any compact state until it is enacted into the law of all compact states.

Added by Laws 2019, c. 187, § 14, eff. Nov. 1, 2019.

§59-1391. Injunction.

The Oklahoma State Board of Examiners of Psychologists (OSBEP) through the Attorney General may maintain in any court of competent jurisdiction a suit for an injunction against any person practicing psychology without a license or authorization to practice psychology in this state.

Such an injunction:

1. May be issued without proof of actual damage sustained by any person, this provision being a preventive as well as a punitive measure; and

2. Does not relieve any person from criminal prosecution for practicing without a license.

Added by Laws 2019, c. 187, § 15, eff. Nov. 1, 2019.

§59-1392. Misrepresentation – Consulting – Teaching - Students.

employed by an accredited educational institution or public agency that has set explicit standards may represent himself or herself by the title conferred upon him or her by such institution or agency;

2. This Compact does not grant approval for any person to offer services as a psychologist to any other person as a consultant, and to accept remuneration for such psychological services, other than that of an institutional salary, unless the psychologist has been licensed under the provisions of this chapter;

3. This Compact does not prevent the teaching of psychology or psychological research, unless the teaching or research involves the delivery or supervision of direct psychological services to a person. Persons who have earned a doctoral degree in psychology from an accredited educational institution may use the title "psychologist" in conjunction with the activities permitted by this section;

4. A graduate student in psychology whose activities are part of the course of study for a graduate degree in psychology at an accredited educational institution or a person pursuing postdoctoral training or experience in psychology to fulfill the requirements for licensure under the provisions of this chapter may use the terms "psychological trainee", "psychological intern", "psychological resident" or "psychological assistant" if the activities are performed under the supervision of a licensed psychologist in accordance with the regulations adopted by the Oklahoma State Board of Examiners of Psychologists; and

5. A person who is certified as a school psychologist licensed under the statutes of the State of Oklahoma may use the title "school psychologist" in connection with activities relating to school psychologists.

The Administrator may issue more than one license to any one person upon compliance with the provisions of the Oklahoma Pawnshop Act as to each license. When a licensee wishes to move the licensee's pawnshop to another location, the licensee shall give thirty (30) days' written notice to the Administrator, who shall amend the license accordingly.

C. Each license shall remain in full force and effect until relinquished, suspended, revoked or expired. Every licensee, on or before each December 1, shall pay the Administrator an annual fee for the succeeding calendar year. The license shall expire December 31 of any year for which an annual fee has not been paid.

D. No licensing requirement or license fee shall be required, levied or collected by any municipal corporation of this state; provided that municipal corporations may require the payment of regulatory fees not in excess of Fifty Dollars ($50.00) per annum.

§59-1507. Administrative hearings - Revocation, suspension, reinstatement and surrender of license.

A. The Administrator of Consumer Credit shall appoint an independent hearing examiner to conduct all administrative hearings involving alleged violations of the Oklahoma Pawnshop Act. The independent hearing examiner shall have authority to exercise all powers granted by Article II of the Administrative Procedures Act in conducting hearings. The independent hearing examiner shall have authority to recommend penalties authorized by the Oklahoma Pawnshop Act and issue proposed orders, with proposed findings of fact and proposed conclusions of law, to the Administrator pursuant to Article II of the Administrative Procedures Act. The Administrator shall review the proposed order and issue a final agency order in accordance with Article II of the Administrative Procedures Act. A final agency order issued by the Administrator shall be appealable by all parties to the district court as provided in Article II of the Administrative Procedures Act. The costs of the hearing examiner may be assessed by the hearing examiner against the respondent, unless the respondent is the prevailing party.

B. The Administrator may, after notice and hearing, decline to renew a license, suspend or revoke any license, or in addition to or in lieu of suspension or revocation, order refunds for any unlawful charges or enter a cease and desist order if the Administrator finds that:

1. The licensee or any entity or individual subject to the Oklahoma Pawnshop Act has failed to pay any fee or charge properly imposed by the Administrator under the authority of the Oklahoma Pawnshop Act;

2. The licensee, either knowingly or without the exercise of due care to prevent the same, has violated any provision of the Oklahoma Pawnshop Act or any rule or order lawfully made pursuant to and within the authority of the Oklahoma Pawnshop Act; or

3. Any fact or condition exists which, if it had existed or had been known to exist at the time of the original application for a license, clearly would have justified the Administrator in refusing the license.

C. Any licensee may surrender any license by delivering it to the Administrator with written notice of its surrender, but such surrender shall not affect the licensee's civil or criminal liability for acts committed prior thereto.

D. No revocation, suspension or surrender of any license shall impair or affect the obligation of any preexisting lawful contract between the licensee and any customer.

E. The Administrator may reinstate suspended licenses or issue new licenses to a person whose license or licenses have been revoked if no fact or condition then exists which clearly would have justified the Administrator in refusing originally to issue such license under the Oklahoma Pawnshop Act.

F. On application of any person and payment of the cost thereof, the Administrator shall furnish under the Administrator's seal and signature a certificate of good standing or a certified copy of any license.

G. The Commission on Consumer Credit shall prescribe by rule a fee for each license change, duplicate license, or returned check.

H. A licensee shall pay a late fee as prescribed by rule of the Commission on Consumer Credit if a license is not renewed by December 1.

I. Any entity or individual offering to engage or engaged in making pawn transactions in this state without a license shall be subject to a civil penalty not to exceed Five Thousand Dollars ($5,000.00).

J. The Administrator may impose a civil penalty as prescribed in subsection I of this section, after notice and hearing in accordance with Article II of the Administrative Procedures Act. Any administrative order or settlement agreement imposing a civil penalty pursuant to this section may be enforced in the same manner as civil judgments in this state. The Administrator may file an application to enforce an administrative order or settlement agreement imposing a civil penalty in the district court of Oklahoma County.

Added by Laws 1972, c. 255, § 7. Amended by Laws 2010, c. 415, § 16, eff. July 1, 2010.

§59-1508. Examination, investigations and access to records.

A. At such times as the Administrator of Consumer Credit may deem necessary, the Administrator or a duly authorized representative of the Administrator may make an examination of the place of business of each licensee and may inquire into and examine the transactions, books, accounts, papers, correspondence and records of such licensee insofar as they pertain to the business regulated by the Oklahoma Pawnshop Act. Such books, accounts, papers, correspondence, records and property taken, purchased or received shall also be open for inspection at any reasonable time to federal law enforcement officials and the chief of police, district attorney, sheriff or written designee of the law enforcement body in whose jurisdiction the pawnshop is located, without any need of judicial writ or other process. In the course of an examination,

the Administrator or duly authorized representative or any authorized peace officer shall have free access to the office, place of business, files, safes and vaults of such licensee, and shall have the right to make copies of any books, accounts, papers, correspondence and records insofar as they pertain to the business regulated by the Oklahoma Pawnshop Act. The Administrator or duly authorized representative may, during the course of such examination, administer oaths and examine any person under oath upon any subject pertinent to any matter about which the Administrator is authorized or required by the Oklahoma Pawnshop Act to consider, investigate or secure information. Any licensee who fails or refuses to permit the Administrator or duly authorized representative or any authorized peace officer to examine or make copies of such books or other relevant documents shall thereby be deemed in violation of the Oklahoma Pawnshop Act and such failure or refusal shall constitute grounds for the suspension or revocation of such license. The information obtained in the course of any examination or inspection shall be confidential, except in civil or administrative proceedings conducted by the Administrator, or criminal proceedings instituted by the state. Each licensee shall pay to the Administrator an examination fee. The Administrator may require payment of an examination fee either at the time of initial application, renewal of the license, or after an examination has been conducted.

B. Whenever a peace officer has probable cause to believe that property in possession of a licensed pawnbroker is stolen or embezzled, the peace officer of the local law enforcement agency of the municipality or other political subdivision in which the pawnshop resides may place a written hold order on the property. The initial term of the written hold order shall not exceed thirty (30) days. However, the holding period may be extended in successive thirty (30) day increments upon written notification prior to the expiration of the initial holding period. If the holding period has expired and has not been extended, the hold order shall be considered expired and no longer in effect, and title shall vest in the pawnbroker subject to any restrictions contained in the pawn contract. The initial written hold order shall contain the following information:

1. Signature of the pawnbroker or designee;

2. Name, title and identification number of the peace officer placing the hold order;

3. Name and address of the agency to which the peace officer is attached and the offense number;

4. Complete description of the property to be held, including model number, serial number and transaction number;

5. Name of agency reporting the property to be stolen or embezzled;

6. Mailing address of the pawnshop where the property is held; and

7. Expiration date of the holding period.

C. While a hold order is in effect, the pawnbroker may consent to release, upon written receipt, the stolen or embezzled property to the custody of the local law enforcement agency to which the peace officer placing the hold order is attached. The consent to release the stolen or embezzled property to the custody of law enforcement is not a waiver or release of the pawnbroker's property rights or interest in the property. Otherwise, the pawnbroker shall not release or dispose of the property except pursuant to a court order or the expiration of the holding period including all extensions. The district attorney's office shall notify the pawnbroker in writing in cases where criminal charges have been filed that the property may be needed as evidence. The notice shall contain the case number, the style of the case, and a description of the property. The pawnbroker shall hold such property until receiving notice of the disposition of the case from the district attorney's office. The district attorney's office shall notify the pawnbroker in writing within fifteen (15) days of the disposition of the case. Willful noncompliance of a pawnbroker to a written hold order shall be cause for the pawnbroker's license to either be suspended or revoked pursuant to paragraph 2 of subsection B of Section 1507 of this title. A hold order may be released prior to the expiration of any thirty-day holding period by written release from the agency placing the initial hold order.

D. For the purpose of discovering violations of the Oklahoma Pawnshop Act or of securing information required hereunder, the Administrator or duly authorized representative may investigate the books, accounts, papers, correspondence and records of any licensee or other person who the Administrator has reasonable cause to believe is violating any provision of the Oklahoma Pawnshop Act whether or not such person shall claim to be within the authority or scope of the Oklahoma Pawnshop Act. For the purpose of this section, any person who advertises for, solicits or holds himself out as willing to make pawn transactions shall be presumed to be a pawnbroker.

E. Each licensee shall keep or make available in this state such books and records relating to pawn transactions made under the Oklahoma Pawnshop Act as are necessary to enable the Administrator to determine whether the licensee is complying with the Oklahoma Pawnshop Act. Such books and records shall be consistent with accepted accounting practices.

F. Each licensee shall preserve or make available such books and records in this state relating to each of its pawn transactions for four (4) years from the date of the transaction, or two (2) years from the date of the final entry made thereon, whichever is

later. Each licensee's system of records shall be accepted if it discloses such information as may be reasonably required under the Oklahoma Pawnshop Act. All agreements signed by customers shall be kept at an office in this state designated by the licensee, except when transferred under an agreement which gives the Administrator access thereto. All credit sales made by a pawnbroker, other than those sales defined in paragraph 6 of Section 1502 of this title as a pawn transaction, shall be made in accordance with and subject to the provisions of Title 14A of the Oklahoma Statutes.

G. Each licensee shall, annually on or before the first day of May or other date thereafter fixed by the Administrator, file a report with the Administrator setting forth such relevant information as the Administrator may reasonably require concerning the business and operations during the preceding calendar year for each licensed place of business conducted by such licensee within the state. Such report shall be made under oath and shall be in the form prescribed by the Administrator, who may make and publish annually a consolidated analysis and recapitulation of such reports, but the individual reports shall be held confidential. There shall be a late fee of Fifty Dollars ($50.00) if such report is not filed on or before the date fixed by the Administrator.

H. The Administrator may promulgate rules necessary for the enforcement of the Oklahoma Pawnshop Act consistent with all its provisions. Before making such a rule relating to the licensees subject to the Oklahoma Pawnshop Act, the Administrator shall give each licensee at least thirty (30) days' written notice of a public hearing, stating the time and place thereof and the terms or substance of the proposed regulation. At the hearing, any licensee or other person may be heard and may introduce evidence, data or arguments or place the same on file. The Administrator, after consideration of all relevant matters presented, shall adopt and promulgate every rule in written form, stating the date of adoption and date of promulgation. Each such rule shall be entered in a permanent record book which shall be public record and be kept in the Administrator's office. A copy of every rule shall be mailed to each licensee, and no such rule shall become effective until the expiration of at least twenty (20) days after such mailing. On the application of any person and payment of the cost thereof, the Administrator shall furnish such person a certified copy of such rule.

I. Except as otherwise expressly provided in the Oklahoma Pawnshop Act, the Administrative Procedures Act, Sections 250 et seq. and 250.3 et seq. of Title 75 of the Oklahoma Statutes, applies to and governs all administrative actions and civil proceedings taken by the Administrator pursuant to the Oklahoma Pawnshop Act. Added by Laws 1972, c. 255, § 8. Amended by Laws 1988, c. 191, § 3, eff. Nov. 1, 1988; Laws 1992, c. 280, § 3, eff. Sept. 1, 1992; Laws

2010, c. 415, § 17, eff. July 1, 2010; Laws 2019, c. 107, § 2, eff. Nov. 1, 2019.

§59-1509. Disclosure and advertising.

A. General Disclosure Requirements. 1. All disclosures required by this act shall be made in accordance with the regulations of the Administrator and, in addition, such disclosures as applicable:

a. shall be made clearly and conspicuously;

b. shall be in writing, a copy of which shall be delivered to the customer;

c. may be supplemented by additional information or explanations supplied by the pawnbroker;

d. need be made only to the extent applicable and only as to those items for which the pawnbroker makes a separate charge to the customer; and

e. shall comply with this section although rendered inaccurate by any act, occurrence or agreement subsequent to the required disclosure.

2. The disclosures required by this section shall be made before credit is extended, but may be made in the pawn transaction, refinancing or consolidation agreement, or other evidence of the pawn transaction agreement to be signed by the customer if set forth conspicuously therein, and need be made only to one customer if there is more than one.

3. If any evidence of the pawn transaction agreement is signed by the customer, the pawnbroker shall give him a copy when the writing is signed.

4. Except as provided with respect to civil liability for violations of disclosure provisions, written acknowledgment of receipt by a customer to whom a statement is required to be given pursuant to this section:

a. in an action or proceeding by or against the original pawnbroker, creates a presumption that the statement was given; and

b. in an action or proceeding by or against an assignee without knowledge to the contrary when he acquires the obligation, is conclusive proof of the delivery of the statement and, unless the violation is apparent on the face of the statement, of compliance with this act.

5. Where the terms "finance charge" and "annual percentage rate" are required to be used, they shall be printed more conspicuously than other terminology required by this act. All numerical amounts and percentages shall be stated in figures and shall be printed in not less than the equivalent of ten point type, .075-inch computer type, or elite size typewritten numerals, or shall be legibly handwritten.

B. Calculation of Rate to be Disclosed. 1. If a pawnbroker is required to give to a customer a statement of the rate of the pawn finance charge, he shall state the rate in terms of an annual percentage rate calculated according to the actuarial method designated as "annual percentage rate" with respect to a pawn transaction, which is the quotient expressed as a percentage of the total pawn finance charge for the period to which it relates divided by the amount financed, multiplied by the number of these periods in a year.

2. A statement of rate complies with this act if it does not vary from the accurately computed rate by more than one quarter of one percent (1/4 of 1%) for a pawn transaction.

C. Overstatement. The disclosure of an amount or percentage which is greater than the amount or percentage required to be disclosed under this act does not in itself constitute a violation of this act if the overstatement is not materially misleading and is not used to avoid meaningful disclosure.

D. Specific Disclosure Provisions. 1. The pawnbroker shall give the customer the following information:

a. the name and address of the pawnbroker;

b. the name and address of the customer and the customer's description or the distinctive number from customer's driver's license or military identification;

c. the date of the transaction;

d. the net amount paid to, receivable by, or paid or payable for the account of the customer, designated as "amount financed";

e. the amount of the pawn finance charge, designated as "finance charge";

f. the rate of the pawn finance charge as applied to the amount financed, in accordance with the provisions on calculation of rate in Section 9, subsection B, of this act designated as "annual percentage rate";

g. the total amount which must be paid to redeem the pledged goods on the maturity date, designated as the "total of payments";

h. an identification of the property to which any security interest held or to be retained or acquired relates, and shall include serial numbers if reasonably available;

i. the maturity date of the pawn transaction; and

j. a statement to the effect that the customer is not obligated to redeem the pledged goods, and that the pledged goods may be forfeited to the pawnbroker thirty (30) days after the specified maturity date, provided that the pledged goods may be redeemed by the customer within thirty (30) days following the maturity date of the pawn transaction by payment of the originally agreed redemption price and the payment of an additional pawn

finance charge equal to one-thirtieth (1/30) of the original monthly pawn finance charge for each day following the original maturity date including the day on which the pledged goods are finally redeemed.

E. Consolidation. If the parties to a pawn transaction or consumer credit sale agree to a consolidation, the pawnbroker shall give to the customer the information required with respect to pawn transaction provisions. That portion of the pawn finance charge earned at the time of consolidation shall be no greater than one-thirtieth (1/30) of the pawn finance charge for each elapsed day from the date of the transaction. The amount with respect to the previous transaction or sale to be consolidated shall be separately stated and shall be added to the net amount paid to, receivable by, or paid or payable for the account of the customer in connection with the subsequent transaction.

F. Advertising. 1. No pawnbroker shall engage in this state in false or misleading advertising concerning the terms or conditions of credit with respect to a pawn transaction.

2. Without limiting the generality of subsection 1 of this section an advertisement with respect to a pawn transaction made by the posting of a public sign, or by catalog, magazine, newspaper, radio, television or similar mass media, is misleading if:

a. it states the rate of the pawn finance charge and the rate is not stated in the form required by the provisions on calculation of rate to be disclosed; or

b. it states the dollar amounts of the pawn finance charge and does not also state the rate of any pawn finance charge.

3. In this section a catalog or other multiple-page advertisement is considered a single advertisement if it clearly and conspicuously displays a credit terms table setting forth the information required by this section.

4. This section imposes no liability on the owner or personnel, as such, of any medium in which an advertisement appears or through which it is disseminated.

5. Advertising which complies with the Federal Consumer Credit Protection Act does not violate subsection 2 of this section. Laws 1972, c. 255, § 9.

§59-1510. Pawn finance charge.

A. Except as provided in subsection F of Section 1511 of this title, no pawnbroker may contract for, charge or receive any amount as a charge in connection with a pawn transaction other than a pawn finance charge, and no pawn finance charge calculated according to the actuarial method shall exceed an amount equal to twenty percent (20%) of the amount financed which does not exceed Two Hundred Fifty Dollars ($250.00), financed for one (1) month; fifteen percent (15%) of that amount financed which is more than Two Hundred Fifty Dollars

($250.00) but does not exceed Five Hundred Dollars ($500.00), financed for one (1) month; ten percent (10%) of that amount financed which is more than Five Hundred Dollars ($500.00) but does not exceed One Thousand Dollars ($1,000.00), financed for one (1) month; and five percent (5%) of that amount financed which is more than One Thousand Dollars ($1,000.00), but does not exceed Five Thousand Dollars ($5,000.00), financed for one (1) month; three percent (3%) of that amount financed which is more than Five Thousand Dollars ($5,000.00) but does not exceed Twenty-five Thousand Dollars ($25,000.00), financed for one (1) month. Provided, however, a minimum pawn finance charge not to exceed One Dollar ($1.00) may be charged in lieu of the rates stated herein without regard to the amount financed. In no case shall the amount financed exceed Twenty-five Thousand Dollars ($25,000.00).

B. Refinancing of Pawn Transaction. The maturity date of any pawn transaction may be changed to a subsequent date, one or more times, by agreement between the customer and the pawnbroker, evidenced by a writing as for a new transaction and all disclosures shall be made to the customer as in the case of a new pawn transaction in accordance with Section 1501 et seq. of this title, and in such case the pawnbroker may contract for and receive a pawn finance charge computed in accordance with this section as for a new transaction.

C. Limitation on Charges. Except as otherwise expressly provided for in the Oklahoma Pawnshop Act, no pawnbroker may contract for or receive any amount as a charge in connection with a pawn transaction.

D. Additional Pawn Finance Charges. Pledged goods not redeemed by the customer on or before the date fixed as the maturity date for the transaction in the pawn agreement or disclosure statement delivered, shall be held by the pawnbroker for at least thirty (30) days following such date, and may be redeemed by the customer within such period by the payment of the originally agreed redemption price and the payment of an additional pawn finance charge equal to one-thirtieth (1/30) of the original monthly pawn finance charge for each day following the original maturity date including the day on which the pledged goods are finally redeemed.

E. Refunds. The pawn finance charges authorized in this section shall be deemed to be earned at the time the pawn transaction is made and shall not be subject to refund, except as otherwise provided for in subsection E of Section 1509 of this title.

Added by Laws 1972, c. 255, § 10. Amended by Laws 1988, c. 191, § 4, eff. Nov. 1, 1988; Laws 1993, c. 35, § 2, eff. Sept. 1, 1993; Laws 2021, c. 361, § 1, eff. Nov. 1, 2021.

§59-1511. Limitation on agreements and practices.

A. Multiple Agreements. No pawnbroker shall separate or divide a pawn transaction into two or more transactions for the purpose or with the effect of obtaining a total pawn finance charge in excess of that authorized for an amount equal to the total of the amounts financed in the resulting transactions.

B. Customer's Personal Liabilities Prohibited. Even though a pawn transaction subject to Section 1501 et seq. of this title creates a debtor-creditor relationship, no pawnbroker shall make any agreement requiring the personal liability of a customer in connection with a pawn transaction, and no customer shall have an obligation to redeem pledged goods or make any payment on a pawn transaction. The only recourse of a pawnbroker where the customer has pledged goods shall be to the pledged goods themselves, unless the pledged goods are found to be stolen, embezzled, mortgaged or otherwise pledged or encumbered. Upon the customer being officially notified by a peace officer that the goods he pledged or sold to a pawnbroker were stolen or embezzled, the customer shall be liable to repay the pawnbroker the full amount the customer received from the pawn or buy transaction. Any pledged goods not redeemed within thirty (30) days following the last fixed maturity date may thereafter, at the option of the pawnbroker, be forfeited and become the property of the pawnbroker.

C. Prohibited Practices. A pawnbroker shall not:

1. Accept a pledge or purchase property from a person, male or female, under the age of eighteen (18) years;

2. Accept any waiver, in writing or otherwise, of any right or protection accorded a customer under this act;

3. Fail to exercise reasonable care to protect pledged goods from loss or damage;

4. Fail to return pledged goods to a customer upon payment of the full amount due the pawnbroker on the pawn transaction, unless a hold order has been placed on the pledged goods by an authorized peace officer or the pledged goods are in the custody of law enforcement;

5. Make any charge for insurance in connection with a pawn transaction, except as provided in subsection F of this section;

6. Enter any pawn transaction which has a maturity date more than one (1) month after the date of the transaction; or

7. Accept collateral or buy merchandise from a person unable to supply verification of identity by photo I.D. by either a state-issued identification card, driver's license or federal government-issued identification card or by readable fingerprint of right or left index finger on the back of the pawn or buy transaction copy to be retained for the pawnbroker's record.

D. Presumption. Except as otherwise provided by this act, any person properly identifying himself as the original customer in the pawn transaction or as the assignee thereof, and presenting a pawn

transaction agreement to the pawnbroker shall be presumed to be entitled to redeem the pledged goods described therein.

E. Lost or Destroyed Transaction Agreement. If the pawn transaction agreement is lost, destroyed or stolen, the customer may so notify the pawnbroker in writing, and receipt of such notice shall invalidate such pawn transaction agreement, if the pledged goods have not previously been redeemed. Before delivering the pledged goods or issuing a new pawn transaction agreement, the pawnbroker may require the customer to make affidavit of the loss, destruction or theft of the agreement.

F. Insurance. 1. A pawnbroker may offer insurance to a customer at the time of the pawn transaction to provide coverage during the pawn contract period for the declared value of the items pawned. The purchase of insurance shall be at the option of the customer.

2. A pawnbroker may not offer insurance coverage unless the pawnbroker:

a. is licensed as a limited insurance representative for the purpose of providing insurance coverage for pawned merchandise, as required by Section 1424 of Title 36 of the Oklahoma Statutes,

b. has filed with the Administrator of the Department of Consumer Credit a copy of the insurance policy which shall have been issued by an insurer authorized by the Insurance Commissioner to transact insurance in this state, and

c. has posted a copy of the policy in a conspicuous place which is readily available to the customer.

§59-1512v1. Administration and enforcement.

A. Rule Making Power. The Administrator shall have the same authority to adopt, amend and repeal rules as is conferred upon him by paragraph (e) of subsection (1), and subsections (2) and (3) of Section 6-104 of Title 14A of the Oklahoma Statutes, as applicable, and such rules shall have the same effect as provided in subsection (4) of Section 6-104 thereunder. In addition, the Administrator may adopt, amend and repeal such other rules as are necessary for the enforcement of the provisions of Section 1501 et seq. of this title and consistent with all its provisions.

B. Administrative Enforcement. Compliance with the provisions of this act may be enforced by the Administrator who may exercise, for such purpose, all the powers enumerated in Part 1 of Article 6, Title 14A of the Oklahoma Statutes, in the same manner as in relation to consumer credit transactions under that act, as well as those powers conferred in this act.

C. Criminal Penalties. 1. Any person who engages in the business of operating a pawn shop without first securing the license prescribed by this act shall be guilty of a misdemeanor and upon conviction thereof shall be punished by a fine not in excess of One Thousand Dollars ($1,000.00), by confinement in the county jail for not more than six (6) months or by both.

2. Any person selling or pledging property to a pawnbroker who uses false or altered identification or a false declaration of ownership as related to the provisions of Section 1515 of this title shall, if the value of the property is One Thousand Dollars ($1,000.00) or more, be guilty of a felony, and upon conviction shall be punished by imprisonment in the State Penitentiary not to exceed five (5) years or in the county jail not to exceed one (1) year, or by a fine not to exceed Five Hundred Dollars ($500.00), or by both such imprisonment and fine. If the value of the property received is less than One Thousand Dollars ($1,000.00), the person shall be guilty of a misdemeanor and shall be punished by a fine of not more than Five Hundred Dollars ($500.00) or by imprisonment in the county jail for a term not to exceed six (6) months, or by both such fine and imprisonment. demand, the pawnbroker shall be obligated to return to the customer, as a refund, all amounts paid in connection with the transaction by the customer and the pledged goods delivered to the pawnbroker in connection with the pawn transaction or their value if the goods cannot be returned. If a customer is entitled to a refund under this section and a pawnbroker liable to the customer refuses to make the refund within a reasonable time after demand, the customer shall have an action against the pawnbroker and in the case of a successful action to enforce such liability, the costs of the action together with attorney fees as determined by the court shall be awarded to the customer.

2. A pawnbroker who fails to disclose information to a customer entitled to the information under this act is liable to that person in an amount equal to the sum of:

a. twice the amount of the pawn finance charge in connection with the transaction, or One Hundred Dollars ($100.00), whichever is greater~~;~~, and

All licenses granted under this act shall be suspended on the date of the policy cancellation. The Board must receive proof of insurance prior to reinstating the license;

8. The applicant shall submit proof of satisfactory workers' compensation coverage under the Workers' Compensation Act or an affidavit of exemption or self-insurance as authorized pursuant to the Workers' Compensation Act;

9. Disclosure of any felony convictions; and

10. Applicants for poultry house contractor license shall provide such additional documents, statements or other information as may be deemed appropriate or necessary and required by the Board.

A. 1. Effective January 1, 2026, no contractor or journeyman license shall be renewed unless the licensee has completed twelve (12) hours of continuing education every three (3) years or thirty-six (36) months preceding license renewal. If a license expires before the licensee completes the continuing education requirement, any continuing education that is completed while the license is expired will be applied to the continuing education requirement for the thirty-six (36) months preceding the date the license expired. Once the continuing education requirement for the expired license is met, along with any other requirements, the expired license may be renewed. Twelve (12) hours of continuing education will have to be completed in order to meet the continuing education requirement for the subsequent thirty-six-month period. The continuing education course and instructor shall be approved in advance by the Committee of Electrical Examiners. Exceptions to advance approval, or post-course approval, may be allowed by the Committee, or its designee, for substitute instructors in emergency situations when written notice of the emergency is provided to the Committee, or its designee, within seven (7) days of the course. The location of continuing education courses shall be at the discretion of the course provider and may be scheduled during the workday at the discretion of the course provider. The continuing education

material shall cover six (6) hours of codes and revisions adopted by the Oklahoma Uniform Building Code Commission (OUBCC). 2. Effective January 1, 2026, no apprentice shall be permitted to reregister unless the apprentice registrant has completed three (3) hours of continuing education every year preceding re-registration. If a registration expires before the registrant completes the continuing education requirement, any continuing education that is completed while the registration is expired will be applied to the continuing education requirement for the year preceding the date the registration expired. Once the continuing education requirement for the expired registration is met, along with any other requirements, the apprentice is allowed to re-register after having an expired registration. Three (3) hours of continuing education will still have to be completed in order to meet the continuing education requirement for the subsequent registration year. The continuing education course and instructor shall be approved in advance by the Committee. F. A Member State may take Adverse Action based on the factual findings of another Remote State, provided that the Member State follows its own procedures for taking the Adverse Action.

G. Joint Investigations.

1. In addition to the authority granted to a Member State by its respective State law, any Member State may participate with other Member States in joint investigations of Licensees.

2. Member States shall share any investigative, litigation, or compliance materials in furtherance of any joint investigation initiated under the Compact.

H. If Adverse Action is taken by the Home State against a Licensee's Home State License resulting in an Encumbrance on the Home State License, the Licensee's Compact Privilege(s) in all other Member States shall be revoked until all Encumbrances have been removed from the Home State License. All Home State disciplinary orders that impose Adverse Action against a Licensee shall include a statement that the Licensee's Compact Privileges are revoked in all Member States during the pendency of the order.

I. Once an Encumbered License in the Home State is restored to an Unencumbered License (as certified by the Home State's Licensing Authority), the Licensee must meet the requirements of Section 4(A) and follow the administrative requirements to reapply to obtain a Compact Privilege in any Remote State.

J. If a Member State takes Adverse Action, it shall promptly notify the administrator of the Data System. The administrator of the Data System shall promptly notify the other Member States of any Adverse Actions.

K. Nothing in this Compact shall override a Member State's decision that participation in an Alternative Program may be used in lieu of Adverse Action.

The Compact Commission's legal counsel shall certify that the Compact Commission's need to meet qualifies as an emergency.

2. The Compact Commission or the Executive Committee or other committees of the Compact Commission may convene in a closed, nonpublic meeting for the Compact Commission or Executive Committee or other committees of the Compact Commission to receive legal advice or to discuss:

G. Financing of the Compact Commission.

1. The Compact Commission shall pay, or provide for the payment of, the reasonable expenses of its establishment, organization, and ongoing activities.

2. The Compact Commission may accept any and all appropriate revenue sources as provided in subsection (C)(13) of this section.

3. The Compact Commission may levy on and collect an annual assessment from each Member State and impose fees on Licensees of Member States to whom it grants a Compact Privilege to cover the cost of the operations and activities of the Compact Commission and its staff, which must, in a total amount, be sufficient to cover its annual budget as approved each year for which revenue is not provided by other sources. The aggregate annual assessment amount for Member States shall be allocated based upon a formula that the Compact Commission shall promulgate by Rule.

H. Qualified Immunity, Defense, and Indemnification.

1. The members, officers, executive director, employees and representatives of the Compact Commission shall be immune from suit and liability, both personally and in their official capacity, for any claim for damage to or loss of property or personal injury or other civil liability caused by or arising out of any actual or

alleged act, error, or omission that occurred, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of Compact Commission employment, duties, or responsibilities; provided, that nothing in this paragraph shall be construed to protect any such person from suit or liability for any damage, loss, injury, or liability caused by the intentional or willful or wanton misconduct of that person. The procurement of insurance of any type by the Compact Commission shall not in any way compromise or limit the immunity granted hereunder.

2. The Compact Commission shall defend any member, officer, executive director, employee, and representative of the Compact Commission in any civil action seeking to impose liability arising out of any actual or alleged act, error, or omission that occurred within the scope of Compact Commission employment, duties, or responsibilities, or as determined by the Compact Commission that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of Compact Commission employment, duties, or responsibilities; provided that nothing herein shall be construed to prohibit that person from retaining their own counsel at their own expense; and provided further, that the actual or alleged act, error, or omission did not result from that person's intentional or willful or wanton misconduct.

3. The Compact Commission shall indemnify and hold harmless any member, officer, executive director, employee, and representative of the Compact Commission for the amount of any settlement or judgment obtained against that person arising out of any actual or alleged act, error, or omission that occurred within the scope of Compact Commission employment, duties, or responsibilities, or that such person had a reasonable basis for believing occurred within the scope of Compact Commission employment, duties, or responsibilities, provided that the actual or alleged act, error, or omission did not result from the intentional or willful or wanton misconduct of that person.

4. Nothing herein shall be construed as a limitation on the liability of any Licensee for professional malpractice or misconduct, which shall be governed solely by any other applicable State laws.

5. Nothing in this Compact shall be interpreted to waive or otherwise abrogate a Member State's state action immunity or state action affirmative defense with respect to antitrust claims under the Sherman Act, Clayton Act, or any other State or federal antitrust or anticompetitive law or regulation.

6. Nothing in this Compact shall be construed to be a waiver of sovereign immunity by the Member States or by the Compact Commission.

SECTION 9: DATA SYSTEM

A. The Compact Commission shall provide for the development, maintenance, operation, and utilization of a coordinated Data System.

B. The Compact Commission shall assign each applicant for a Compact Privilege a unique identifier, as determined by the Rules.

C. Notwithstanding any other provision of State law to the contrary, a Member State shall submit a uniform data set to the Data System on all individuals to whom this Compact is applicable as required by the Rules of the Compact Commission, including:

1. Identifying information;

2. Licensure data;

3. Adverse Actions against a License or Compact Privilege and information related thereto;

4. Nonconfidential information related to Alternative Program participation, the beginning and ending dates of such participation, and other information related to such participation not made confidential under Member State law;

5. Any denial of application for licensure, and the reason(s) for such denial;

6. The presence of Current Significant Investigative Information; and

7. Other information that may facilitate the administration of this Compact or the protection of the public, as determined by the Rules of the Compact Commission.

D. The records and information provided to a Member State pursuant to this Compact or through the Data System, when certified by the Compact Commission or an agent thereof, shall constitute the authenticated business records of the Compact Commission, and shall be entitled to any associated hearsay exception in any relevant judicial, quasi-judicial, or administrative proceedings in a Member State.

E. Current Significant Investigative Information pertaining to a Licensee in any Member State will only be available to other Member States.

F. It is the responsibility of the Member States to report any Adverse Action against a Licensee and to monitor the Data System to determine whether any Adverse Action has been taken against a Licensee. Adverse Action information pertaining to a Licensee in any Member State will be available to any other Member State.

G. Member States contributing information to the Data System may designate information that may not be shared with the public without the express permission of the contributing State.

H. Any information submitted to the Data System that is subsequently expunged pursuant to federal law or the laws of the Member State contributing the information shall be removed from the Data System.

SECTION 10: RULEMAKING

A. The Compact Commission shall promulgate reasonable Rules in order to effectively and efficiently implement and administer the purposes and provisions of the Compact. A Rule shall be invalid and have no force or effect only if a court of competent jurisdiction holds that the Rule is invalid because the Compact Commission exercised its rulemaking authority in a manner that is beyond the scope and purposes of the Compact, or the powers granted hereunder, or based upon another applicable standard of review.

B. The Rules of the Compact Commission shall have the force of law in each Member State; provided, however, that where the Rules conflict with the laws or regulations of a Member State that relate to the procedures, actions, and processes a Licensed Dietitian is permitted to undertake in that State and the circumstances under which they may do so, as held by a court of competent jurisdiction, the Rules of the Compact Commission shall be ineffective in that State to the extent of the conflict.

C. The Compact Commission shall exercise its rulemaking powers pursuant to the criteria set forth in this section and the Rules adopted thereunder. Rules shall become binding on the day following adoption or as of the date specified in the Rule or amendment, whichever is later.

D. If a majority of the legislatures of the Member States rejects a Rule or portion of a Rule, by enactment of a statute or resolution in the same manner used to adopt the Compact within four (4) years of the date of adoption of the Rule, then such Rule shall have no further force and effect in any Member State.

E. Rules shall be adopted at a regular or special meeting of the Compact Commission.

F. Prior to adoption of a proposed Rule, the Compact Commission shall hold a public hearing and allow persons to provide oral and written comments, data, facts, opinions, and arguments.

G. Prior to adoption of a proposed Rule by the Compact Commission, and at least thirty (30) days in advance of the meeting at which the Compact Commission will hold a public hearing on the proposed Rule, the Compact Commission shall provide a Notice of Proposed rulemaking:

1. On the website of the Compact Commission or other publicly accessible platform;

2. To persons who have requested notice of the Compact Commission’s notices of proposed rulemaking; and

3. In such other way(s) as the Compact Commission may by Rule specify.

H. The Notice of Proposed rulemaking shall include:

1. The time, date, and location of the public hearing at which the Compact Commission will hear public comments on the proposed Rule and, if different, the time, date, and location of the meeting

where the Compact Commission will consider and vote on the proposed Rule;

2. If the hearing is held via telecommunication, video conference, or other means of communication, the Compact Commission shall include the mechanism for access to the hearing in the Notice of Proposed rulemaking;

3. The text of the proposed Rule and the reason therefore;

4. A request for comments on the proposed Rule from any interested person; and

5. The manner in which interested persons may submit written comments.

I. All hearings will be recorded. A copy of the recording and all written comments and documents received by the Compact Commission in response to the proposed Rule shall be available to the public.

J. Nothing in this section shall be construed as requiring a separate hearing on each Rule. Rules may be grouped for the convenience of the Compact Commission at hearings required by this section.

K. The Compact Commission shall, by majority vote of all members, take final action on the proposed Rule based on the rulemaking record and the full text of the Rule.

1. The Compact Commission may adopt changes to the proposed Rule provided the changes do not enlarge the original purpose of the proposed Rule.

2. The Compact Commission shall provide an explanation of the reasons for substantive changes made to the proposed Rule as well as reasons for substantive changes not made that were recommended by commenters.

3. The Compact Commission shall determine a reasonable effective date for the Rule. Except for an emergency as provided in Section 10(L), the effective date of the Rule shall be no sooner than thirty (30) days after issuing the notice that it adopted or amended the Rule.

L. Upon determination that an emergency exists, the Compact Commission may consider and adopt an emergency Rule with twenty-four (24) hours' notice, with opportunity to comment, provided that the usual rulemaking procedures provided in the Compact and in this section shall be retroactively applied to the Rule as soon as reasonably possible, in no event later than ninety (90) days after the effective date of the Rule. For the purposes of this provision, an emergency Rule is one that must be adopted immediately in order to:

1. Meet an imminent threat to public health, safety, or welfare;

2. Prevent a loss of Compact Commission or Member State funds;

3. Meet a deadline for the promulgation of a Rule that is established by federal law or rule; or

4. Protect public health and safety.

M. The Compact Commission or an authorized committee of the Compact Commission may direct revision to a previously adopted Rule for purposes of correcting typographical errors, errors in format, errors in consistency, or grammatical errors. Public notice of any revision shall be posted on the website of the Compact Commission. The revision shall be subject to challenge by any person for a period of thirty (30) days after posting. The revision may be challenged only on grounds that the revision results in a material change to a Rule. A challenge shall be made in writing and delivered to the Compact Commission prior to the end of the notice period. If no challenge is made, the revision will take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the Compact Commission.

N. No Member State's rulemaking requirements shall apply under this Compact.

SECTION 11: OVERSIGHT, DISPUTE RESOLUTION, AND ENFORCEMENT

A. Oversight.

1. The executive and judicial branches of State government in each Member State shall enforce this Compact and take all actions necessary and appropriate to implement this Compact.

2. Except as otherwise provided in this Compact, venue is proper and judicial proceedings by or against the Compact Commission shall be brought solely and exclusively in a court of competent jurisdiction where the principal office of the Compact Commission is located. The Compact Commission may waive venue and jurisdictional defenses to the extent it adopts or consents to participate in alternative dispute resolution proceedings. Nothing herein shall affect or limit the selection or propriety of venue in any action against a Licensee for professional malpractice, misconduct, or any such similar matter.

3. The Compact Commission shall be entitled to receive service of process in any proceeding regarding the enforcement or interpretation of the Compact and shall have standing to intervene in such a proceeding for all purposes. Failure to provide the Compact Commission service of process shall render a judgment or order void as to the Compact Commission, this Compact, or promulgated Rules.

B. Default, Technical Assistance, and Termination.

1. If the Compact Commission determines that a Member State has defaulted in the performance of its obligations or responsibilities under this Compact or the promulgated Rules, the Compact Commission shall provide written notice to the defaulting State. The notice of default shall describe the default, the proposed means of curing the default, and any other action that the Compact Commission may take

and shall offer training and specific technical assistance regarding the default.

2. The Compact Commission shall provide a copy of the notice of default to the other Member States.

C. If a State in default fails to cure the default, the defaulting State may be terminated from the Compact upon an affirmative vote of a majority of the delegates of the Member States, and all rights, privileges, and benefits conferred on that State by this Compact may be terminated on the effective date of termination. A cure of the default does not relieve the offending State of obligations or liabilities incurred during the period of default.

D. Termination of membership in the Compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the Compact Commission to the governor, the majority and minority leaders of the defaulting State's legislature, the defaulting State's Licensing Authority, and each of the Member States' Licensing Authorities.

E. A State that has been terminated is responsible for all assessments, obligations, and liabilities incurred through the effective date of termination, including obligations that extend beyond the effective date of termination.

F. Upon the termination of a State's membership from this Compact, that State shall immediately provide notice to all Licensees within that State of such termination. The terminated State shall continue to recognize all Compact Privileges granted pursuant to this Compact for a minimum of six (6) months after the date of said notice of termination.

G. The Compact Commission shall not bear any costs related to a State that is found to be in default or that has been terminated from the Compact, unless agreed upon in writing between the Compact Commission and the defaulting State.

H. The defaulting State may appeal the action of the Compact Commission by petitioning the United States District Court for the District of Columbia or the federal district where the Compact Commission has its principal offices. The prevailing party shall be awarded all costs of such litigation, including reasonable attorney's fees.

I. Dispute Resolution.

1. Upon request by a Member State, the Compact Commission shall attempt to resolve disputes related to the Compact that arise among Member States and between Member and non-Member States.

2. The Compact Commission shall promulgate a Rule providing for both mediation and binding dispute resolution for disputes as appropriate.

J. Enforcement.

1. By supermajority vote, the Compact Commission may initiate legal action against a Member State in default in the United States District Court for the District of Columbia or the federal district where the Compact Commission has its principal offices to enforce compliance with the provisions of the Compact and its promulgated Rules. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing party shall be awarded all costs of such litigation, including reasonable attorney's fees. The remedies herein shall not be the exclusive remedies of the Compact Commission. The Compact Commission may pursue any other remedies available under federal or the defaulting Member State's law.

2. A Member State may initiate legal action against the Compact Commission in the United States District Court for the District of Columbia or the federal district where the Compact Commission has its principal offices to enforce compliance with the provisions of the Compact and its promulgated Rules. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing party shall be awarded all costs of such litigation, including reasonable attorney's fees.

3. No party other than a Member State shall enforce this Compact against the Compact Commission.

SECTION 12: EFFECTIVE DATE, WITHDRAWAL, AND AMENDMENT

A. The Compact shall come into effect on the date on which the Compact statute is enacted into law in the seventh Member State.

1. On or after the effective date of the Compact, the Compact Commission shall convene and review the enactment of each of the first seven Member States ("Charter Member States") to determine if the statute enacted by each such Charter Member State is materially different than the model Compact statute.

   a. A Charter Member State whose enactment is found to be materially different from the model Compact statute shall be entitled to the default process set forth in Section 11.

   b. If any Member State is later found to be in default, or is terminated, or withdraws from the Compact, the Compact Commission shall remain in existence and the Compact shall remain in effect even if the number of Member States should be less than seven.

2. Member States enacting the Compact subsequent to the seven initial Charter Member States shall be subject to the process set forth in Section 8(C)(21) to determine if their enactments are materially different from the model Compact statute and whether they qualify for participation in the Compact.

3. All actions taken for the benefit of the Compact Commission or in furtherance of the purposes of the administration of the Compact prior to the effective date of the Compact or the Compact

Commission coming into existence shall be considered to be actions of the Compact Commission unless specifically repudiated by the Compact Commission.

4. Any State that joins the Compact subsequent to the Compact Commission's initial adoption of the Rules and bylaws shall be subject to the Rules and bylaws as they exist on the date on which the Compact becomes law in that State. Any Rule that has been previously adopted by the Compact Commission shall have the full force and effect of law on the day the Compact becomes law in that State.

B. Any Member State may withdraw from this Compact by enacting a statute repealing the same.

1. A Member State's withdrawal shall not take effect until one hundred eighty (180) days after enactment of the repealing statute.

2. Withdrawal shall not affect the continuing requirement of the withdrawing State's Licensing Authority to comply with the investigative and Adverse Action reporting requirements of this Compact prior to the effective date of withdrawal.

3. Upon the enactment of a statute withdrawing from this Compact, a State shall immediately provide notice of such withdrawal to all Licensees within that State. Notwithstanding any subsequent statutory enactment to the contrary, such withdrawing State shall continue to recognize all Compact Privileges granted pursuant to this Compact for a minimum of one hundred eighty (180) days after the date of such notice of withdrawal.

C. Nothing contained in this Compact shall be construed to invalidate or prevent any licensure agreement or other cooperative arrangement between a Member State and a non-Member State that does not conflict with the provisions of this Compact.

D. This Compact may be amended by the Member States. No amendment to this Compact shall become effective and binding upon any Member State until it is enacted into the laws of all Member States.

SECTION 13: CONSTRUCTION AND SEVERABILITY

A. This Compact and the Compact Commission's rulemaking authority shall be liberally construed so as to effectuate the purposes and the implementation and administration of the Compact. Provisions of the Compact expressly authorizing or requiring the promulgation of Rules shall not be construed to limit the Compact Commission's rulemaking authority solely for those purposes.

B. The provisions of this Compact shall be severable and if any phrase, clause, sentence, or provision of this Compact is held by a court of competent jurisdiction to be contrary to the constitution of any Member State, a State seeking participation in the Compact, or of the United States, or the applicability thereof to any government, agency, person, or circumstance is held to be unconstitutional by a court of competent jurisdiction, the validity

of the remainder of this Compact and the applicability thereof to any other government, agency, person, or circumstance shall not be affected thereby.

C. Notwithstanding Section 13(B), the Compact Commission may deny a State's participation in the Compact or, in accordance with the requirements of Section 11(B), terminate a Member State's participation in the Compact, if it determines that a constitutional requirement of a Member State is a material departure from the Compact. Otherwise, if this Compact shall be held to be contrary to the constitution of any Member State, the Compact shall remain in full force and effect as to the remaining Member States and in full force and effect as to the Member State affected as to all severable matters.

SECTION 14: CONSISTENT EFFECT AND CONFLICT WITH OTHER STATE LAWS

A. Nothing herein shall prevent or inhibit the enforcement of any other law of a Member State that is not inconsistent with the Compact.

B. Any laws, statutes, regulations, or other legal requirements in a Member State in conflict with the Compact are superseded to the extent of the conflict.

C. All permissible agreements between the Compact Commission and the Member States are binding in accordance with their terms.

B. Any qualified applicant meeting the requirements for more than one of the positions of private investigator, security guard, armed security guard, bail enforcer, or armed bail enforcer may be issued a separate license for each position for which qualified, or in the discretion of the Council, a combination license provided the required license fees are paid.

C. 1. A private investigator may carry a firearm, if the private investigator also performs the functions of an armed security guard, under the authority of the armed security guard license.

2. If the private investigator performs no functions of an armed security guard, the Council may issue an armed private investigator license. If a person has been issued an armed private investigator license, the Council may issue an armed bail enforcer license if the applicant is otherwise eligible and qualified. The applicant for an armed private investigator license must complete Phase I, III and IV training and pass the psychological examination and state test; provided however, active certified peace officers and retired certified peace officers shall be exempt from the psychological examination as provided in Section 1750.3A of this title, and active certified peace officers of any state, county or municipal law enforcement agency in this state shall be exempt from the Phase I, III and IV training and state test for an armed private investigator. The Council will charge the same fee for the armed private investigators license as the cost of the armed security guard license; provided however, an active certified peace officer who is an applicant for an armed private investigator or armed security guard license shall be charged only twenty percent (20%) of the required fee.

3. Any person issued an armed private investigator license may carry a concealed or unconcealed firearm when on and off duty, provided the person is in possession of a valid driver license and a valid armed private investigator license.

4. Any person issued an armed bail enforcer license may carry a concealed approved pistol, or may open-carry an approved pistol with a visible bail enforcer badge affixed to the holster or belt immediately next to the firearm while wearing clearly marked apparel designating the person as a "Bail Enforcer" or "Bail Enforcement" when actively engaged in the recovery of a defendant, subject to all rules for use and conduct of firearms promulgated by the Council. An armed bail enforcer shall be permitted to carry a concealed pistol when not actively engaged in the recovery of a defendant provided the bail enforcer badge authorized or issued by CLEET and a

state-issued driver license or identification card are in the possession of the person while carrying the firearm.

D. Any identification card or badge issued to a person meeting the license requirements for an armed security guard, an armed private investigator or armed bail enforcer shall be distinct and shall explicitly state that the person is authorized to carry a firearm pursuant to the provisions of the Oklahoma Security Guard and Private Investigator Act or the Bail Enforcement and Licensing Act. Upon receipt of the license and identification card, the armed security guard, armed private investigator or armed bail enforcer is authorized to carry a firearm subject to the respective provisions of the Oklahoma Security Guard and Private Investigator Act or the Bail Enforcement and Licensing Act and the rules promulgated by the Council.

E. The Council may issue a conditional license to a person employed by a security or investigative agency under the conditions set forth in this subsection, this statute and procedures and/or rules established by CLEET. A conditional training license may be issued to a trainee for an unarmed security guard or unarmed private investigator position, or armed private investigator position when the person has submitted a properly completed application, made under oath, subject to the conditions set forth below. 1. A conditional license, either for training or pending background investigation, shall authorize employees to perform the same functions that regular unarmed licensees perform, but subject to supervision by the employing agency as the Council may prescribe;

2. The holder of a conditional training license shall complete the necessary training requirements within one hundred eighty (180) days from the effective date of the conditional license, after which the conditional license shall expire;

3. A holder of any type of conditional license as an armed security guard or armed private investigator shall not carry a firearm in the performance of duties until after completing the required course of training including firearms training as prescribed by the Council, the completion of the required background check and application process illustrating that the applicant meets all requirements for the requested license, and having been issued a regular license by the Council;

4. A conditional license may be renewed at the discretion of the Council, if necessary to allow an applicant to complete any training required for a regular license;

5. A conditional license, whether for training or pending background investigation may be denied, suspended or withdrawn at the discretion of CLEET. Notwithstanding any other provisions of law, a conditional license is not an individual proceeding and is not subject to the Administrative Procedure Act, as provided for in Section 250 et seq. of Title 75 of the Oklahoma Statutes. CLEET may deny, suspend or withdraw a conditional license by mailing, by United States Postal Service mail, a letter of withdrawal to the applicant's address on file with CLEET and to the employing agency;

6. Whenever a conditional license is issued by CLEET, the license or documentation provided to the conditional licensee shall prominently state "CONDITIONAL LICENSE" and "HOLDER IS NOT PERMITTED TO CARRY A FIREARM";

7. When the Council finds that a conditional license holder has completed the required training and is otherwise qualified for a license pursuant to the provisions of the Oklahoma Security Guard and Private Investigator Act, the Council shall issue a regular license; and

8. The Council shall be prohibited from issuing a conditional license to a bail enforcer under the Bail Enforcement and Licensing Act.

F. A Security Agency License may be issued to an individual, corporation, or other legal entity meeting the following qualifications:

1. If the license is to be issued in the name of a legal entity other than a natural person, the applicant must furnish proof that the entity is legally recognized, such as the issuance of a corporate charter; and

2. The executive officer, manager, or other person in charge of supervising security guards in the performance of their duties shall be a licensed security guard.

G. An Investigative Agency License may be issued to an individual, corporation, or other legal entity meeting the following qualifications:

1. If the license is to be issued in the name of a legal entity other than a natural person, the applicant must furnish proof that the entity is legally recognized, such as the issuance of a corporate charter;

2. Any person, otherwise qualified, may own a private investigation agency; and

3. A self-employed private investigator who employs no other investigators shall also be licensed as an investigative agency, but shall only be required to be insured or bonded as a self-employed private investigator.

H. A Security Guard License, Armed Security Guard License, Private Investigator License, Armed Private Investigator License, or combination thereof may be issued to an applicant meeting the following qualifications. The applicant shall:

1. Be a citizen of the United States or an alien legally residing in the United States;

2. Be at least eighteen (18) years of age, except that an applicant for an Armed Security Guard License or Armed Private Investigator License shall be at least twenty-one (21) years of age;

3. Have successfully completed training requirements for the license applied for, as prescribed by the Council;

4. Be of good moral character;

5. Not have a record of a felony conviction, entry of a plea of guilty, nolo contendere, an "Alford" plea, or any plea other than a not guilty plea in a felony case naming the applicant as a defendant;

6. a. If any conviction, entry of a plea of guilty, nolo contendere, an "Alford" plea, or any plea other than a not guilty plea which disqualifies an applicant occurred more than five (5) years prior to the application date and the Council is convinced the offense constituted an isolated incident and the applicant has been rehabilitated, the Council may, in its discretion, waive the disqualification as provided for in this paragraph and issue an unarmed security guard license or an unarmed private investigator license, but shall not issue an armed guard license or an armed private investigator license to the applicant if the charge involved the use of a firearm or was violent in nature or if the applicant has a felony conviction.

b. If an Oklahoma State Bureau of Investigation records check and a local records check reveal that there are no felony convictions, criminal convictions involving moral turpitude, or any other potential disqualifiers as specified in the Oklahoma Security Guard and Private Investigator Act or prescribed by the Council, then the Council may conditionally issue a security

guard license or private investigator license pending completion of the criminal history and background check.

c. Under oath, the applicant shall certify that he or she has no disqualifying convictions, entry of a plea of guilty, nolo contendere, an "Alford" plea, or any plea other than a not guilty plea for a disqualifying charge as specified in the Oklahoma Security Guard and Private Investigator Act or by the Council.

d. The applicant shall further meet all other qualifications.

e. If upon completion of the required background investigation it is discovered that a disqualifying conviction, entry of a plea of guilty, nolo contendere, an "Alford" plea or any plea other than a not guilty plea for a disqualifying charge exists, the Council shall immediately revoke the security guard license or the private investigator license of the applicant or withdraw the conditional license of the applicant;

7. Make a statement that the applicant is not currently undergoing treatment for a mental illness, condition, or disorder, make a statement whether the applicant has ever been adjudicated incompetent or committed to a mental institution, and make a statement regarding any history of illegal drug use or alcohol abuse. Upon presentation by the Council on Law Enforcement Education and Training of the name, gender, date of birth, and address of the applicant to the Department of Mental Health and Substance Abuse Services, the Department of Mental Health and Substance Abuse Services shall notify the Council within ten (10) days whether the computerized records of the Department indicate the applicant has ever been involuntarily committed to an Oklahoma state mental institution. In the event that the Department of Mental Health and Substance Abuse Services reports to the Council that the applicant has been involuntarily committed, the Council shall immediately inform the employing agency. For purposes of this subsection, "currently undergoing treatment for a mental illness, condition, or disorder" means the person has been diagnosed by a licensed physician or psychologist as being afflicted with a substantial disorder of thought, mood, perception, psychological orientation, or memory that significantly impairs judgment, behavior, capacity to recognize reality, or ability to meet the ordinary demands of life and such condition continues to exist;

8. Make a statement regarding misdemeanor domestic violence charges;

9. Not be a defendant in a disqualifying charge that is pending in any court in this state, another state, tribal court or pursuant

to the United States Code. For the purposes of this section, "pending" includes currently being subject to a deferred sentence; and

10. Not be the subject of an order deferring imposition of judgment and sentence in any court in this state, another state, tribal court or pursuant to the United States Code for a disqualifying charge.

I. A special event license may be issued to an employee of a security agency who is hired on a temporary basis as an unarmed security guard for a particular event. An application for a special event license shall be made by the agency employing the applicant. The agency shall certify to the Council that the applicant meets the qualifications for security guards, pursuant to subsection H of this section.

J. 1. All persons and agencies shall obtain and maintain liability coverage in accordance with the following minimum standards:

a. general liability insurance coverage for bodily injury, personal injury, and property damage, with endorsements for personal injury including false arrest, libel, slander, and invasion of privacy, or

b. a surety bond that allows persons to recover for actionable injuries, loss, or damage as a result of the willful, or wrongful acts or omissions of the principal and protects this state, its agents, officers and employees from judgments against the principal or insured licensee, and is further conditioned upon the faithful and honest conduct of the principal's business.

2. Liability coverages and bonds outlined in this section shall be in the minimum amounts of One Hundred Thousand Dollars ($100,000.00) for agencies, Ten Thousand Dollars ($10,000.00) for armed security guards and armed private investigators, or combination armed license; and Five Thousand Dollars ($5,000.00) for unarmed security guards and self-employed unarmed private investigators who employ no other investigators.

3. Security agencies and investigative agencies shall ensure that all employees of these agencies have met the minimum liability coverages as prescribed in this section.

4. Insurance policies and bonds issued pursuant to this section shall not be modified or canceled unless ten (10) days' prior written notice is given to the Council. All persons and agencies insured or bonded pursuant to this section shall be insured or bonded by an insurance carrier or a surety company licensed in the state in which the insurance or bond was purchased, or in this state.

5. In lieu of the requirements of this subsection, the Council may accept a written statement from a corporation which is registered with the Oklahoma Secretary of State attesting that the corporation self-insures the general operation of business for the types of liability set out in paragraphs 1 and 2 of this subsection.

A. The Commission shall promulgate reasonable Rules in order to effectively and efficiently achieve the purpose of the Compact. Notwithstanding the foregoing, in the event the Commission exercises its Rulemaking authority in a manner that is beyond the scope of the purposes of the Compact, or the powers granted hereunder, then such an action by the Commission shall be invalid and have no force or effect.

B. The Commission shall exercise its Rulemaking powers pursuant to the criteria set forth in this Section and the Rules adopted thereunder. Rules and amendments shall become binding as of the date specified in each Rule or amendment.

C. If a majority of the legislatures of the Member States rejects a Rule, by enactment of a statute or resolution in the same manner used to adopt the Compact within four (4) years of the date of adoption of the Rule, then such Rule shall have no further force and effect in any Member State.

D. Rules or amendments to the Rules shall be adopted at a regular or special meeting of the Commission.

E. Prior to promulgation and adoption of a final Rule or Rules by the Commission, and at least thirty (30) days in advance of the meeting at which the Rule will be considered and voted upon, the Commission shall file a Notice of Proposed Rulemaking:

3. All hearings will be recorded. A copy of the recording will be made available on request.

4. Nothing in this Section shall be construed as requiring a separate hearing on each Rule. Rules may be grouped for the convenience of the Commission at hearings required by this Section.

J. Following the scheduled hearing date, or by the close of business on the scheduled hearing date if the hearing was not held, the Commission shall consider all written and oral comments received.

For the purposes of this provision, an emergency Rule is one that must be adopted immediately in order to:

1. Meet an imminent threat to public health, safety, or welfare;

2. Prevent a loss of Commission or Member State funds;

3. Meet a deadline for the promulgation of an administrative Rule that is established by federal law or Rule; or

4. Protect public health and safety.

N. The Commission or an authorized committee of the Commission may direct revisions to a previously adopted Rule or amendment for purposes of correcting typographical errors, errors in format, errors in consistency, or grammatical errors. Public notice of any

revisions shall be posted on the website of the Commission. The revision shall be subject to challenge by any person for a period of thirty (30) days after posting. The revision may be challenged only on grounds that the revision results in a material change to a Rule. A challenge shall be made in writing and delivered to the chair of the Commission prior to the end of the notice period. If no challenge is made, the revision will take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the Commission.

3. The Commission shall be entitled to receive service of process in any such proceeding and shall have standing to intervene in such a proceeding for all purposes. Failure to provide service of process to the Commission shall render a judgment or order void as to the Commission, this Compact, or promulgated Rules.

B. Default, Technical Assistance, and Termination.

1. If the Commission determines that a Member State has defaulted in the performance of its obligations or responsibilities under this Compact or the promulgated Rules, the Commission shall:

b. Provide remedial training and specific technical assistance regarding the default.

C. If a State in default fails to cure the default, the defaulting State may be terminated from the Compact upon an affirmative vote of a majority of the Member States, and all rights, privileges, and benefits conferred by this Compact may be terminated on the effective date of termination. A cure of the default does not relieve the offending State of obligations or liabilities incurred during the period of default.

D. Termination of membership in the Compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the Commission to the governor, the majority and minority leaders

of the defaulting State's legislature, and each of the Member States.

E. A State that has been terminated is responsible for all assessments, obligations, and liabilities incurred through the effective date of termination, including obligations that extend beyond the effective date of termination.

F. The Commission shall not bear any costs related to a State that is found to be in default or that has been terminated from the Compact, unless agreed upon in writing between the Commission and the defaulting State.

By majority vote, the Commission may initiate legal action in the United States District Court for the District of Columbia or the federal district where the Commission has its principal offices against a Member State in default to enforce compliance with the provisions of the Compact and its promulgated Rules and bylaws. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing member shall be awarded all costs of such litigation, including reasonable attorney's fees.

3. The remedies herein shall not be the exclusive remedies of the Commission. The Commission may pursue any other remedies available under federal or State law.

SECTION 13: DATE OF IMPLEMENTATION OF THE COUNSELING COMPACT COMMISSION AND ASSOCIATED RULES, WITHDRAWAL, AND AMENDMENT

A. The Compact shall come into effect on the date on which the Compact statute is enacted into law in the tenth Member State. The provisions, which become effective at that time, shall be limited to the powers granted to the Commission relating to assembly and the promulgation of Rules. Thereafter, the Commission shall meet and exercise Rulemaking powers necessary to the implementation and administration of the Compact.

B. Any State that joins the Compact subsequent to the Commission's initial adoption of the Rules shall be subject to the Rules as they exist on the date on which the Compact becomes law in that State. Any Rule that has been previously adopted by the Commission shall have the full force and effect of law on the day the Compact becomes law in that State.

C. Any Member State may withdraw from this Compact by enacting a statute repealing the same.

1. A Member State's withdrawal shall not take effect until six (6) months after enactment of the repealing statute.

SECTION 14: CONSTRUCTION AND SEVERABILITY

This Compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this Compact shall be severable and if any phrase, clause, sentence, or provision of this Compact is declared to be contrary to the Constitution of any Member State or of the United States or the applicability thereof to any government, agency, person, or circumstance is held invalid, the validity of the remainder of this Compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this Compact shall be held contrary to the Constitution of any Member State, the Compact shall remain in full force and effect as to the remaining Member States and in full force and effect as to the Member State affected as to all severable matters.

SECTION 15: BINDING EFFECT OF COMPACT AND OTHER LAWS

A. A Licensee providing Professional Counseling services in a Remote State under the Privilege to Practice shall adhere to the laws and regulations, including scope of practice, of the Remote State.

Twenty-five percent (25%) of an amount equal to the total amount of payments required to obtain ownership of the merchandise involved, except that the amount recovered under this section shall not be less than One Hundred Dollars ($100.00) nor more than One Thousand Dollars ($1,000.00), or in the case of a class action, an amount the court may allow, except that as to each member of the class no minimum recovery may be applicable and the total recovery other than for actual damages in any class action or series of class actions arising out of the same failure to comply by the same lessor shall not be more than the lesser of Five Hundred Thousand Dollars

($500,000.00) or one percent (1%) of the net worth of the lessor; and

3. Reasonable attorney fees and court costs.

B. In addition to the enforcement powers provided in Section 6-102 of Title 14A of the Oklahoma Statutes, the Administrator of Consumer Credit or a duly authorized representative of the Administrator may investigate the books, accounts, papers, correspondence and records of any lessor licensed under the Oklahoma Rental-Purchase Act. For the purposes of this section, any person who advertises for, solicits or holds himself or herself out as willing to make rental-purchase transactions, shall be presumed to be a rental-purchase lessor. Each lessor shall pay to the Administrator an examination fee as prescribed by rule of the Commission on Consumer Credit. The Administrator may require payment of an examination fee either at the time of initial application, renewal of the license, or after an examination has been conducted.

C. The Administrator may promulgate rules and regulations necessary for the enforcement of the Oklahoma Rental-Purchase Act and consistent with all its provisions.

D. The Administrator shall appoint an independent hearing examiner to conduct all administrative hearings involving alleged violations of the Oklahoma Rental-Purchase Act. The independent hearing examiner shall have authority to exercise all powers granted by Article II of the Administrative Procedures Act in conducting hearings. The independent hearing examiner shall have authority to recommend penalties authorized by the Oklahoma Rental-Purchase Act and issue proposed orders, with proposed findings of fact and proposed conclusions of law, to the Administrator pursuant to Article II of the Administrative Procedures Act. The Administrator shall review the proposed order and issue a final agency order in accordance with Article II of the Administrative Procedures Act. Any person aggrieved by a final agency order of the Administrator may obtain judicial review in accordance with the Administrative Procedures Act. The jurisdiction and venue of any such action shall be in the district court of Oklahoma County or the county of the aggrieved. Hearing costs may be assessed against the respondent, unless the respondent is the prevailing party.

E. After notice and hearing, the Administrator may decline to renew a license, or suspend or revoke any license issued pursuant to the Oklahoma Rental-Purchase Act for violating any provision of the Oklahoma Rental-Purchase Act or any rules promulgated by the Administrator, or in lieu of or in addition to such denial, suspension or revocation, order the refund of any unlawful or excessive fees, enter a cease and desist order or impose an administrative fine in an amount not less than One Hundred Dollars ($100.00) nor more than Two Thousand Five Hundred Dollars

G. Where there are multiple lessees to a rental-purchase agreement, there shall be no more than one recovery under the Oklahoma Rental-Purchase Act for a violation.

H. A lessor is not liable under the Oklahoma Rental-Purchase Act for a violation thereof caused by the lessor's error if before the sixtieth day after the date the lessor discovers the error, and before an action under this section is filed or written notice of the error is received by the lessor from the lessee, the lessor gives the lessee written notice of the error and makes adjustments in the lessee's account as necessary to ensure that the lessee will not be required to pay an amount in excess of the amount disclosed and that the agreement otherwise complies with this subsection. Nor may a lessor be held liable in any action brought under the Oklahoma Rental-Purchase Act for a violation of the Oklahoma Rental-Purchase Act if the lessor shows by a preponderance of the evidence that the violation was not intentional and resulted from a bona fide error notwithstanding the maintenance of procedures reasonably adopted to avoid the error. A bona fide error includes, but is not limited to, a clerical, calculation, computer malfunction in programming, and printing error, but not an error of legal judgment with respect to a lessor's disclosure obligations under the Oklahoma Rental-Purchase Act.

I. Any entity or individual offering to engage or engaged as a rental-purchase lessor in this state without a license shall be subject to an administrative fine not to exceed Five Thousand Dollars ($5,000.00).

J. The Administrator may impose an administrative fine as prescribed in subsection I of this section, after notice and hearing in accordance with Article II of the Administrative Procedures Act. Sections 3 through 29 of this act shall be known and may be cited as the "Oklahoma Secure and Fair Enforcement for Mortgage Licensing Act".

Added by Laws 2009, c. 190, § 3, eff. July 1, 2009.

§59-2095.1. Legislative findings.

The activities of mortgage brokers, mortgage lenders, and mortgage loan originators and the origination, offering, servicing or modification of financing for residential real property have a direct, valuable, and immediate impact upon Oklahoma's consumers, the Oklahoma economy, the neighborhoods and communities of Oklahoma, and the housing and real estate industry. Therefore, the Legislature finds that accessibility to mortgage credit is vital to the state's citizens. The Legislature also finds that it is essential for the protection of the citizens of Oklahoma and the stability of the Oklahoma economy that reasonable standards for licensing and regulation of the business practices of mortgage brokers, mortgage lenders, and mortgage loan originators be imposed. The Legislature further finds that the obligations of mortgage brokers, mortgage lenders, and mortgage loan originators to consumers in connection with originating or making, modifying or servicing residential mortgage loans are such as to warrant the regulation of the mortgage lending and servicing process. The purpose of the Oklahoma Secure and Fair Enforcement for Mortgage Licensing Act is to protect consumers seeking mortgage loans and to ensure that the mortgage lending and servicing industry is operating without unfair, deceptive, and fraudulent practices on the part of mortgage brokers, mortgage lenders, and mortgage loan originators. Therefore, the

Legislature establishes within the Oklahoma Secure and Fair Enforcement for Mortgage Licensing Act:

1. An effective system of supervision and enforcement of the mortgage lending and servicing industry, including:

a. the authority to issue licenses to conduct business under this act, including the authority to write rules or regulations or adopt procedures necessary to the licensing of entities or individuals covered pursuant to the Oklahoma Secure and Fair Enforcement for Mortgage Licensing Act,

b. the authority to censure, deny, place on probation, suspend or revoke licenses issued pursuant to the Oklahoma Secure and Fair Enforcement for Mortgage Licensing Act, and

c. the authority to examine, investigate, and conduct enforcement actions as necessary to carry out the intended purposes of the Oklahoma Secure and Fair Enforcement for Mortgage Licensing Act, including the authority to subpoena witnesses and documents, enter orders, including cease and desist orders, order restitution and monetary penalties, and order the removal and ban of individuals from office or employment; and

2. Broad administrative authority for the Administrator of Consumer Credit to administer, interpret, and enforce the Oklahoma Secure and Fair Enforcement for Mortgage Licensing Act and promulgate rules, subject to approval of the Commission on Consumer Credit, in order to carry out the intentions of the Legislature. §59-3021. Legislative findings - Elevator mechanic's license required - Temporary cessation of operation - Hearings - Registration of elevator - Exemptions - Other laws - Interference with Commissioner.
A. The Legislature, finding that the protection of public health and safety requires that elevators and similar devices be installed, maintained, and regularly inspected in compliance with recognized safety standards and codes, declares that elevator contractors, elevator mechanics, and elevator inspectors shall be licensed by this state pursuant to the Elevator Safety Act.
B. 1. Except as otherwise provided for by the Elevator Safety Act or rules promulgated pursuant thereto, no person shall erect, construct, install, wire, alter, replace, maintain, remove, repair, or dismantle any elevator unless the person holds a valid elevator mechanic's license pursuant to the Elevator Safety Act and is employed by a person or business entity licensed as an elevator contractor pursuant to the Elevator Safety Act.
2. Whenever an emergency exists in this state due to disaster, act of God or work stoppage, and the number of persons in the state holding licenses issued by the Commissioner of Labor is insufficient

to cope with the emergency, licensed elevator contractors shall respond as necessary to assure the safety of the public. Any person certified by a licensed elevator contractor to have an acceptable combination of documented experience and education to perform elevator work without direct and immediate supervision shall apply for an emergency elevator mechanic license from the Department of Labor within five (5) business days after commencing work requiring a license. The Commissioner shall issue emergency elevator mechanic licenses. The licensed elevator contractor shall furnish proof of competency as the Commissioner may require. Each such license shall state that it is valid for a period of forty-five (45) days from the date thereof and for such particular elevators or geographical areas as the Commissioner may designate and otherwise shall entitle the licensee to the rights and privileges of an elevator mechanic license issued pursuant to the Elevator Safety Act. The Commissioner shall renew an emergency elevator mechanic license upon proper application during the existence of an emergency. No fee shall be charged for any emergency elevator mechanic license or renewal thereof.

3. A licensed elevator contractor shall notify the Commissioner of Labor when there are no licensed personnel available to perform elevator work. The licensed elevator contractor may request that the Commissioner issue temporary elevator mechanic licenses to persons certified by the licensed elevator contractor to have an acceptable combination of documented experience and education to perform elevator work without direct and immediate supervision. Any person certified by a licensed elevator contractor to have any combination of documented experience and education to perform elevator work without direct and immediate supervision shall immediately apply for a temporary elevator mechanic license from the Commissioner and shall pay such fee as the Commissioner shall determine. Each such license shall state that it is valid for a period not to exceed thirty (30) days and while employed by the licensed elevator contractor that certified the individual as qualified. The Commissioner shall renew such licenses upon proper application and payment of any required fees as long as the shortage of license holders shall continue.

4. The Commissioner of Labor or an authorized representative may issue a written order for the temporary cessation of operation of an elevator if it has been determined after inspection to be hazardous, unsafe, or in violation of any provisions of the Elevator Safety Act or rules promulgated by the Commissioner. Operations shall not resume until such conditions are corrected to the satisfaction of the Commissioner. The Commissioner or an authorized representative may inspect any elevator without notice. The Commissioner or an authorized representative may issue a written order for the temporary cessation of any licensing violations and/or

any violations of any rule or order promulgated pursuant to the provisions of the Elevator Safety Act.

5. Any alleged violator of paragraph 2 of this subsection shall be afforded an opportunity for a fair and swift administrative hearing. The hearing may be conducted by the Commissioner or his/her designated hearing officer in conformity with, and records made thereof as provided by, Sections 308a through 323 of Title 75 of the Oklahoma Statutes.

6. Any order issued by the Commissioner or an authorized representative may be enforced in the district court in an action for an injunction or writ of mandamus upon the petition of the district attorney or Attorney General, upon the request of the Commissioner. Provided further, an injunction without bond may be granted by the district court to the Commissioner, for the purpose of enforcing the Elevator Safety Act.

C. Except as otherwise provided by the Elevator Safety Act, every elevator in this state shall be subject to the provisions as required by the Elevator Safety Act. The owner or lessee of every elevator in service or put into service shall register the elevator with the Department of Labor, giving the type, rated load and speed, name of manufacturer, location of the elevator, and purpose for which used, as well as such other information as the Commissioner of Labor may require. Elevators newly constructed or installed shall be registered and inspected before being put into service.

D. The provisions of the Elevator Safety Act shall not apply to elevators that are:

1. In or adjacent to buildings or excavations owned by and/or under the operational control of the government of the United States or located on federal property and/or a sovereign tribal nation. Such elevators shall be inspected if the authorized representative of the owner request such an inspection in writing and agrees to pay inspection fees established pursuant to the Elevator Safety Act;

2. In an existing owner-occupied private residence or an existing building of not more than two floors owned by a municipal public trust that is used solely for independent living apartments for persons sixty-two (62) years of age or older; provided, such elevators shall be inspected if the property owner so requests and pays inspection fees established pursuant to the Elevator Safety Act. Inspection of an elevator pursuant to this paragraph shall not cause any other provision of the Elevator Safety Act to apply to the owner with respect to the private residence or building; or

3. Located in or adjacent to a building or structure within a manufacturing, utility or industrial facility. Such elevators shall be inspected if the authorized representative of the facility requests such an inspection in writing and agrees to pay inspection fees established pursuant to the Elevator Safety Act.

E. Nothing in the Elevator Safety Act shall be construed as prohibiting municipalities, counties, or other political subdivisions of the state from enacting and enforcing licensure requirements or safety standards exceeding those required by the Elevator Safety Act.

F. Provisions of Section 863.1 et seq. of Title 19 of the Oklahoma Statutes that are in conflict with provisions of the Elevator Safety Act shall prevail over provisions of the Elevator Safety Act unless the provisions of Section 863.1 et seq. of Title 19 of the Oklahoma Statutes are less stringent than the provisions of the Elevator Safety Act.

G. No person, firm, or corporation shall interfere with, obstruct, or hinder by force or otherwise the Commissioner of Labor or an authorized representative while in the performance of their duties, or refuse to properly answer questions asked by such officers pertaining to the laws over which he or she has supervision under the provisions of the Elevator Safety Act, or refuse them admittance to any place where an elevator is located which is affected by the Elevator Safety Act.

A deferred deposit loan transaction is completed when the deferred deposit loan transaction is paid in full after the lender presents the instrument for payment or initiates an ACH debit to the debtor's bank account to collect on the instrument, or the debtor redeems the instrument by paying the full amount of the instrument to the lender. Once the debtor has completed the deferred deposit loan transaction, the lender may enter into a new deferred deposit loan agreement with the debtor, and the new deferred deposit loan transaction shall not be deemed to be a renewal of the previous deferred deposit loan; provided, a new deferred deposit loan made within thirteen (13) calendar days after a previous deferred deposit loan has been entered into between the lender and the debtor shall be considered a renewal and shall not be made.

D. If a debtor enters into a third consecutive loan, the lender shall provide the consumer an option to repay such loan and each consecutive loan pursuant to a written repayment plan subject to the following terms:

1. The debtor shall request the repayment plan, either orally or in writing, prior to the due date of the loan;

2. The debtor shall repay the loan in four equal installments with one installment due on each of the next four dates on which the customer receives regular wages or compensation from an employer, pursuant to a written repayment plan agreement;

3. The consumer shall pay a processing fee of ten percent (10%) of the principal amount of the loan per loan not to exceed Fifteen Dollars ($15.00) for administration of the payment plan;

4. The consumer shall agree not to enter into any additional deferred presentment loans during the repayment plan term and for a period of fifteen (15) days after termination of the repayment plan term; and

5. Upon positive completion of the repayment plan, the lender shall report the debtor's positive payment history to at least one national consumer credit reporting agency.

E. A lender shall negotiate or present an instrument for payment only if the instrument is endorsed with the actual business name of the lender.

F. Prior to the lender negotiating or presenting the instrument, the debtor shall have the right to redeem any instrument held by a lender as a result of a deferred deposit loan if the debtor pays to the lender the unpaid balance of the principal and all accrued fees and charges.

§59-3112. License required - Separate license required for each business location.

A. No person may engage in the business of making deferred deposit loans without first obtaining a license pursuant to this act, unless exempt under subsection B of Section 3 of this act. A separate license is required for each location where deferred deposit loans are made. The licensee shall post its license to engage in the business of making deferred deposit loans at each licensed location.

B. The Administrator may initiate administrative action against an unlicensed person as if the person held a license under this act if the person is found to be engaged in the business of making deferred deposit loans.

C. The Administrator may issue a license for each location at which deferred deposit loans are to be made to any person making deferred deposit loans at multiple locations; provided, if such licensee is not in compliance with this act as to each license, any action to revoke, suspend or not renew one license shall be applicable to all licenses issued to that licensee. This subsection shall not be construed to require a license for any place of business devoted to accounting or other record keeping and where deferred deposit loans are not made.

D. When a licensee wishes to move a licensed location to another licensed location, the licensee shall give thirty (30) days' written notice to the Administrator, who shall amend the license accordingly.

2. The financial responsibility, experience and general fitness so as to command the confidence of the public and to warrant the belief that the business will be operated lawfully, honestly, fairly and efficiently.

B. An application for a license pursuant to the Deferred Deposit Lending Act must be in writing, under oath, and on a form prescribed by the Administrator of Consumer Credit. The application must set forth all of the following:

1. The legal name and residence and business addresses of the applicant and, if the applicant is a partnership, association or corporation, of every member, officer, managing employee and director of it;

C. On receipt of an application in the form prescribed by the Administrator and accompanied by the required license fee, the Administrator shall investigate whether the qualifications for license are satisfied. If the Administrator finds that the qualifications are satisfied, the Administrator shall issue to the applicant a license to engage in the business of making deferred deposit loans. If the Administrator fails to issue a license, the Administrator shall notify the applicant of the denial and the reasons for the denial. The provisions of the Administrative Procedures Act shall apply to the appeal of the denial of a license.

D. These fees shall not be refundable or abatable. If the license is granted, however, payment of the application fee shall satisfy the fee requirement for the first license year or its remainder.

E. Each license shall remain in full force and effect until relinquished, suspended, revoked or expired. The annual license renewal fee for an application with more than one location shall be as prescribed by rule of the Commission on Consumer Credit for each location.

F. The Commission on Consumer Credit shall prescribe by rule a fee for each license change, duplicate license or returned check.

G. The Commission on Consumer Credit shall prescribe by rule a late fee if a license is not renewed on or before the expiration of the license.

§59-3114. Examination of locations, loans, records, etc. - Assessments - Investigation of possible violations - Orders compelling compliance.

A. At such times as the Administrator of Consumer Credit shall deem necessary, the Administrator or a duly authorized representative shall make an examination of all licensed locations of each licensee and shall inquire into and examine the loans, transactions, books, accounts, papers, correspondence and records of the licensee insofar as they pertain to the business regulated by this act. In the course of the examination, the Administrator or a duly authorized representative shall have free access to the office, place of business, files, safes and vaults of the licensee, and shall have the right to make copies of the books, accounts, papers, correspondence and records. The Administrator or a duly authorized representative may, during the course of the examination, administer oaths and examine any person under oath on any subject pertinent to any matter about which the Administrator is authorized or required by this act to consider, investigate or secure information. Any licensee who shall fail or refuse to let the Administrator or a duly authorized representative examine or make copies of the books, or other relevant documents shall be deemed in violation of this act and the failure or refusal shall constitute grounds for administrative action against the licensee. The information obtained in the course of the examination shall be confidential. Each licensee shall pay to the Administrator an amount assessed by the Administrator to cover the direct and indirect cost of the examination and a proportionate share of general administrative expense, not to exceed Three Hundred Dollars ($300.00) for each location; provided, however, that for any examination which lasts in excess of eight (8) hours, the Administrator shall charge an additional fee of Fifty Dollars ($50.00) per hour for each examiner required to complete the examination; provided, further, that the Administrator may waive the examination fee for any examination which takes one (1) hour or less. If an examination fee is due and is not paid on completion of an examination, the Administrator shall bill the licensee, and there shall be a late fee of Fifty Dollars ($50.00) if the amount due is not received within thirty (30) days of the invoice date.

B. For the purpose of discovering violations of this act or of securing information required under this act, the Administrator or a duly authorized representative may investigate the books, accounts, papers, correspondence and records of any licensee or other person whom the Administrator has reasonable cause to believe is in violation of any provision of this act whether or not that person shall claim to be within the authority or scope of this act. For the purpose of this subsection, any person who advertises for, solicits or otherwise communicates a willingness to make deferred

payment loans shall be presumed to be engaged in the business of making deferred deposit loans.

C. Every licensee shall maintain on file with the Administrator a written appointment of a resident of this state as the agent for service of all judicial or other process or legal notice, unless the licensee has appointed an agent under another statute of this state. In case of noncompliance, such service may be made on the Administrator.

D. Each licensee shall keep or make available in this state the books and records relating to loans made under this act as are necessary to enable the Administrator to determine whether the licensee is complying with this act. The books and records shall be maintained in a manner consistent with accepted accounting practices.

E. Each licensee shall preserve or make available its books and records in the state relating to each of its loans for four (4) years from the date of the loan, or two (2) years from the date of the final entry made thereon, whichever is later. Each licensee's system of records shall be accepted if it discloses its information as may be reasonably required under this act. All deferred deposit loan agreements and notices of cancellation signed by debtors shall be kept at an office in this state designated by the licensee, except when transferred under an agreement which gives the Administrator access to the agreements.

F. Each lender shall, annually on or before the first day of May, file a report with the Administrator setting forth such relevant information as the Administrator may reasonably require concerning the business and operations during the preceding calendar year for each place of business conducted by such lender. Such report shall be made under oath and shall be in the form prescribed by the Administrator, who shall make and publish annually a consolidated analysis and recapitulation of such reports, but the individual reports and their contents shall be held confidential. There shall be a late fee of Twenty-five Dollars ($25.00) for any annual report received after May 1.

G. Any transcript of any hearing held by the Administrator or an independent hearing examiner under this act shall be a public record and open to inspection at all reasonable times.

H. On failure without lawful excuse to obey a subpoena or to give testimony and on reasonable notice to all persons affected, the Administrator or a representative may apply to a court for an order compelling compliance, as provided by the Administrative Procedures Act.

Added by Laws 2003, c. 240, § 14, eff. Sept. 1, 2003.

§59-3115. Investigations - Powers of Administrator - Subpoenas - Orders compelling compliance - Censure, probation, suspension,

revocation or refusal to renew license - Injunction - Notice and hearing - Cease and desist orders - Judicial review.

A. If the Administrator of Consumer Credit has reasonable cause to believe a lender has violated any provision of the Deferred Deposit Lending Act, the Administrator may make an investigation to determine whether the act has been committed, and, to the extent necessary for this purpose, may administer oaths or affirmations, and upon the Administrator's own motion or upon request of any party may subpoena witnesses, compel their attendance, adduce evidence, and require the production of any matter which is relevant to the investigation, including the existence, description, nature, custody, condition, and location of any books, documents, or other tangible things and the identity and location of persons having knowledge of relevant facts, or any other matter reasonably calculated to lead to the discovery of admissible evidence.

B. If the person's records are located outside this state, the person shall, at the person's option, either make them available to the Administrator at a convenient location within this state, or pay the reasonable and necessary expenses for the Administrator or a representative to examine them at the place where they are maintained. Payments for such necessary expenses shall be made to the Commission on Consumer Credit. Any such payments so received by the Department shall be deposited in the Oklahoma Deferred Deposit Lending Regulatory Revolving Fund. The Administrator may designate representatives, including comparable officials of the state in which the records are located, to inspect them on the Administrator's behalf.

C. Upon failure without lawful excuse to obey a subpoena or to give testimony and upon reasonable notice to all persons affected thereby the Administrator may apply to a court for an order compelling compliance, as provided by the Administrative Procedures Act, Sections 250.1 through 323 of Title 75 of the Oklahoma Statutes.

D. The Administrator shall not make public the name or identity of a person whose acts or conduct are investigated pursuant to this section or the facts disclosed in the investigation, but this subsection does not apply to disclosures in actions or enforcement proceedings pursuant to the Deferred Deposit Lending Act.

E. The Administrator may, after notice and hearing, censure, probate, suspend, revoke or refuse to renew any license or enjoin violations of the Deferred Deposit Lending Act if the Administrator finds that:

1. The licensee has failed to pay the annual license fee imposed by the Deferred Deposit Lending Act, or an examination fee, investigation fee or other fee or charge imposed by the Administrator under the authority of the Deferred Deposit Lending Act;

2. The licensee, either knowingly or without the exercise of due care to prevent the same, has violated any provision of the Deferred Deposit Lending Act or any rule or order lawfully made pursuant to and within the authority of the Deferred Deposit Lending Act;

3. Any fact or condition exists which, if it had existed or had been known to exist at the time of the original application for the license, clearly would have justified the Administrator in refusing to issue the license;

4. The licensee has refused to permit examination by the Administrator;

5. The licensee has demonstrated incompetency or untrustworthiness to engage in the business of making deferred deposit loans; or

6. The licensee, as an individual, has been convicted of a felony or misdemeanor involving fraud, misrepresentation or deceit.

F. The hearing shall be held on not less than twenty (20) days' notice in writing setting forth the time and place of the hearing and a concise statement of the facts alleged to sustain the administrative action, and its effective date shall be set forth in a written order accompanied by finding of fact and a copy of the findings shall be delivered immediately to the licensee. The order, findings and evidence considered by the Administrator shall be filed with the public records of the Administrator.

G. Any licensee may surrender any license by delivering it to the Administrator with written notice of its surrender, but the surrender shall not affect the responsibility of the licensee for acts occurring prior to surrender of a license.

H. No revocation, suspension, or surrender of any license shall impair or affect the obligation of any preexisting lawful contract between the licensee and any debtor.

I. The Administrator may reinstate suspended licenses or issue new licenses to a person whose license or licenses have been revoked if no fact or condition then exists which clearly would have justified the Administrator or the independent hearing examiner in refusing originally to issue such license under these subsections.

J. Every licensee shall notify the Administrator of the conviction of or plea of guilty or nolo contendere to any felony within thirty (30) days after the plea is taken and also within thirty (30) days of the entering of an order of judgment and sentencing and shall notify the Administrator of any administrative action resulting in revocation, suspension or amendment of a license taken against the licensee in another state within thirty (30) days of the entering of the administrative order in that state.

K. Except as otherwise provided, the Administrative Procedures Act applies to and governs all administrative action taken by the Administrator pursuant to the Deferred Deposit Lending Act.

L. 1. After notice and hearing, the Administrator may order a lender or a person acting in the lender's behalf to cease and desist from engaging in violations of the Deferred Deposit Lending Act.

2. A respondent aggrieved by an order of the Administrator may obtain judicial review of the order as provided by the Administrative Procedures Act. In such a review proceeding, the Administrator may apply for a decree enforcing the order. All such proceedings shall be conducted and the court's authority in review shall be exercised in accordance with the provisions of the Administrative Procedures Act, with the following additions:

a. the court may grant any temporary relief or restraining order it deems just,

b. if the court affirms or modifies the order, it shall enter a decree enforcing and requiring compliance with the order as affirmed or as modified,

c. an objection to the order not urged at the hearing shall not be considered by the court unless the failure to urge the objection is excused for good cause shown, and

d. the copy of the testimony from the administrative hearing shall be available at reasonable times to all parties for examination without cost.

3. If no proceeding for review has been filed within the time specified by law, the Administrator or a representative may obtain from a court having jurisdiction over the respondent a decree for enforcement of the order upon a showing that the order was issued in compliance with this section, that no proceeding for review was initiated within the time specified by law, and that the respondent is subject to the jurisdiction of the court.

M. The Administrator shall appoint an independent hearing examiner to conduct all administrative hearings involving alleged violations of the Deferred Deposit Lending Act. The independent hearing examiner shall have authority to exercise all powers granted by Article II of the Administrative Procedures Act in conducting hearings. The independent hearing examiner shall have authority to recommend penalties authorized by the Deferred Deposit Lending Act and issue proposed orders, with proposed findings of fact and proposed conclusions of law, to the Administrator pursuant to Article II of the Administrative Procedures Act. The Administrator shall review the proposed order and issue a final agency order in accordance with Article II of the Administrative Procedures Act. A final agency order issued by the Administrator shall be appealable by all parties to the district court as provided in Article II of the Administrative Procedures Act. The costs of the hearing examiner may be assessed by the hearing examiner against the respondent, unless the respondent is the prevailing party.

Added by Laws 2003, c. 240, § 15, eff. Sept. 1, 2003. Amended by Laws 2010, c. 415, § 33, eff. July 1, 2010.

2. Establish a complaint process whereby an aggrieved debtor or a member of the public may file a complaint against a licensee or nonlicensee who violates any provision of this act. The Administrator shall hold hearings upon the request of a party to the complaint, make findings of fact and conclusions of law, issue cease and desist orders and suspend or revoke a license granted under this act;

3. Take action designed to obtain voluntary compliance with this act or commence proceedings on the Administrator's own initiative;

1. If the system adequately provides lenders with information as to the existence of outstanding deferred deposit loans made by other lenders; and

2. If it is feasible for the Department of Consumer Credit to develop and maintain a database of outstanding deferred deposit loans to provide such information to lenders.

The Administrator shall consult with representatives of deferred deposit lenders, advocates for consumers of this state and other interested parties to conduct the study. The Administrator shall issue a report of any such findings to the President Pro Tempore of the Senate and the Speaker of the House of Representatives not later than December 1, 2004.

§59-4000.1. Grounds for denial of a license or certification to practice an occupation - Request for determination on criminal history record – State oversight entities to list disqualifying offenses.

A. As used in this section:

1. "Substantially relate" means the nature of the criminal conduct for which the person was convicted has a direct bearing on the fitness or ability to perform one or more of the duties or responsibilities necessarily related to the occupation; and

2. "Pose a reasonable threat" means the nature of the criminal conduct for which the person was convicted involved an act or threat of harm against another and has a bearing on the fitness or ability to serve the public or work with others in the occupation.

B. Notwithstanding any other provision of law, a conviction, plea of guilty or nolo contendere, or pending criminal charge of a crime may be grounds for the denial of an applicant for a state license or state certification to practice an occupation only if the underlying offense substantially relates to the duties and responsibilities of the occupation and poses a reasonable threat to public safety, health, or welfare. When making a determination pursuant to this subsection, a licensing or certification authority shall consider:

1. The nature and seriousness of the offense;

2. The amount of time that has passed since the offense;

3. The age of the person at the time the offense was committed;

4. Evidence relevant to the circumstances of the offense including any aggravating or mitigating circumstances of social conditions surrounding the commission of the offense;

5. The nature of the specific duties and responsibilities for which the license or certification is required; and

6. Any evidence of rehabilitation submitted by the applicant including, but not limited to, evidence related to the person's compliance with any conditions of community supervision, parole, or mandatory supervision, the conduct and work activity of the person, programming, or treatment undertaken by the person, and testimonials or personal reference statements.

C. Notwithstanding any other provision of law, a licensing or certification authority shall not deny a state license or state certification to practice an occupation due to:

1. An arrest that was not followed by a valid plea of guilty or nolo contendere unless charges are currently pending;

2. A conviction that has been sealed, or expunged;

3. A conviction or plea of guilty or nolo contendere for which more than five (5) years have elapsed since the date of conviction, plea, or release from incarceration, whichever is later, so long as the person has not been convicted of a new crime. This paragraph shall not apply to any conviction or plea of guilty or nolo contendere for:

a. an offense enumerated in Section 571 of Title 57 of the Oklahoma Statutes,

b. a felony involving domestic assault, domestic assault and battery, or domestic abuse as defined in Section 644 of Title 21 of the Oklahoma Statutes,

d. any equivalent law enumerated in this paragraph from another jurisdiction; or

D. Before a state licensing or state certification authority makes a final determination that a criminal conviction, plea of guilty or nolo contendere, or pending criminal charge may disqualify an applicant for licensure, that authority shall provide written notice of:

1. The specific offense that is the basis for the intended denial;

2. The reasons the offense was determined to substantially relate to the duties and responsibilities of the occupation and posed a reasonable threat to public safety, health, or welfare, including findings for each of the factors in subsection B of this section that the licensing or certification authority deemed relevant to the determination; and

3. The right to submit additional evidence relevant to each of the factors listed in subsection B of this section within thirty (30) days, which the licensing or certification authority shall consider before issuing a final determination.

E. A final determination that a criminal conviction, plea of guilty or nolo contendere, or pending criminal charge may prevent a person from receiving a license shall be in writing and include notice of the right to appeal the determination pursuant to the Administrative Procedures Act, or a more specific statutory

authority, and notice of the earliest date the applicant may reapply for a license.

F. A person with a criminal history record may request a determination of whether his or her criminal history record may disqualify him or her from obtaining the desired license or certification in the occupation from a state licensing or state certification authority at any time, including before obtaining any required education or training for such occupation. The request shall be in writing and shall include either a copy of the person's criminal history record with explanation of each conviction mentioned in the criminal history record or a statement describing each criminal conviction including the date of each conviction, the court of jurisdiction and the sentence imposed. The person may include a statement with his or her request describing additional information for consideration by the licensing or certification authority including, but not limited to, information relevant to any of the factors for consideration described in subsection B of this section.

G. Upon receipt of a written request for consideration of a criminal history record for an occupation as provided in subsection F of this section, the licensing or certification authority shall evaluate the request and make a determination based upon the information provided in such request whether the stated conviction is a disqualifying offense for the occupation. A notice of the determination shall be issued to the petitioner within sixty (60) days from the date such request was received by the licensing or certification authority; except, however, a licensing or certification authority regulating fifty thousand or more members in its occupation shall be allowed ninety (90) days to make its initial determination and issue notice to the requestor.

H. A determination made pursuant to subsection F of this subsection that a person may not be disqualified for licensure or certification due to criminal history shall be binding upon a licensing or certification authority unless, at the time a full application for a license is submitted, the applicant has subsequently pled guilty or nolo contendere to a crime, has pending criminal charges, or has previously undisclosed criminal convictions.

I. The notice of a determination made pursuant to subsection F of this section shall be in writing and mailed to the requestor at the address provided in his or her request, and shall contain the following statements:

1. Whether the person is eligible for licensure or certification in the occupation at the current time based upon the information submitted by the requestor;

2. Whether there is a disqualifying offense that would disqualify the person from engaging in the occupation at the current

time and a statement identifying such offense in the criminal history record or information submitted for consideration;

3. Any actions the person may take to remedy a disqualification, if any;

4. The earliest date the person may submit another request for consideration, if any; and

5. A statement that the determination may be rescinded if, at the time a full application for a license is submitted, the applicant has subsequently pled guilty or nolo contendere to a crime, has pending criminal charges, or has previously undisclosed criminal convictions.

J. A state entity charged with oversight of an occupational license or certification may promulgate forms for requests for determinations for the occupation as authorized in subsection F of this section. Each state licensing or certification authority may charge a fee not to exceed Ninety-five Dollars ($95.00) for each initial determination of eligibility it makes for the occupation based upon the information provided by the requestor.

K. Each state licensing or state certification authority shall include in its application for a license or certification and publish on its public website the following information:

1. Whether the criminal offenses of applicants may be used as a basis for denial;

2. If criminal history may be used as a basis for denial as listed in subsection B of this section, which offenses the licensing or certification authority shall consider; and

6. A list of criminal offenses reported by individuals who were denied a license due to criminal history along with the time elapsed since the commission of the offense; and

§59-4100.1. Legislative findings.

The Legislature finds that military service members after separating from military service are frequently delayed in getting post-military employment even though the service member may have applicable military education, training, and experience which could qualify for an occupational license or certification, or which could provide academic credit toward college, university or technical degree requirements. The Legislature finds it is advantageous to the state to create occupational and educational opportunities for post-military service members who are honorably discharged and spouses of active-duty service members who must leave work in another state to accompany their service member on transfer and assignment for military duty in this state. The Legislature additionally finds that the spouse of an active-duty service member assigned for duty in this state who possesses a valid professional license or certification with current experience in another state should be allowed to apply for the same professional license or certification in this state and such application should be expedited for better employment opportunities and based upon the person having substantially equivalent education, training and experience for licensure in this state.

Added by Laws 2012, c. 226, § 2, eff. Nov. 1, 2012.

Every agency, board or commission in this state with authority to issue and regulate professional licenses or certifications is authorized to provide for the automatic extension of such professional license or certification for active-duty military service members and to provide a reasonable period of time after military service to activate the license or certification for employment purposes.

B. Notwithstanding any other statutes to the contrary, any member of the Armed Forces of the United States on active duty who at the time of activation was:

Added by Laws 2021, c. 342, § 1, eff. Nov. 1, 2021.

§59-4150.1. Professional and occupational licensing recognition for applicants moving to and residing in Oklahoma.

A. There is hereby created professional and occupational licensing recognition for the issuance of licenses for applicants moving to and residing in Oklahoma. Unless otherwise provided by law, this act shall not apply to any laws authorizing reciprocity including interstate compacts, state-to-state reciprocal agreements and other state-to-state equivalency provisions pertaining to licensees and certificate holders and applicants from other states. For purposes of this act, "Oklahoma regulatory entity" means any administrative body or official with authority over any occupational or professional license or certification in this state.

B. A person moving to and residing in Oklahoma may make application for licensing or certification pursuant to the Universal Licensing Recognition Act if there is no conflict with any interstate compact or state-to-state reciprocity or equivalency

agreements as determined by the Oklahoma regulatory entity. When an applicant moves from a state with or without statewide licensing or certification in the discipline applied for and at the same practice level as determined by the Oklahoma regulating entity pursuant to this act and such applicant establishes verifiable proof of physical residency in this state or is married to and accompanying an active duty member of the Armed Forces of the United States to an official permanent change of station to a military installation located in this state and such spouse is not making application pursuant to the Military Service Occupation, Education and Credentialing Act, all of the following shall apply:

1. The out-of-state applicant is a person who is currently licensed or certified by another state with similar scope of work through substantially similar or equivalent licensure or certification standards of examination, minimum education requirements and, if applicable, professional work experience, education training and clinical supervision requirements and the other state verifies that the person met these requirements in order to be licensed or certified in that state, the out-of-state state license or certification is and has been maintained in good standing in all states in which the person holds a license or certification for at least one (1) year before making application to Oklahoma under this act, and there is no Oklahoma statutory authority under Title 59 of the Oklahoma Statutes for license reciprocity or interstate compact with Oklahoma in the professional discipline applied for and at the same practice level as determined by the Oklahoma regulating entity;

2. The person demonstrates verifiable proof as determined by the Oklahoma regulating entity of having work experience, education training and clinical supervision, as applicable, in the scope of work of the lawful profession for the same amount of time required for Oklahoma in-state applicants;

3. Except for Oklahoma regulating entities with statewide licensing and certifications under an interstate licensing compact or state-to-state reciprocal licensing agreement providing parity among the states and having substantially similar training or work requirements, the Oklahoma regulating entity shall apply all substantially similar and verifiable professional work experience, education training and clinical supervision in the manner most favorable towards satisfying any professional work experience, education training and clinical supervision qualifications for issuance of the requested license or certification that facilitates recognition among states for licensing in the discipline applied for and at the same practice level as determined by the Oklahoma regulating entity pursuant to the requirements of the state license or certification;

4. The person demonstrates a successful passage of an equivalent or substantially similar examination from another state or the examination for the Oklahoma examination requirement as determined by the Oklahoma regulatory entity;

5. The person pays all applicable fees, not exceeding the cost of current in-state licensure fees;

6. The person making application demonstrates verifiable proof that the person has not had and is free of any pending complaint, investigation, suspension, revocation, voluntary surrender pending investigation or resolution of complaint, or discipline imposed by any other regulating entity or jurisdiction for unprofessional conduct involving the applicant's out-of-state work or any other state license or certification directly related to the application as determined by the Oklahoma regulating entity;

7. If another jurisdiction has taken disciplinary action against the person, the originating regulating entity or jurisdiction is to determine if the cause for the action was corrected and the matter resolved with the information made accessible and reported to Oklahoma. If the matter has not been resolved by that jurisdiction, the Oklahoma regulating entity will hold an application until the matter is resolved but not longer than one (1) year from the time of application at which time the Oklahoma regulating entity will deny the application unless notified of extraordinary circumstances warranting a one-time six-month extension before the application is to be approved or denied;

8. Upon licensure or certification under this act, the licensee or certificate holder shall report to the Oklahoma regulatory entity any final determination on disciplinary actions, resignations pending discipline, suspensions or revocations imposed by the originating jurisdiction within thirty (30) days; and

9. If state law other than this act requires a review of disqualifying criminal history records for a certain license or certification, the person shall demonstrate verifiable proof pursuant to the laws of Oklahoma that there is no disqualifying criminal history, pursuant to the criminal justice reform provisions limiting criminal history prohibitions at Section 4000.1 of Title 59 of the Oklahoma Statutes, and as determined by the Oklahoma regulating entity.

C. This section shall not prevent an Oklahoma regulating entity from entering into an interstate compact or state-to-state reciprocity agreement or other equivalency agreement with another state or jurisdiction to facilitate recognition, except that the agreement shall not allow out-of-state licensees or certificate holders to obtain a license or certificate by reciprocity in Oklahoma if the applicant has not met standards that are substantially similar or equivalent to the standards required for Oklahoma as determined by the Oklahoma regulating entity in

compliance with the statutory and regulatory authority of the Oklahoma regulating entity.

D. A person who is licensed pursuant to this act is subject to the laws regulating the person's practice and license or certification in Oklahoma and is subject to the Oklahoma regulating entity's jurisdiction.

E. A statewide professional or occupational license or certificate issued pursuant to this act is valid only in Oklahoma. It shall not make the person obtaining licensure or certification under this act eligible to work in another state under an interstate compact or state-to-state reciprocity agreement unless specifically authorized for the profession applied for and at the same practice level as determined by the Oklahoma regulating entity pursuant to the requirements of this act.

F. This act shall not apply to:

1. Requirements for a criminal history background check; and

2. Criteria for a license, permit or certificate of eligibility that is established by an interstate compact or state-to-state reciprocal agreement.

G. For purposes of this act, residency may be established by demonstrating verifiable proof of a state-issued identification card and one of the following if the document contains the name and physical address of the person making application:

1. Current Oklahoma residential utility bill;

2. Documentation of filing a tax return with the Oklahoma Tax Commission as a resident of Oklahoma;

3. Documentation of current ownership, or current lease for a term of at least twelve (12) months, of a primary place of residence in Oklahoma;

4. Documentation of current in-state employment or notarized letter of promise of employment of the applicant or his or her spouse; or

5. Any other verifiable documentation demonstrating Oklahoma residency as determined by the Oklahoma regulating entity.

H. Nothing in this act shall allow any person to obtain a license or certification without satisfying substantially similar or equivalent requirements for in-state licensure or certification.

I. When an out-of-state applicant has complied with the requirements of Title 59 of the Oklahoma Statutes as determined by the Oklahoma regulatory entity and is not excluded from obtaining an Oklahoma license or certification by any provision of this act, the Oklahoma regulatory entity shall issue the appropriate license or certification.

J. Nothing in this act shall be construed to prohibit a person from applying for a statewide professional or occupational license or certification under another statute or rule in Oklahoma.

K. Nothing in this act shall be construed to prevent licensing or certification compacts or reciprocity agreements with another state or jurisdiction.

L. This act shall be applied in a manner that increases recognition of licensure and certification among states without any right of an applicant to become licensed or certified in Oklahoma.
